- R-XX-2022 A Resolution Accepting the Proposal of Standard Striping, Inc. for Pavement Markings
  - **R. Jones** – Councilwoman Jones does not understand why we are doing striping when there is still the Ward 3 Street project that has been at a standstill. Request a formal update on the Ward 3 Street project before we move forward with the striping initiative.
    - **City Manager C. Barbour** – The resolution in question is

regarding Glenarden Parkway.

- **City Manager C. Barbour** – Mrs. Barbour has tried to reach out to the county to obtain status information on the project with no luck. The next step is to issue a new RFP to solicit bids for information pertaining to the Ward 3 Street project since she cannot get in touch with the county.

- ❖ **R. Jones** – Glenarden Parkway needs to be repaved before you put striping down. If we put striping down now, once the contractor starts repaving, they will pull the new striping up which is a waste of money.

- ❖ **R. Jones** – The last communication regarding RFP via email was two months ago where it was promised that new RFPs would be issued to obtain information. Are we having the same issue with the Council Dais?

- ✚ **City Manager C. Barbour** – Yes, Mrs. Barbour has not been able to communicate with the County, however, an RFP has been issued to obtain architectural and engineering services to design a new dais for the Council Chambers.

- **R. Jones** – Request that this resolution be tabled as the city is not ready to do striping...at least in Ward 3.

- **President Curtis** – Can we move forward with the striping of Wards 1-2?

- ❖ **City Manager C. Barbour** – No, that would change the scope of work.

- Administrative Report

- Mayor's Report

- **E. Fareed** – Questions the Mayor about the transition of the streets. Can the county allow the City of Glenarden to move forward as if we currently own the streets to allow use of the ARPA funds to improve

traffic issues Glenarden Parkway as a whole? Can you please look into this to see what can be done and report your findings back to the council?

- **E. Fareed** – Suggest using other forms of non-permanent traffic mitigation i.e., stop signs, speed bumps, etc. until D.R. Horton turns over the streets.
- **E. Fareed** – When will the new updated meeting signage/sandwich boards be purchased and able to be utilized for city meetings instead of handwritten signage?
  - **Mayor Cross** – The sandwich boards have been purchased out of the Public Works budget and just needs to be picked up from production.

➤ City Manager’s Report

➤ Chief of Police Report

- **R. Jones** – Has anyone mentioned that Code Enforcement should be migrated under the Police Department?

- **R. Jones** – Councilwoman Jones has concerns about the political signage on 704...can the signs be pushed back to avoid causing a visual distraction to drivers?
  - **Chief Bryant** – Chief Bryant will investigate this and provide an update on signage being a visual disturbance.
