LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Only the Chief of Police or the authorized designee may approve and issue General Orders.

201.5 ACCEPTANCE OF DIRECTIVES
All members shall be provided access to the General Orders. Each member shall acknowledge that he/she has been provided access to, and has had the opportunity to review the General Orders. Members shall seek clarification as needed from an appropriate supervisor for any provisions they do not fully understand.
1. PURPOSE AND SCOPE
This policy clarifies the role of the Glenarden Police Department and responsibilities of its members pertaining to large scale emergencies and the Maryland Emergency Management Agency (MEMA) operating under the State of Maryland Emergency Operations Core Plan.

2. POLICY
The Glenarden Police Department will prepare for large scale emergencies within and outside its jurisdiction through planning and mutual cooperation with other agencies.

The Town Emergency Operations Plan complies with the State of Maryland’s Emergency Operations Core Plan, as part of the Comprehensive Emergency Management Program (Md. Code PS § 14-109; Md. Code PS § 14-110). This plan provides guidance for Town emergency operations within and outside its borders as may be required.

3. ACTIVATING THE EMERGENCY OPERATIONS PLAN
The Emergency Operations Plan can be activated in a number of ways. For the Glenarden Police Department, the Chief of Police or the highest ranking on-duty supervisor may activate the local Emergency Operations Plan in response to a major emergency.

The declaration of a local state of emergency may only be made by the Town’s principal executive officer or the appointee if required by the circumstances. Such a declaration activates the jurisdiction’s response (if not already activated) and recovery plan (Md. Code PS §14-111; Md. Code PS § 14-403).

Upon activation of the plan, the Chief of Police or the authorized designee should contact MEMA to assist with mutual aid response from local, state and federal law enforcement agencies (Md. Code PS §14-701; Md. Code PS §14-801; Md. Code PS § 14-601; Md. Code CP § 2-105).

202.3.1 RECALL OF PERSONNEL
In the event that the Emergency Operations Plan is activated, all employees of the Glenarden Police Department are subject to immediate recall to service. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Chief of Police or the highest ranking on-duty supervisor.

Failure to promptly respond to an order to report for duty may result in discipline.

4. LOCATION OF THE EMERGENCY OPERATIONS PLAN
Copies of the Emergency Operations Plan are available in Administration, the Shift Supervisor's office and the Communications Center. All supervisors should familiarize themselves with the Emergency Operations Plan and the roles members will play when the plan is implemented. The Administration Lieutenant should ensure that department members are familiar with the roles they will play when the plan is implemented.
5. **EMERGENCY OPERATIONS PLAN REVIEW**
The Chief of Police or the authorized designee shall review the Emergency Operations Plan at least once every two years and ensure that the plan conforms to any revisions made by the National Incident Management System (NIMS). The Chief of Police or the authorized designee should appropriately address any needed revisions.

6. **TRAINING**
The Department should provide annual training on the Emergency Operations Plan for all supervisors and other appropriate personnel. All supervisors should familiarize themselves with the Emergency Operations Plan and personnel responsibilities when the plan is implemented. Training should incorporate a full or partial exercise, tabletop or command discussion.
Training

1. PURPOSE AND SCOPE
This policy establishes general guidelines for how training is to be identified, conducted and documented. This policy is not meant to address all specific training endeavors or identify every required training topic.

2. POLICY
The Department shall administer a training program that will meet the standards of federal, state, local and the Maryland Police Training Commission (MPTC) training requirements. It is a priority of this department to provide continuing education and training for the professional growth and development of its members.

3. OBJECTIVES
The objectives of the training program are to:
(a) Enhance the level of law enforcement service to the public.
(b) Increase the technical expertise and overall effectiveness of department members.
(c) Provide for continued professional development of department members.
(d) Ensure compliance with MPTC rules and regulations concerning law enforcement training.

4. TRAINING PLAN
It is the responsibility of the Training Coordinator to develop, review, update and maintain a training plan and to ensure that mandated basic, in-service and department-required training is completed by all members as needed or required. The training plan should include the anticipated costs associated with each type of training, including attendee salaries and backfill costs. The plan should include a systematic and detailed method for recording and logging of all training for all members.

While updates and revisions may be made to any portion of the training plan at any time it is deemed necessary, the Training Coordinator shall review the entire training plan on an annual basis.

The plan will include information on curriculum, training material, training facilities and scheduling. The plan will address federal, state and department-required, minimum-mandated training of officers and other members.

203.4.1 GOVERNMENT-MANDATED TRAINING
The following lists, while not all inclusive, identify training that is required under state and federal laws and regulations.
Training

(a) Federally mandated training:

1. National Incident Management System (NIMS) training.

(b) State-mandated training:

1. MPTC-approved Police Entry Level Training Program or, when applicable, the Comparative Compliance Training Course and successfully pass the licensing examination before being issued a peace officer’s license (COMAR 12.04.01.09).

2. MPTC-approved entrance-level firearms training and qualification (COMAR 12.04.02.04).

3. No less than 80 hours of field training approved by the Department (COMAR 12.04.01.17).

4. No less than 18 hours of MPTC-approved training annually (COMAR 12.04.01.12).

5. Annual MPTC-approved firearms training and qualification (COMAR 12.04.02.08).

6. Promotion of an officer to a first-line, or higher, supervisor position requires successful completion of MPTC-approved supervisor training no more than two years preceding, or one year after, the promotion.

7. Promotion of an officer to a first-line, or higher, administrator position requires successful completion of MPTC-approved administrator training no more than two years preceding, or one year after, the promotion.

8. If MPTC-approved supervisor training has not previously been completed, supervisor training shall also be completed within the same timeline.

9. Completion of MPTC-approved training program on life-saving techniques, including CPR, every two years (Md. Code PS § 3-207; COMAR 12.04.01.12).

12. Issues related to individuals with physical, intellectual, developmental and psychiatric disabilities (Md. Code PS § 3-207).

(c) Locally mandated training (including county or city).

5. TRAINING COMMITTEE

The Training Coordinator may establish a Training Committee, on a temporary or as-needed basis, which will assist with identifying training needs.

The Training Committee should be comprised of at least three members, with the senior ranking member of the committee acting as the chairperson. Committee members should be selected based on their abilities at post-incident evaluation and at assessing related training needs. The Training Coordinator may remove or replace members of the committee at his/her discretion.
The Training Committee should review certain incidents to determine whether training would likely improve future outcomes or reduce or prevent recurrence of the undesirable issues related to an incident. Specific incidents the Training Committee should review include, but are not limited to:

(a) Incident involving the death or serious injury of a member.
(b) Incidents involving a high risk of death, serious injury or civil liability.
(c) Incidents identified by the Department to determine possible training needs.

The Training Committee should convene on a regular basis as determined by the Training Coordinator, to review the identified incidents. The committee shall determine by consensus whether a training need exists and then submit written recommendations of its findings to the Training Coordinator. The recommendation should not identify specific facts of any incidents, such as identities of members involved or the date, time and location of the incident but should focus on the type of training being recommended.

The Training Coordinator will consider the recommendations of the committee and determine what training should be addressed, taking into consideration the mission of the Department and the available resources. Training recommendations as determined by the Training Coordinator shall be submitted to the command staff for review.

6. **TRAINING ATTENDANCE**

(a) All members assigned to attend training shall attend as scheduled unless previously excused by their immediate supervisors. Excused absences should be limited to:
   1. Court appearances.
   2. Previously approved vacation or time off.
   3. Illness or medical leave.
   4. Physical limitations preventing the member’s participation.
   5. Emergency situations or department necessity.

(b) Any member who is unable to attend training as scheduled shall notify his/her supervisor as soon as practicable but no later than one hour prior to the start of training and shall:
   1. Document his/her absence in a memorandum to his/her supervisor.
   2. Make arrangements through his/her supervisor or the Training Coordinator to attend the required training on an alternate date.

Members assigned to participate in DTBs shall only use the login credentials assigned to them by the Training Coordinator. Members should not share their passwords with others and should frequently change their passwords to protect the security of the system. After each session, members should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Members who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisors. Members should not allow
uncompleted DTBs to build up over time, and may be required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet-enabled computer, members shall only take DTBs as part of their on-duty assignment, unless directed otherwise by a supervisor. Supervisors will be responsible for monitoring the progress of those under their command to ensure compliance with this policy.

7. **TRAINING RECORDS**

The Training Coordinator is responsible for the creation, filing and storage of all training records. Training records shall be retained in accordance with the established records retention schedule.
Electronic Mail

1. PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of the electronic mail (email) system provided by the Department.

2. POLICY
Glenarden Police Department members shall use email in a professional manner in accordance with this policy and current law, remaining aware that emails are subject to public disclosure under the Maryland Public Information Act (Md. Code GP § 4-101 et seq.).

3. PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to emails accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

4. RESTRICTIONS ON USE OF EMAIL
Messages transmitted over the email system are restricted to official business activities, or shall only contain information that is essential for the accomplishment of business-related tasks or for communications that are directly related to the business, administration or practices of the Department.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire Department are only to be used for official business-related items that are of particular interest to all users. In the event that a member has questions about sending a particular email communication, the member should seek prior approval from a supervisor in his/her chain of command. It is a violation of this policy to transmit a message under another member’s name or email address or to use the password of another to log into the system unless directed to do so by a supervisor. Members are required to log off the network or secure the workstation when the computer is unattended. This added security measure will minimize the potential misuse of a member’s email, name or password. Any member who believes his/her password has become known to another person shall change their password immediately.

5. EMAIL RECORD MANAGEMENT
Email may, depending upon the individual content, be a public record under the Maryland Public Information Act and must be managed in accordance with the established records retention schedule and in compliance with state law (Md. Code SG § 10-610; COMAR 14.18.02.04).

Electronic Mail

The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.
Administrative Communications

1. PURPOSE AND SCOPE
This policy sets forth the manner in which the Department communicates significant changes to its membership, such as promotions, transfers, hiring and appointment of new members, separations, individual and group awards and commendations, or other changes in status. This policy also provides guidelines for the professional handling of electronic and non-electronic administrative communications from the Department.

2. POLICY
The Glenarden Police Department will appropriately communicate significant events within the organization to its members. Both electronic and non-electronic administrative communications will be professional in appearance and comply with the established letterhead, signature and disclaimer guidelines, as applicable.

3. PERSONNELORDERS
Memorandums may be issued periodically by the Chief of Police or the authorized designee to announce and document promotions, transfers, military leave of absence, hiring and appointment of new members, reinstatements, separations, individual and group awards and commendations, or other changes in status.

4. CORRESPONDENCE
To ensure that the letterhead and name of the Department are not misused, all official external correspondence shall be on department letterhead. All department letterhead shall bear the signature element of the Chief of Police. Official correspondence and use of letterhead requires approval of a supervisor. Department letterhead may not be used for personal purposes.

Official internal correspondence shall be on the appropriate department electronic or non-electronic memorandum forms.

Electronic correspondence shall contain the sender’s department-approved signature and electronic communications disclaimer language.

5. SURVEYS
All surveys made in the name of the Department shall be authorized by the Chief of Police or the authorized designee.

6. OTHER COMMUNICATIONS
General Orders and other communications necessary to ensure the effective operation of the Department shall be issued by the Chief of Police or the authorized designee (see the General Orders Policy).
Supervision Staffing Levels

1. PURPOSE AND SCOPE
   The purpose of this policy is to establish guidelines to ensure that proper supervision is available to meet the needs of the Department and members throughout all Prince George County PDs.

2. POLICY
   The Glenarden Police Department will ensure that proper supervision is available to meet the needs of its members and to achieve the goals of the Department. The needs of its members should be balanced with the needs of the Department for flexibility and discretion in assigning members to meet supervisory needs. While balance is desirable, the paramount concern is to meet the needs of the Department.

3. MINIMUM SUPERVISION STAFFING LEVELS
   Minimum staffing levels should be established by the Lieutenants for each Prince George County PD and work group. The supervision staffing levels should support proper supervision, span of control, compliance with any collective bargaining agreements or memorandums of understanding and activity levels to meet the needs of members and the goals of the Department.

206.3.1 TEMPORARY SUPERVISORS
   In order to accommodate training and other unforeseen circumstances, a qualified lower-ranking member may be used as a temporary supervisor in place of a regularly assigned supervisor.
Retiree Concealed Firearms

1. PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Glenarden Police Department identification cards under the Law Enforcement Officers’ Safety Act (LEOSA) (18 USC § 926C).

2. POLICY
It is the policy of the Glenarden Police Department to provide identification cards to qualified former or retired officers as provided in this policy.

3. LEOSA
The Chief of Police may issue an identification card for LEOSA purposes to any qualified former officer of this department who (18 USC § 926C(c)):

(a) Separated from service in good standing from this department as an officer.

(b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this department.

(d) Has not entered into an agreement with this department where the officer acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.

(e) Is not prohibited by federal law from receiving or possessing a firearm.

1. LEOSA IDENTIFICATION CARD FORMAT
The LEOSA identification card should contain a photograph of the former officer and identify him/her as having been employed as an officer.

If the Glenarden Police Department qualifies the former officer, the LEOSA identification card or separate certification should indicate the date the former officer was tested or otherwise found by the Department to meet the active duty standards for qualification to carry a firearm.

2. AUTHORIZATION
Any qualified former law enforcement officer, including a former officer of this department, may carry a concealed firearm under 18 USC § 926C when he/she is:
Retiree Concealed Firearms

1. An indication from the person’s former law enforcement agency that he/she has, within the past year, been tested or otherwise found by the law enforcement agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.

(b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.

(c) Not prohibited by federal law from receiving a firearm.

(d) Not in a location prohibited by Maryland law or by a private person or entity on his/her property if such prohibition is permitted by Maryland law.

207.4 FORMER OFFICER RESPONSIBILITIES

A former officer with a card issued under this policy shall immediately notify the Shift Supervisor of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Arrests, Convictions and Court Orders Policy.

The retiree is responsible for obtaining the proper handgun training and qualification for active law enforcement officers. The retiree may obtain handgun certification and a LEOSA certification card from the Maryland Police Training Commission (MPTC).

207.4.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

(a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.

(b) Remain subject to all applicable Department policies and federal, state and local laws.

(c) Demonstrate good judgment and character commensurate with carrying a loaded and concealed firearm.

(d) Successfully pass an annual criminal history background check indicating that he/she is not prohibited by law from receiving or possessing a firearm.

Chapter 3 - General Operations
Use of Force

1. PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial and reasonable manner.

1.1. DEFINITIONS
Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed or restrained.

2. POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Glenarden Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

2.1. DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. An officer who observes another employee use force that exceeds the degree of force permitted by law should promptly report these observations to a supervisor.

3. USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably
Use of Force

appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

See attachment: Use of Force Continuum (300).pdf

3.1. FACTORS USED TO DETERMINE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

(a) Immediacy and severity of the threat to officers or others.

(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.

(c) Officer/subject factors (i.e., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).

(d) The effects of drugs or alcohol.

(e) Individual’s mental state or capacity.

(f) Proximity of weapons or dangerous improvised devices.

(g) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.

(h) The availability of other options and their possible effectiveness.

(i) Seriousness of the suspected offense or reason for contact with the individual.

(j) Training and experience of the officer.

(k) Potential for injury to officers, suspects and others.
3. Whether the individual appears to be resisting, attempting to evade arrest by flight or is attacking the officer.

(m) The risk and reasonably foreseeable consequences of escape.

(o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

(p) Prior contacts with the individual or awareness of any propensity for violence.

(q) Any other exigent circumstances.

3.2. PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.

(b) Whether the individual can comply with the direction or orders of the officer.

(c) Whether the individual has been given sufficient opportunity to comply.

Training and experience of the officer.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.

(b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:
1. The individual has a weapon or is attempting to access one and it is reasonable to believe the individual intends to use it against the officer or another.

2. The individual is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the individual intends to do so.

**Use of Force**

**300.4.1 SHOOTING AT OR FROM MOVING VEHICLES**

Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

**300.5 REPORTING THE USE OF FORCE**

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

**300.5.1 NOTIFICATIONS TO SUPERVISORS**

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.

(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.

(c) The individual subjected to the force complained of injury or continuing pain.

(d) The individual indicates intent to pursue litigation.

(e) Any application of the Taser™ or control device.

(f) Any application of a restraint device other than handcuffs, shackles or belly chains.

(g) The individual subjected to the force was rendered unconscious.

(h) An individual was struck or kicked.

(i) An individual alleges any of the above has occurred.

**6. MEDICAL CONSIDERATIONS**

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing
pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer’s initial assessment of the nature and extent of the individual’s injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor, or if not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away (see the Medical Aid Response Policy).

7. SUPERVISOR RESPONSIBILITIES

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her Miranda rights, the following shall apply:

   1. The content of the interview should not be summarized or included in any related criminal charges.

   2. The fact that a recorded interview was conducted should be documented in a property or other report.

   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.

**Use of Force**  These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the individual may pursue civil litigation.

   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

**300.7.1 WATCHCOMMANDER RESPONSIBILITY**

The Shift Supervisor shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

**300.8 TRAINING**

Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.
Use of Force Review Boards

1. **PURPOSE AND SCOPE**
   This policy establishes a process for the Glenarden Police Department to review the use of force by its members. This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or the evaluation of the use of force.

2. **POLICY**
   The Glenarden Police Department will objectively evaluate the use of force by its members to ensure that their authority is used appropriately and consistent with training and policy.

3. **ADMINISTRATIVE ASSIGNMENT**
   Generally, whenever a member’s actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that member will be placed in a temporary administrative assignment by the Chief of Police. The Chief of Police may exercise discretion and choose not to place a member in an administrative assignment.

4. **REVIEW BOARD**
   The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

   The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the member was on- or off-duty, excluding training or recreational use.

   The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

   The Administration Lieutenant will convene the Use of Force Review Board as necessary. It will be the responsibility of the Lieutenant or supervisor of the involved member to notify the Administration Lieutenant of any incidents requiring board review. The involved member’s Lieutenant or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

4.1. **COMPOSITION OF THE BOARD**
   The Administration Lieutenant should staff the Use of Force Review Board with five individuals from the following, as appropriate:
   - Representatives of each Prince George County PD
   - Command staff representative from the involved member’s chain of command
   - Training Coordinator
Use of Force Review Boards

- Non-administrative supervisor
- A peer officer/department member
- A law enforcement officer from an outside law enforcement agency, as appropriate
- Department instructor for the type of weapon, device or technique used

The senior ranking command staff representative who is not in the same Prince George County PD as the involved member will serve as chairperson.

4.2. RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board’s review, call persons to present information. The board does not have the authority to recommend discipline.

The board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the involved member at the time shall neither justify nor call into question a member’s decision regarding the use of force.

The board shall make one of the following recommended findings:

(a) The member’s actions were within department policy and procedure.
(b) The member’s actions were in violation of department policy and procedure.

The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the member’s actions were within policy and procedure, and will determine whether any additional actions, investigations or reviews are appropriate. Those findings will be forwarded to the involved member’s Lieutenant for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated. At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.
Handcuffing and Restraints

1. PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

2. POLICY
The Glenarden Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

3. USE OF RESTRAINTS
Only members who have successfully completed Glenarden Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest
- The demeanor and behavior of the arrested person
- The age and health of the person
- Whether the person is known to be pregnant
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes
- Whether the person has any other apparent disability

3.1. RESTRAINT OF DETAINEE
Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

3.2. RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons, waist chains or handcuffs behind the body (Md. Code CS § 11-102; Md. Code CS § 9-601).

No person who is in labor or delivery shall be handcuffed or restrained except in extraordinary circumstances and only when the medical professional responsible for the person’s care makes a determination that such restraints are necessary for the safety of the arrestee, officers or
Handcuffing and Restraints

others. No person who is in postpartum recovery shall be handcuffed or restrained, except when an individualized determination is made by a supervisor that such restraints are necessary for the safety of the arrestee, officers or others (Md. Code CS § 11-102; Md. Code CS § 9-601).

3.3. RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

3.4. NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

4. APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person’s hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person’s back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person’s size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

5. APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally.
Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person’s vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Handcuffing and Restraints

In situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

6. APPLICATION OF AUXILIARY RESTRAINT DEVICES

 Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

7. APPLICATION OF LEG RESTRAINT DEVICES

 Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a person.

(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

Handcuffing and Restraints

Handcuffing and Restraints should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person’s ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by emergency medical services, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

(a) The amount of time the person was restrained.

(b) How the person was transported and the position of the person during transport.

(c) Observations of the person’s behavior and any signs of physiological problems.

(d) Any known or suspected drug use or other medical problems.
Control Devices

1. **PURPOSE AND SCOPE**
   This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

2. **POLICY**
   In order to control individual subjects who are violent or who demonstrate the intent to be violent, the Glenarden Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy. The Chief of Police may also authorize other positions or individual department members to use specific control devices.

3. **ISSUING, CARRYING AND USING CONTROL DEVICES**
   Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

   Only those members who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

   Control devices may be used when a decision has been made to control, restrain or arrest a person who is violent or who demonstrates the intent to be violent and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

4. **RESPONSIBILITIES**
   4.1. **SHIFT SUPERVISOR RESPONSIBILITIES**
       The Shift Supervisor may authorize the use of a control device by selected department members or those in specialized assignments who have successfully completed the required training.

   4.2. **RANGEMASTER RESPONSIBILITIES**
       The Range master shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

       Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

   4.3. **USER RESPONSIBILITIES**
       All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
**Control Devices**

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Range master for disposition. Documentation shall also be forwarded through the chain of command, when appropriate, explaining the cause of damage.

**5. BATON GUIDELINES**

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to him/herself or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignments or at the direction of their supervisors.

**6. TEAR GAS GUIDELINES**

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Shift Supervisor, Incident Commander or Prince George County Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire and emergency medical services personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation, if needed.

**7. OLEORESIN CAPSICUM (OC) GUIDELINES**

As with other control devices, OC spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in, violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of department members or the public.

**7.1. OC SPRAY**

Uniformed members carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field members may carry OC spray as authorized, in accordance with the needs of their assignments or at the direction of their supervisors.

**7.2. PEPPER PROJECTILE SYSTEMS**

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.
Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where an individual has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward an individual, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training or a product demonstration, is exempt from the reporting requirement.

7.3. TREATMENT FOR OC EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those who complain of further severe effects shall be examined by appropriate medical personnel.

8. POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, the owners or available occupants should be provided with notice of the possible presence of residue which could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean-up will be at the owner’s expense. Information regarding how and when the notice was delivered and the individuals notified should be included in related reports.

9. KINETIC ENERGY PROJECTILE GUIDELINES

This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

9.1. DEPLOYMENT AND USE

Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of individuals engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.
The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at officers, other department members and/or other people.

There is probable cause to believe that the suspect has already committed a crime of violence to comply with lawful orders.

9.2. DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.
(b) Type of munitions employed.
(c) Type and thickness of subject’s clothing.
(d) The subject’s proximity to others.
(e) The location of the subject.
(f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the suspect must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

9.3. SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect shotguns and projectiles at the beginning of each shift to ensure that the shotguns are in proper working order and the projectiles are of the approved type and appear to be free from defects.

When they are not deployed, shotguns will be unloaded, and properly and securely stored in police department vehicles. When deploying a kinetic energy projectile shotgun, officers shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.
Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

**10. TRAINING FOR CONTROL DEVICES**

The Training Coordinator shall ensure that those members who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.

(b) All training and proficiency for control devices will be documented in the member’s training file.

(c) Members who fail to demonstrate proficiency with the control device or knowledge of the Use of Force Policy will be provided remedial training. If a member cannot demonstrate proficiency with a control device or knowledge of the Use of Force Policy after remedial training, the member will be restricted from carrying the control device and may be subject to discipline.

**11. REPORTING USE OF CONTROL DEVICES**

Any application of a control device shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Conducted Energy Device

1. PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of the Taser TM (COMAR 12.04.05.02).

2. POLICY
The TASER is used to control a violent or potentially violent individual. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING TASERS
Only members who have successfully completed department-approved training may be issued and carry the TASER (COMAR 12.04.05.03(B)).

TASERs are issued for use during a member’s current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the TASER and cartridges that have been issued by the Department (COMAR 12.04.05.02(C)(1)). Uniformed officers who have been issued the TASER shall wear the device in an approved holster. Non-uniformed officers may secure the TASER in the driver’s compartment of their vehicles.

Members carrying the TASER should perform a spark test prior to every shift.

When carried while in uniform, officers shall carry the TASER in a weak-side holster on the side opposite the duty weapon.

(a) All TASERs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER.

(c) Officers shall be responsible for ensuring that the issued TASER is properly maintained and in good working order.

(d) Officers should not hold a firearm and the TASER at the same time.

3. VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the TASER should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the TASER may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer’s lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not
**Conducted Energy Device**

required, to display the electrical arc (provided that a cartridge has not been loaded into the device) or the laser to gain compliance prior to the application of the TASER. The aiming laser should not be intentionally directed into anyone’s eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER in the related report.

4. USE OF THE TASER

The TASER has limitations and restrictions requiring consideration before its use. The TASER should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER is effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

4.1. APPLICATION OF THE TASER

The TASER may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.
(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER to apprehend an individual.

The TASER shall not be used to psychologically torment, elicit statements or to punish any individual.

4.2. SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER on certain individuals should be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).
Because the application of the TASER in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between the officer and the subject, thereby giving officers time and distance to consider other force options or actions.

4.3. TARGETING CONSIDERATIONS
The preferred targeting areas include the individual’s back or front lower-center mass. The head, neck, chest and groin should be avoided when reasonably practicable. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

4.4. MULTIPLE APPLICATIONS OF THE TASER
Officers should apply the TASER for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Officers should not intentionally apply more than one TASER at a time against a single individual.

If the first application of the TASER appears to be ineffective in gaining control of an individual, the officer should evaluate the situation and consider certain factors before additional applications of the TASER, including:

(a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

(b) Whether the probes are making proper contact.

(c) Whether the individual has the ability and has been given a reasonable opportunity to comply.

(d) Whether verbal commands, other options or tactics may be more effective.

4.5. ACTIONS FOLLOWING DEPLOYMENTS
Officers should take appropriate actions to control and restrain the individual to minimize the need for longer or multiple exposures to the TASER. As soon as practicable, officers shall notify a supervisor any time the TASER has been discharged. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject’s skin.

4.6. DANGEROUS ANIMALS
The TASER may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.
4.7. **TASER® CAM™**

The TASER CAM® is activated any time the safety is in the off position. The safety should be in the safe position unless the officer intends to use the device. Because the TASER CAM memory is limited, the video and audio data should be downloaded frequently and retained as required by the department records retention schedule.

4.8. **OFF-DUTY CONSIDERATIONS**

Officers are not authorized to carry department TASERs while off-duty.

Officers shall ensure that TASER®s are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

6. **DOCUMENTATION**

Officers shall document all TASER discharges in the related arrest/crime reports and the TASER report forms. Unintentional discharges, pointing the device at a person, laser activation and arcing the device, other than for testing purposes, will also be documented on the report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy.

6.1. **TASER FORM**

Items that shall be included in the TASER report form are:

(a) The type and brand of TASER and cartridge and cartridge serial number.
(b) Date, time and location of the incident.
(c) Whether any display, laser or arc deterred a subject and gained compliance.
(d) The number of TASER activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
(e) The range at which the TASER was used.
(f) The type of mode used (probe or drive-stun).
(g) Location of any probe impact.
(h) Location of contact in drive-stun mode.
(i) Description of where missed probes went.
(j) Whether medical care was provided to the subject.
(k) Whether the subject sustained any injuries.
(l) Whether any officers sustained any injuries.

The Training Coordinator should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Training Coordinator should also conduct audits of data downloads and reconcile TASER report forms with recorded activations. TASER® information and statistics, with identifying information removed, should periodically be made available to the public.
6.2. REPORTS

The officer should include the following in the arrest/crime report:

(a) Identification of all personnel firing TASERs.

(b) Identification of all witnesses.

(c) Medical care provided to the subject.

(d) Observations of the subject’s physical and physiological actions.

(e) Any known or suspected drug use, intoxication or other medical problems.

6.3. STATE REPORTING

On or before March 31 of each year, the Records Division (Prince George County PD) shall report each discharge of an TASER utilizing the required report format. The report shall also be sent to the Town Administrator and will be available to the public upon request (Md. Code PS § 3-508).

7. MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER probes from a person’s body. Used TASER probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER probes or who have been subjected to the electric discharge of the device or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.

(b) The person may be pregnant.

(c) The person reasonably appears to be in need of medical attention.

(d) The TASER probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).

(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.
The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER (see the Medical Aid and Response Policy).

Conducted Energy Device

8. SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER may be used. A supervisor should respond to all incidents where the TASER was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER. The device’s onboard memory should be downloaded through the data port by a supervisor or Range master and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

9. TRAINING
Personnel who are authorized to carry the TASER shall be permitted to do so only after successfully completing the initial department-approved training (COMAR 12.04.05.03). Any personnel who have not carried the TASER as a part of their assignments for a period of six months or more shall be recertified by a qualified TASER instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASERs should occur every year (COMAR 12.04.05.04). A reassessment of an officer’s knowledge and/or practical skills may be required at any time if deemed appropriate by the Training Coordinator. All training and proficiency for TASERs will be documented in the officer’s training files.

Command staff, supervisors and investigators should receive TASER training as appropriate for the investigations they conduct and review.

Officers who do not carry TASERs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Coordinator is responsible for ensuring that all members who carry TASERs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASERs during training could result in injuries and should not be mandatory for certification.

The Training Coordinator should ensure that all training includes:

(a) A review of this policy.

(b) A review of the Use of Force Policy.

(c) Performing weak-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.

(e) Handcuffing a subject during the application of the TASER and transitioning to other force

Conducted Energy Device

(f) De-escalation techniques.

(g) Restraint techniques that do not impair respiration following the application of the TASER.

(h) The requirements established in COMAR 12.04.05.05.

304.9.1 TRAINING CERTIFICATION

The Training Coordinator should ensure certification is made to the Maryland Police Training Commission (MPTC), on forms or in a manner determined by the MPCTC, that officers have successfully completed training requirements (COMAR 12.04.05.02).
Officer-Involved Shootings and Deaths

1. PURPOSE AND SCOPE
   The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

   In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

2. POLICY
   The policy of the Glenarden Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

3. TYPES OF INVESTIGATIONS
   Officer-involved shootings and deaths involve several separate investigations. The investigations may include:
   (a) A criminal investigation of the suspect’s actions.
   (b) A criminal investigation of the involved officer’s actions.
   (c) An administrative investigation as to policy compliance by involved officers.
   (d) A civil investigation to determine potential liability.

4. CONTROL OF INVESTIGATIONS
   Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

   Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

4.1. CRIMINAL INVESTIGATION OF SUSPECT ACTIONS
   The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect’s crime occurred. For example, Glenarden Police Department would control the investigation if the suspect’s crime occurred in Prince George County.

   If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be handled by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.
4.2. CRIMINAL INVESTIGATIONS OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer’s conduct during the incident will be determined by the employing agency’s protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency’s officer shall be referred to the Chief of Police or the authorized designee for approval.

4.3. ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

5. INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

5.1. UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved GPD officer will be the officer-in-charge and assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

(a) Secure the scene, identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.

5.2. SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved GPD supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.

1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

(b) If necessary, the supervisor may administratively order any GPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
Officer-Involved Shootings and Deaths

1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

They should not attempt to order any involved officer to provide any information other than public safety information.

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(a) Provide all available information to the Shift Supervisor and the Communications Center. If feasible, sensitive information should be communicated over secure networks.

(b) Take command of and secure the incident scene with additional GPD members until properly relieved by another supervisor, or other assigned personnel or investigator.

(c) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.

1. Each involved GPD officer should be given an administrative order not to discuss the incident with other involved officers or GPD members pending further direction from a supervisor.

2. When an involved officer’s weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

5.3. SHIFT SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Supervisor shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Lieutenant.

All outside inquiries about the incident shall be directed to the Shift Supervisor.

5.4. NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Investigative Services Lieutenant
- Prince George’s County Police Department SIRT Unit rollout team
- Outside agency investigators (if appropriate)
- Prince George County PD supervisor
- Civil liability response team or department legal counsel
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer’s agency representative (if requested)
- Press Information Officer

5.5. INVOLVED OFFICERS

The following shall be considered for the involved officer (Md. Code PS § 3-104):

(a) Any request for legal or union representation will be accommodated.
1. Involved GPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.

2. Requests from involved non-GPD officers should be referred to their employing agency.

Officer-Involved Shootings and Deaths

(a) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives will be privileged only as to the discussion of non-criminal information.

(d) A licensed psychotherapist shall be provided by the Department to each involved GPD officer. A licensed psychotherapist may also be provided to any other affected GPD members, upon request.

1. Interviews with a licensed psychotherapist will be considered privileged.

2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, the involved member shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.

3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved GPD officer shall be given reasonable paid administrative leave (as allowed by Md. Code § PS 3-112) following an officer-involved shooting or death. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.

6. CRIMINAL INVESTIGATION

It shall be the policy of this department to utilize the Office of the State's Attorney to conduct an independent criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the Office of the State's Attorney to avoid duplicating efforts in related criminal investigations.
Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

**Officer-Involved Shootings and Deaths**

County PD personnel should not participate directly in any voluntary interview of GPD officers. This will not prohibit such personnel from monitoring interviews or indirectly providing topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer’s statement, officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

1. **REPORTS BY INVOLVED GPD OFFICERS**

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved GPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved GPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved GPD officers of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

2. **WITNESS IDENTIFICATION AND INTERVIEWS**

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should
take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

**Policy Manual**

**Officer-Involved Shootings and Deaths**

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.

3. **INVESTIGATIVE PERSONNEL**

   Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Prince George County PD supervisor to assign appropriate investigation personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the Office of the State's Attorney and may be assigned to separately handle the investigation of any related crimes not being investigated by the Office of the State's Attorney.

   All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Prince George County PD supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Lieutenant.

4. **ADMINISTRATIVE INVESTIGATION**

   In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved GPD officers to determine conformance with department policy. This investigation will be conducted under the supervision of the Prince George County PD and will be considered a confidential officer personnel file.

   Interviews and interrogations of members shall be subject to department policies and applicable laws (Md. Code PS § 3-103 et seq.).
(a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency (Md. Code PS § 3-104(d)).

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Md. Code PS § 3-104(j)).

3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Md. Code PS § 3-104(k)).

4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

5. The Prince George County PD shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.
8. CIVIL LIABILITY RESPONSE
A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

Officer-involved Shootings and Deaths
All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

9. AUDIO AND VIDEO RECORDINGS
Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn video and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or Town Attorney’s Office, as appropriate.

10. DEBRIEFING
Following an officer-involved shooting or death, the Glenarden Police Department should conduct both a critical incident/stress debriefing and a tactical debriefing.

10.1. CRITICAL INCIDENT/STRESS DEBRIEFING
A critical incident/stress debriefing should occur as soon as practicable. The Administration Lieutenant is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Prince George County PD personnel.
10.2. TACTICAL DEBRIEFING
A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.11 MEDIA RELATIONS
Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Supervisor, Investigative Services Lieutenant and Press Information Officer in the event of inquiries from the media.

No involved GPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Lieutenant.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.
Firearms

1. PURPOSE AND SCOPE
This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

(a) The handgun shall be in good working order and on the department list of approved firearms.
(b) Only one secondary handgun may be carried at a time.

(c) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Department.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Range master.

Any repairs or modifications to the member’s personally owned firearm shall be done at his/her expense and must be approved by the Range master.

4.2. HOLSTERS

Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.
4.3. TACTICAL LIGHTS
Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Range master. 4.4. OPTICS OR LASER SIGHTS
Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Range master. (g) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Range master approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Range master will be immediately removed from service. If the firearm is the member’s primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.
1. **INSPECTION AND STORAGE**

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels. Personally owned firearms may be safely stored in lockers at the end of the shift. Department-owned firearms shall be stored in the appropriate equipment storage room. All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify at least annually with their duty firearms. Members will qualify with off-duty and secondary firearms at least twice a year. Training and qualifications must be on the required range course meeting minimum standards and requirements (COMAR 12.04.02.08; COMAR 12.04.02.05).

Officers may not use or carry a firearm that has been surrendered or for which authority to carry or use has been withdrawn, except during supervised training to meet the annual firearms training and qualification requirements (COMAR 12.04.02.08(E)(3)).

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

6.1. **NON-CERTIFICATION OR NON-QUALIFICATION**

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.
Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

(a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.

(b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.

(c) No range credit will be given for the following:

1. Unauthorized range make-up.
2. Failure to meet minimum standards or qualify after remedial training.

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

6.2. ANNUAL FIREARMS NON-CERTIFICATION
If an officer fails to successfully complete the annual firearms classroom instruction, training and qualification requirements for an authorized firearm within a calendar year, the Chief of Police (COMAR 12.04.02.08(E)(1)):

(a) Shall remove the firearm, or the authorization to use or carry the firearm if personally owned, from the officer by January 1 of the next calendar year.

(b) May not return or authorize the officer to use or carry the firearm until the officer successfully completes the appropriate firearms classroom instruction, training and qualification.

6.3. ANNUAL FIREARMS NON-QUALIFICATION
An officer who fails an annual firearms qualification shall successfully complete the annual qualification within 30 consecutive calendar days of the initial attempt (COMAR 12.04.02.08(E) (2)).

If an officer does not successfully meet the qualification requirements, the Chief of Police shall immediately:

- Report the officer’s failure to qualify to the Maryland Police Training Commission (MPTC).
- Require the officer to surrender all department firearms.
- Withdraw the officer’s authority to use or carry personally owned firearms.

306.7 FIREARM DISCHARGE
Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.
In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report with his/her Lieutenant or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

(b) If off-duty at the time of the incident, a written report shall be submitted or a recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

1. **DESTRUCTION OF ANIMALS**

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, Tase/TM, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

2. **INJURED ANIMALS**

When an animal is injured in a traffic accident, the member shall notify the appropriate local organization to give such injured animal medical care (Md. Code TR § 20-106).

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

3. **WARNING AND OTHER SHOTS**

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

4. **RANGEMASTER DUTIES**

The range will be under the exclusive control of the Range master. All members attending will follow the directions of the Range master. The Range master will maintain a roster of all members attending the range and will submit the roster to the Training Coordinator after each range date. Failure of any member to sign in and out with the Range master may result in non-participation or non-qualification.

The range shall remain operational and accessible to department members during hours established by the Department.
The Range master has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Range master has the authority to deem any department-issued or personally owned firearm unfit for service. The member is responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Range master. All firearms will be inspected and cleaned by the Range master according to the established schedule or as directed by the Training Coordinator.

The Range master has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Range master shall complete and submit to the Training Coordinator documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Coordinator.

The Training Coordinator shall report firearm qualification scores for each firearm the officer is authorized to use or carry to the Chief of Police by January 15 of the calendar year immediately following firearms qualification. The Chief of Police shall submit the report to the MPTC by January 31 (COMAR 12.04.02.08(D)).

9. **FLYING WHILE ARMED**

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their Glenarden Police Department identification card, bearing the officer’s name, a full-face photograph, identification number, the officer’s signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver’s license, passport).

(c) The Glenarden Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Glenarden Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.
GLENARDEN POLICE DEPARTMENT
Policy Manual

Firearms

(d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer’s need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

10. CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The officer shall carry his/her Glenarden Police Department identification card whenever carrying such firearm.

(b) The officer is not the subject of any current disciplinary action.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.
Firearms
Vehicle Pursuits

1. PURPOSE AND SCOPE
This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public and fleeing suspects.

307.1.1 DEFINITIONS
Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a suspect’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall and come to a stop.

Ramming - The deliberate act of contacting a suspect’s vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect’s vehicle to stop.

Roadblocks - A tactic designed to stop a suspect’s vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect’s vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Tire deflation device - A device designed to puncture the tires of the pursued vehicle.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly or driving in a legal manner but willfully failing to yield to an officer’s emergency signal to stop.

2. POLICY
It is the policy of this department to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.
Vehicle Pursuits

3. OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with, and operating emergency lighting and sirens, as required by law (Md. Code TR § 21-106).

Officers shall drive with due regard for the safety of all persons and property. However, officers may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property:

(a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.

(b) Exceed the speed limit.

(c) Disregard regulations governing direction of movement or turning in specified directions.

1. WHEN TO INITIATE A PURSUIT

Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect, who has been given an appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle (Md. Code TR § 21-904).

Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

(a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.

(c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.

(d) The pursuing officers’ familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and dispatcher/supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(e) The weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect’s escape.

(f) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.

(g) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
(h) Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.

Vehicle Pursuits:

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(k) The availability of other resources, such as air support assistance.

(l) The pursuing vehicle is carrying passengers other than on-duty police officers. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport. A vehicle containing more than a single arrestee should not be involved in a pursuit.

2. WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.

When a supervisor directs the pursuit to be terminated, officers will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

(a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.

(b) The pursued vehicle’s location is no longer definitely known.

(c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.

(d) The pursuing vehicle’s emergency lighting equipment or siren becomes partially or completely inoperable.

(e) Hazards to uninvolved bystanders or motorists.

(f) The danger that the continued pursuit poses to the public, the officers or the suspect, balanced against the risk of allowing the suspect to remain at large.

(g) When the identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
4. **PURSUIT VEHICLES**

Vehicle pursuits should be limited to three police department emergency vehicles (two pursuit vehicles and the supervisor vehicle). However, the number of vehicles involved will vary with the circumstances.

An officer or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the number of suspects. All other officers shall stay out of the pursuit but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

4.1. **MOTORCYCLES**

When involved in a pursuit, police department motorcycles should be replaced by marked emergency vehicles as soon as practicable.

4.2. **VEHICLES WITHOUT EMERGENCY EQUIPMENT**

Officers operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those officers should discontinue such support immediately upon arrival of a sufficient number of authorized emergency police department vehicles or any air support.

4.3. **PRIMARY PURSUIT VEHICLE RESPONSIBILITIES**

The initial pursuing officer will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect’s vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing officer should notify the dispatcher, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

(a) The location, direction of travel and estimated speed of the suspect’s vehicle.

(b) The description of the suspect’s vehicle including the license plate number, if known.

(c) The reason for the pursuit.

(d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.

(e) The number of occupants and identity or description.
Vehicle Pursuits

Unless relieved by a supervisor or a secondary pursuing officer, the officer in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should relinquish the responsibility of broadcasting the progress of the pursuit to an officer in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

4.4. SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

(a) Immediately notifying the dispatcher of his/her entry into the pursuit.

(b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.

(c) Broadcasting information that the primary pursuing officer is unable to provide.

(d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.

(e) Identifying the need for additional resources or equipment as appropriate.

(f) Serving as backup to the primary pursuing officer once the suspect has been stopped.

5. PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for officers who are involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:

1. Available officers not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.

2. Pursuing officers should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.
(c) As a general rule, officers should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:

**Vehicle Pursuits**

1. Request assistance from available air support.
2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.
3. Request other officers to observe exits available to the suspect.

(d) Notify the Maryland State Police and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing officer and with a clear understanding of the maneuver process between the involved officers.

1. **Pursuit Trailing**
   In the event that initial pursuing officers relinquish control of the pursuit to another agency, the initial officers may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

2. **Air Support Assistance**
   When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

   The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide officers and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If officers on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

3. **Officers Not Involved in the Pursuit**
   Officers who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those officers should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the police department vehicle.
Non-pursuing members needed at the pursuit termination point should respond in a nonemergency manner, observing the rules of the road. The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other officers are assigned to the pursuit.

307.6 SUPERVISORY CONTROL AND RESPONSIBILITIES
Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

(a) Immediately notifying involved officers and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.

(e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that assistance from air support, canines or additional resources are requested, if available and appropriate.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring that the Shift Supervisor is notified of the pursuit, as soon as practicable.

(i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.

(j) Controlling and managing Glenarden Police Department officers when a pursuit enters another jurisdiction.

(k) Preparing a post-pursuit review and documentation of the pursuit as required.

307.6.1 SHIFT SUPERVISOR RESPONSIBILITIES
Upon becoming aware that a pursuit has been initiated, the Shift Supervisor should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Supervisor has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.
The Shift Supervisor shall review all pertinent reports for content and forward them to the Lieutenant.

307.7 THE COMMUNICATIONS CENTER
If the pursuit is confined within the Town limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved officers should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

307.7.1 RESPONSIBILITIES
Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

(a) Clearing the radio channel of nonemergency traffic.
(b) Coordinating pursuit communications of the involved officers.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Shift Supervisor as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

8. LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the involved officers should broadcast pertinent information to assist other officers in locating the vehicle. The primary pursuing officer or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

9. INTERJURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency's jurisdiction, the primary pursuing officer or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

9.1. ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Glenarden Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed,
with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports. The roles and responsibilities of officers at the termination point of a pursuit initiated by this department shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency’s assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this department, the other agency should relinquish control.

9.2. PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Officers from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, an officer from this department may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of the Glenarden Police Department, the supervisor should consider:

(a) The public’s safety within this jurisdiction.
(b) The safety of the pursuing officers.
(c) Whether the circumstances are serious enough to continue the pursuit.
(d) Whether there is adequate staffing to continue the pursuit.
(e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Shift Supervisor should review a request for assistance from another agency. The Shift Supervisor or supervisor, after considering the above factors, may decline to assist in or assume the other agency’s pursuit.

Assistance to a pursuing agency by officers of this department will conclude at the Town limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, officers shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.
10. **PURSUIT INTERVENTION**

Pursuit intervention is an attempt to stop the suspect’s ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

### 10.1. **WHEN USE IS AUTHORIZED**

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the officer at the time of the decision.

### 10.2. **USE OF FIREARMS**

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

### 10.3. **INTERVENTION STANDARDS**

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to the public’s safety, and when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this intervention tactic should only be employed by properly trained officers and after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, officers or others.
2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of safety to those involved or the public.
4. The suspect vehicle is stopped or traveling at a low speed.
5. Only law enforcement vehicles should be used in this tactic.
(b) The PIT is limited to use by properly trained officers with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

Vehicle Pursuits

Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:

1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.

(d) Boxing-in a suspect vehicle should only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle. Officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(e) Tire deflation devices should be deployed only after notification of pursuing officers and the supervisor of the intent and location of the intended deployment, and in a manner that:

1. Should reasonably only affect the pursued vehicle.
2. Provides the deploying officer adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
3. Has considered the limitations of such devices as well as the potential risk to officers, the public and occupants of the pursued vehicle.
4. Has considered whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or the public.
11. CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspect following the pursuit. Officers should consider the safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspect.

12. REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

(a) The primary pursuing officer shall complete appropriate crime/arrest reports.

(b) The primary pursuing officer or supervisor shall complete the appropriate pursuit report.

(c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee. This log or memorandum should include, at a minimum:

1. Date and time of the pursuit.
2. Initial reason and circumstances surrounding the pursuit.
3. Length of pursuit in distance and time, including the starting and termination points.
4. Involved vehicles and officers.
5. Alleged offenses.
6. Whether a suspect was apprehended, as well as the means and methods used.
   (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
7. Arrestee information, if applicable.
8. Any injuries and/or medical treatment.
9. Any property or equipment damage.
10. Name of supervisor at the scene or who handled the incident.
11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
(d) After receiving copies of reports, logs and other pertinent information, the Chief of Police or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.

(e) Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

13. **REGULAR AND PERIODIC PURSUIT TRAINING**

In addition to initial and supplementary training on pursuits, all officers will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to officers and others.
Foot Pursuits

1. PURPOSE AND SCOPE
This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

2. POLICY
It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect. Officers are expected to act reasonably, based on the totality of the circumstances.

3. DECISION TO PURSUE
The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members. Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

(a) Containment of the area.

(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.

(c) A canine search.
Foot Pursuits

(d) Thermal imaging or other sensing technology.

(e) Air support.

(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

4. GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.

(b) The officer is acting alone.

(c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.

(d) The officer is unsure of his/her location and direction of travel.

(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.

(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.

(g) The officer loses radio contact with the dispatcher or with assisting or backup officers.

(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.

(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.

(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer known.
The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

5. RESPONSIBILITIES IN FOOT PURSUITS

5.1. INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel.
(b) Call sign identifier.
(c) Reason for the foot pursuit, such as the crime classification.
(d) Number of suspects and description, to include name if known.
(e) Whether the suspect is known or believed to be armed with a dangerous weapon.

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

5.2. ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.
5.3. SUPERVISOR RESPONSIBILITIES
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

5.4. THE COMMUNICATIONS CENTER RESPONSIBILITIES
Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved officers.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Shift Supervisor as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

308.6 REPORTING REQUIREMENTS
The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
(e) Involved vehicles and officers.
(f) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
(g) Arrestee information, if applicable.
(h) Any injuries and/or medical treatment.
(i) Any property or equipment damage.

(j) Name of the supervisor at the scene or who handled the incident.

(k) A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.
Officer Response to Calls

1. PURPOSE AND SCOPE
This policy provides officers with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

309.2 POLICY
It is the policy of this department to appropriately respond to emergency and nonemergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

309.3 RESPONSE TO CALLS
Officers responding to nonemergency calls shall proceed accordingly, unless they are sent or redirected to a higher priority call, and shall obey all traffic laws.

309.3.1 EMERGENCY CALLS
Officers should only respond to a call as an emergency response when so dispatched or when circumstances reasonably indicate an emergency response is required. This includes, but is not limited to (Md. Code TR § 21-106):

(a) When in pursuit or apprehending a violator or suspected violator.
(b) When responding to a reported emergency involving possible personal injury, death or significant property damage.
(c) When immediate assistance is requested by an officer or other law enforcement agency.

If an officer believes an emergency response to any call is appropriate, the officer shall immediately notify the dispatcher.

Officers not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

4. REQUESTING EMERGENCY ASSISTANCE
When requesting emergency assistance, the involved department member should reasonably believe there is an imminent threat to the safety of him/herself or another person, or that assistance is needed to prevent imminent serious harm to the public.

If circumstances permit, the requesting member should provide the following information:

- Identifying call sign
- Location of the emergency situation
- Suspect information, including weapons
- Reason for the request and type of emergency
Officer Response to Calls

- The number of officers or resources required
- Hazards and any known or potential dangers for responding officers

In any event where a situation has stabilized and emergency response is not required, the requesting member shall immediately notify the dispatcher.

5. SAFETY CONSIDERATIONS

Officers responding to an emergency call shall proceed immediately as appropriate and shall continuously operate the emergency vehicle lighting and siren as required by law (Md. Code TR § 21-106(c)).

Responding with emergency lights and siren does not relieve the operator of an emergency vehicle of the duty to continue to drive with due regard for the safety of all persons and property, and does not protect the operator from the consequences of reckless disregard for the safety of others. However the officer may, when responding to a call with an emergency response, and provided there is no endangerment or unnecessary risk to persons and property (Md. Code TR § 21-106(b)):

- Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- Exceed the speed limit.
- Disregard regulations governing direction of movement or turning in specified directions.
- Park or stand without regard to parking restrictions.

5.1. NUMBER OF OFFICERS ASSIGNED

Only the number of officers that are reasonably necessary should be assigned to respond to an emergency call or request for assistance.

An emergency response involving more than one police vehicle should be coordinated by the Communications Center to avoid any unanticipated intersecting of response routes. The dispatcher shall notify the Shift Supervisor or field supervisor, who will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

5.2. MOTORCYCLES

An officer operating a police motorcycle should not be assigned to an emergency response. However, an officer operating a police motorcycle in an emergency response should be replaced by an authorized emergency vehicle equipped with emergency lights and siren as soon as practicable.

6. EMERGENCY EQUIPMENT

Vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in an emergency response. Officers in such vehicles may provide support to pursuing vehicles as long as the vehicles are operated in compliance with all traffic laws. Those officers should terminate
their involvement in any emergency response immediately upon arrival of a sufficient number of emergency law enforcement vehicles.

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue accordingly. The officer shall notify the Shift Supervisor, field supervisor or the dispatcher of the equipment failure so that another officer may be assigned to the emergency response.

7. OFFICER RESPONSIBILITIES
The decision to initiate or continue an emergency response is at the discretion of the officer. If, in the officer's judgment, the weather, traffic and road conditions do not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the officer should immediately notify the dispatcher. An officer shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon receiving authorization or determining that an emergency response is appropriate, whenever practicable, an officer shall immediately give the location from which he/she is responding.

The first officer arriving at the emergency call should determine whether to increase or reduce the level of the response of additional officers and shall notify the dispatcher of his/her determination. Any subsequent change in the appropriate response level should be communicated to the dispatcher by the officer in charge of the scene unless a supervisor assumes this responsibility.

8. THE COMMUNICATIONS CENTER
When information reasonably indicates that the public is threatened with serious injury or death or an officer requests emergency assistance and immediate law enforcement response is needed, the dispatcher shall assign an emergency response and ensure acknowledgement and response of handling and assisting officers. In all other circumstances, the dispatcher shall obtain authorization from the Shift Supervisor or a field supervisor prior to assigning an emergency response.

309.8.1 RESPONSIBILITIES
Upon notification or assignment of an emergency response, the dispatcher is responsible for:

(a) Confirming the location from which the officer is responding or requesting assistance.
(b) Attempting to assign the closest available assisting officers to the location of the emergency call.
(c) Continuing to obtain and broadcast information as necessary concerning the response and monitoring the situation until it is stabilized or terminated.
(d) Notifying and coordinating allied emergency services (e.g., fire, emergency medical services).
(e) Notifying the Shift Supervisor as soon as practicable.

(f) Controlling all radio communications during the emergency and coordinating assistance under the direction of the Shift Supervisor or field supervisor.

309.9 SUPERVISOR RESPONSIBILITIES
Upon being notified that an emergency response has been initiated or requested, the Shift Supervisor or the field supervisor shall verify that:

(a) The proper response has been initiated.

(b) No more than those officers reasonably necessary under the circumstances are involved in the response.

(c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing officers into or out of the response, if necessary. If, in the supervisor's judgment, the circumstances require additional officers to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Supervisor or the field supervisor should consider the following:

- The type of call or crime involved
- The type and circumstances of the request
- The necessity of a timely response
- Weather, traffic and road conditions
- The location of the responding officers and the location of the incident
Canines

1. **PURPOSE AND SCOPE**
   This policy establishes guidelines for the use of canines to augment law enforcement services to the community. Highly skilled and trained teams of handlers and canines are used to supplement law enforcement operations to locate individuals, contraband and to apprehend criminal offenders.

2. **POLICY**
   It is the policy of the Glenarden Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

3. **ASSIGNMENT**
   The canine teams shall be assigned to assist and supplement the Operations Services Prince George County PD. Canine teams should function primarily in assisting or cover assignments. However, they may be assigned by the Shift Supervisor to other functions, such as routine calls for service, based on the current needs of the Department.

   Canine teams should not be assigned to handle matters that will take them out of service for extended periods of time unless absolutely necessary and only with the approval of the Shift Supervisor.

4. **CANINE COORDINATOR**
   The Chief of Police shall delegate certain responsibilities to a canine coordinator. The canine coordinator shall be appointed by and is directly responsible to the Operations Services Lieutenant or the authorized designee.

   The responsibilities of the canine coordinator include, but are not limited to:

   (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.

   (b) Maintaining liaison with the vendor kennel.

   (c) Maintaining liaison with command staff and functional supervisors.

   (d) Maintaining liaison with other agency canine coordinators.

   (e) Maintaining accurate records to document canine activities.

   (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.

   (g) Scheduling all canine-related activities.

   (h) Ensuring the canine teams are scheduled for continuous training to maximize their capabilities.
Canines

5. REQUESTS FOR CANINE TEAMS

Members within the Department are encouraged to freely solicit the use of a canine. Requests for a canine team from outside of the Operations Services Prince George County PD shall go through the canine coordinator or the Shift Supervisor.

5.1. OUTSIDE AGENCY REQUEST

The Shift Supervisor or the canine coordinator must approve all requests for canine assistance from outside agencies, subject to the following provisions:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.

(b) The handler shall have the ultimate authority to decline the use of the canine for any specific assignment.

(c) Calling out canine teams that are off-duty is discouraged.

(d) It shall be the responsibility of the canine handler to coordinate with outside agency personnel in order to minimize the risk of unintended injury.

(e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

5.2. PUBLIC DEMONSTRATION

All public requests for a canine team shall be approved by the canine coordinator prior to making any commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Handlers shall not demonstrate any apprehension work to the public unless authorized to do so by the canine coordinator.

310.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing or threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer or the handler.

(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require viewing the totality of the circumstances and the use of an objective reasonableness standard to review the decision to use a canine.
Absent a reasonable belief that a suspect has committed, is committing or threatening to commit a serious offense, mere flight from a pursuing officer shall not serve as good cause for the use of a canine to apprehend a suspect.

Canines

A canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Supervisor. Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such application should be conducted on-leash or under such conditions that the canine will not bite or otherwise injure the individual, if located.

In all applications, once the suspect has been located and no longer reasonably appears to represent a threat or risk of escape, the canine should be placed in a down-stay position or be otherwise secured as soon as it becomes reasonably practicable.

1. PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene shall carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

(a) The nature and seriousness of the suspected offense.
(b) Whether violence or weapons were used or are anticipated.
(c) The degree of resistance or threatened resistance, if any, the suspect has shown.
(d) The suspect’s known or perceived age.
(e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
(f) Any potential danger to the public and/or other officers at the scene if the canine is released.
(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

The handler will evaluate each situation and determine if the use of a canine is feasible and reasonable, and shall have the authority to decline the use of the canine. A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

2. WARNINGS AND ANNOUNCEMENTS

Unless it would otherwise increase the risk of injury or escape, a clearly audible warning to announce that a canine will be released if the suspect does not surrender shall be made prior to releasing a canine. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.
The canine handler, when practicable, shall first advise the supervisor of his/her decision if a warning is not given prior to releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

**Canines Reporting Deployments, Bites and Injuries**

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor shall be promptly notified and the injuries documented in a canine use report. The injured person shall be treated by emergency medical services personnel at the scene and transported to an appropriate medical facility as necessary. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine during deployment, operations, training, presentations, or under any other circumstances while on- or off-duty shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

The canine coordinator shall complete the Maryland Animal-Bite Report and Rabies Quarantine Agreement Form and make it available to the local health officer within 24 hours (COMAR 10.06.02.05).

**310.7 Non-Apprehension Guidelines**

Because canines have senses far superior to those of humans, they may be effectively utilized to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). In such circumstances it will be necessary for the handler to evaluate the conditions and ability of the canine in order to determine the feasibility of such an application.

(a) Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such applications should be conducted on-leash or under such conditions that the canine will not bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

(c) Throughout the deployment of the canine in such circumstances, the handler should give periodic verbal assurances that the canine will not bite or hurt the individual.

(d) Once the individual has been located, the canine should be placed in a down-stay or otherwise secured as soon as it becomes reasonably practicable.
1. **ARTICLE DETECTION**

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine should search in a manner that prevents unintended bites or injuries.

2. **CONTROLLED DANGEROUS SUBSTANCE DETECTION**

A canine trained in the detection of controlled dangerous substances (CDS) may be used in accordance with current law and under certain circumstances, including:

(a) The search of vehicles, buildings, bags and other articles.

(b) Assisting in the search for CDS during a search warrant service.

(c) Obtaining a search warrant by using the CDS-detection trained canine in support of probable cause.

A CDS-detection trained canine will not be used to search a person for CDS unless the canine is trained to passively indicate the presence of CDS.

3. **BOMB/EXPLOSIVE DETECTION**

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be warranted. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

(a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.

(b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes and trains).

(c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.

(d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

8. **HANDLER SELECTION**

The minimum qualifications for the assignment of canine handler include:

(a) An officer who is currently off probation.

(b) Residing in an adequately fenced, single-family residence (minimum 5-foot high fence with locking gates).

(c) A garage that can be secured and accommodate a canine vehicle.

(d) Living within 30 minutes travel time from the Prince George County Town limits.

(e) Agreeing to be assigned to the position for a minimum of three years.

310.9 **HANDLER RESPONSIBILITIES**

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.

(b) The handler shall maintain all department equipment under his/her control in a clean and
serviceable condition.

(c) When not in service, the handler shall store the canine vehicle in a locked garage, away from public view.

(d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Glenarden Police Department facility.

(e) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.

(f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.

(g) When off-duty, the canine shall be in a kennel provided by the Town at the home of the handler. When a canine is kenneled at the handler’s home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.

(h) The canine should be permitted to socialize in the home with the handler’s family for short periods of time and under the direct supervision of the handler.

(i) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Supervisor.

(j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Supervisor.

(k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

310.9.1 CANINE IN PUBLIC AREAS
The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.
When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

HANDLER COMPENSATION
The canine handler shall be available for call-out under conditions specified by the canine coordinator. The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement or memorandum of understanding between the handler and the Town (29 USC § 207).

11. CANINE INJURY AND MEDICAL CARE
In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Supervisor as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler’s personnel file.

12. TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of CDS and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines.

All canine training should be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Supervisor.

12.1. CONTINUED TRAINING
Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the Glenarden Police Department canine training provider.

(b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

12.2. **FAILURE TO SUCCESSFULLY COMPLETE TRAINING**

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

12.3. **TRAINING RECORDS**

All canine training records shall be maintained in the canine handler’s and the canine’s training file.

12.4. **TRAINING AIDS**

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled dangerous substances or explosives for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Glenarden Police Department may work with outside trainers with the applicable licenses or permits.

12.5. **CONTROLLED DANGEROUS SUBSTANCE TRAINING AIDS**

Officers acting in the performance of their official duties may possess or transfer controlled dangerous substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(f)). The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled dangerous substances seized by the Glenarden Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled dangerous substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request from the Drug Enforcement Agency (DEA) narcotics training aids.

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

12.6. **CONTROLLED DANGEROUS SUBSTANCE PROCEDURES**

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled dangerous substances and the ever-present danger of the canine’s accidental ingestion of these controlled dangerous substances, the following procedures shall be strictly followed:

(a) All controlled dangerous substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

(b) The weight and test results shall be recorded and maintained by this department.

(c) Any person possessing controlled dangerous substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled dangerous substances and shall keep records regarding any loss of, or damage to, those controlled dangerous substances.
Canines

All controlled dangerous substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler’s assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

(f) The canine coordinator shall periodically inspect every controlled dangerous substance training sample for damage or tampering and take any appropriate action.

(g) Any unusable controlled dangerous substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.

(h) All controlled dangerous substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

12.7. EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store or use explosives or destructive devices in compliance with state and federal laws (18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

(a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.

(b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.

(c) The canine coordinator shall be responsible to verify the explosive training aids on hand against the inventory ledger once each quarter.

(d) Only members of the canine team shall have access to the explosive training aids storage facility.

(e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.

(f) Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).
Canines and their handlers shall be licensed with the Maryland State Police prior to being used for law enforcement operations. The handler ID card should be carried by the handler whenever the canine is performing any law enforcement-related function. The canine ID tag shall be attached to the canine’s collar and kept on the licensed canine at all times, except when the canine is confined in a kennel or is under the personal charge of the licensed handler. Any change in a canine’s handler requires notification to the Maryland State Police (Md. Code PS § 2-313).

Missing ID cards and ID tags shall be replaced as soon as practicable.
Domestic Violence

1. PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of the Glenarden Police Department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence (Md. Code FL § 4-514).

311.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Domestic violence - Abuse occurring between current or former spouses or cohabitants, persons who have a child in common, or persons currently or formerly involved in a dating relationship (Md. Code FL § 4-701(c)).

2. POLICY
The Glenarden Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

3. OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

4. INVESTIGATIONS
The following guidelines shall be followed by officers when investigating domestic violence cases to protect the victim from harm (Md. Code FL § 4-502(a)(2)):

(a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
Domestic Violence

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries shall be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Prince George County PD in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize and remove any firearms upon a consent search or in plain view if appropriate and legally permitted. The officer shall provide information to the owner on the process of retaking possession of the firearm. The Department shall then provide safe storage during the pendency of any domestic violence proceeding (Md. Code FL § 4-511).

(i) When completing an incident or arrest report for violation of a court order, officers shall include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers shall take appropriate enforcement action when there is probable cause to believe an offense has occurred.

(k) Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence or abuse.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the violence or abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).

10. Speculation that the complainant may not follow through with the prosecution.

11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

311.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:
(a) Advised the victim that there is no guarantee the suspect will remain in custody.
(b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect’s release from jail.
(c) Advised the victim whether any type of court order will be in effect when the suspect is released from jail.

2. IF NO ARREST IS MADE
If no arrest is made, the officer should:
(a) Advise the parties of any options, including but not limited to:
   1. Voluntary separation of the parties.
   2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness assistance).
(b) Document the resolution in a report.

5. VICTIM ASSISTANCE
Because victims may be traumatized or confused, officers should be aware that a victim’s behavior and actions may be affected.
(a) Victims shall be provided with the department domestic violence information handout, even if the incident may not rise to the level of a crime (Md. Code FL § 4-503).
(b) Victims should also be alerted to any available victim advocates, shelters and community resources.
(c) When an involved person requests law enforcement assistance while removing essential items of personal property, officers shall accompany the person to the family home and stand by while personal clothing and effects are removed (Md. Code FL § 4-502(a)(2)(ii)).
(d) If the victim has sustained injury or complains of pain, officers shall seek medical assistance for the victim as soon as practicable.
(e) Officers should ask the victim whether he/she has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
Officers should make reasonable efforts to ensure that any children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

If appropriate, officers should seek or assist the victim in obtaining an interim protective order. Use the substitute address if the victim is registered in the state Address Confidentiality Program (Md. Code FL § 4-526(b)). Prepare a Lethality Assessment Form and advise victim accordingly.

6. DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

7. FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state (Md. Code FL § 4-508.1(b)).

8. VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.

(b) Check available records or databases that may show the status or conditions of the order.

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.
311.8.1 COURT-ORDERED SURRENDERED FIREARMS
If a respondent surrenders a firearm to the Department under a temporary or final court order, the officer shall provide the respondent information on the process for retaking possession of the firearm. The officer shall transport and store the firearm in a protective case, if one is available, and in a manner intended to prevent damage to the firearm during the time the protective order is in effect (Md. Code FL § 4-506.1).

311.9 STANDARDS FOR ARRESTS
Officers investigating a domestic violence report should consider the following:

(a) May arrest a person without a warrant if the report to law enforcement was made within 48 hours of the alleged incident and the officer has probable cause to believe that:
   1. The person battered the person's spouse or another person with whom the person resides;
   2. There is evidence of physical injury; and
   3. Unless the person is arrested immediately, the person:
      (a) May not be apprehended.
      (b) May cause physical injury or property damage to another.
      (c) May tamper with, dispose of, or destroy evidence.

(b) Shall arrest with or without a warrant and take into custody a person who the officer has probable cause to believe is in violation of an interim, temporary or final protective order in effect at the time of the violation (Md. Code FL § 4-509(b)).

(c) Shall arrest, with or without a warrant, and take into custody a person the officer has probable cause to believe is in violation of an order for protection that was issued by a court of another state or a Native American tribe, and that is in effect at the time of the violation if the person seeking the assistance (Md. Code FL § 4-508.1(c)):
   1. Has filed a copy of the order with the District Court or circuit court for the jurisdiction in which the person seeks assistance; or
   2. Displays or presents to the officer a copy of the order that appears valid on its face.

311.9.1 MUTUAL BATTERY
If an officer has probable cause to believe that mutual battery occurred and arrest is necessary, the officer shall consider whether one of the persons acted in self-defense to determine who was the primary aggressor (Md. Code CP § 2-204(b)).

10. REPORTS AND RECORDS
The Records Division (Prince George County PD) shall provide a copy of the domestic violence report to the victim upon request (Md. Code FL § 4-503.1).
11. SERVICE OF COURT ORDERS

11.1. INTERIM PROTECTIVE ORDER
An officer shall immediately on receipt of a petition and interim protective order, serve them on the respondent named in the order. Immediately after service, the officer shall submit the documents to the Records Division (Prince George County PD) who will make a return of service to the commissioner's office or, if the Office of the District Court Clerk (Clerk) is open for business, to the Clerk; and within two hours after service of the order, electronically notify the Department of Public Safety and Correctional Services (DPSCS) of the service (Md. Code FL § 4-504.1(g)).

11.2. TEMPORARY PROTECTIVE ORDER
An officer shall immediately serve the temporary protective order on the alleged abuser. Immediately after service the officer shall submit the documents to the Records Division (Prince George County PD) who will within two hours after service of the order on the respondent, electronically notify the DPSCS (Md. Code FL § 4-505(b)).
Search and Seizure

1. PURPOSE AND SCOPE
Both the federal and state constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Glenarden Police Department personnel to consider when dealing with search and seizure issues.

2. POLICY
It is the policy of the Glenarden Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate

3. SEARCHES
The United States Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
4. SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.

(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.

(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.

(e) Whenever practicable, a search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

(f) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:

1. Another officer or a supervisor should witness the search.

2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

5. DOCUMENTATION
Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.
Child Abuse

1. PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Glenarden Police Department members are required to notify the Department of Social Services of suspected child abuse.

313.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care, or by any other household member, or any other act that would mandate notification to a social service agency or law enforcement.

2. POLICY
The Glenarden Police Department will investigate all reported incidents of alleged criminal child abuse and ensure the Department of Social Services is notified as required by law.

3. MANDATORY NOTIFICATION
Members of the Glenarden Police Department shall notify the Department of Social Services when (COMAR 07.02.07.04; Md. Code FL § 5-704(a); Md. Code FL § 5-705(a)):

(a) They receive a report, either oral or in writing, of a known or suspected incident of child abuse or neglect.

(b) They have reason to believe that a child has been subjected to abuse or neglect.

For purposes of notification, abuse or neglect occurs when a child’s mental or physical well-being is at risk because a caregiver either causes a physical or mental injury to a child or fails to properly care for a child.

313.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (COMAR 07.02.07.04; Md. Code FL § 5-704(b)):

(a) The handling officer shall:

1. Make an oral report as soon as possible to the local Department of Social Services by telephone (301) 909-2000 or direct communication.

2. Make an oral report as soon as possible to the Prince George's County Police Department Child Abuse Unit (301) 772-4930.

3. Make a written report no later than 48 hours after having reason to believe that a child has been subjected to abuse, and forward a copy to the local State’s Attorney.

(b) The notification, insofar as is reasonably possible, shall include:
Child Abuse

1. The name, age and home address of the child.
2. The names and ages of other children in the home.
3. The name and home address of the child's parent or other person who is responsible for the child's care.
4. The whereabouts of the child.
5. The nature and extent of the abuse or neglect of the child, including any evidence or information concerning possible previous instances of abuse or neglect.
6. Any other information that would help to determine:
   (a) The cause of the suspected abuse or neglect.
   (b) The identity of any individual responsible for the abuse or neglect.
7. In the case of suspected child abuse or neglect involving a mental injury:
   (a) A description of the substantial impairment of the child's mental or psychological ability to function that is observed and identified.
   (b) An explanation of why it is believed the mental injury is attributable to maltreatment or failure to provide proper care and attention.

4. QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

   (a) Conduct interviews in child appropriate interview facilities.
   (b) Be familiar with forensic interview techniques specific to child abuse investigations.
   (c) Present all cases of alleged child abuse to the prosecutor for review.
   (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
   (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
   (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (COMAR 07.02.07.20; COMAR 07.02.07.21; Md. Code FL § 5-706(f); Md. Code FL § 5-706(g); Md. Code FL § 5-706.2(b)).

5. INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, officers shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:
(a) A thorough and timely investigation and report as required by state law (Md. Code FL § 5-706). This should be done by the investigating officer in all circumstances where a suspected child abuse victim is contacted.

(b) The exigent circumstances that existed if officers interview the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child is taken into protective custody, the reasons, the name and title of the person making the decision and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim is transported for medical treatment or a medical examination.

(g) Whether the victim identifies a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(k) Within 24 hours after receiving a report of suspected physical or sexual abuse of a child and within five days after receiving a report of suspected neglect or suspected mental injury of a child, the handling officer shall (COMAR 07.02.07.08; Md. Code FL § 5-706(c); Md. Code FL § 5-706.2(c)):

1. See the child.
2. Attempt to have an on-site interview with the child's caretaker.
3. Decide on the safety of the child, wherever the child is, and of other children in the household.
4. Decide on the safety of other children in the care or custody of the alleged abuser.

(l) Seek assistance from the local State’s Attorney as needed (Md. Code FL § 5-706(d)).

(m) Complete an investigation as soon as practicable but not later than the timeframes specified by state law (COMAR 07.02.07.09; Md. Code FL § 5-706(h); Md. Code FL § 5-706.2(d)).

All cases of the unexplained death of a child should be investigated as thoroughly as if it is a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).
6. PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the Department of Social Services. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the Department of Social Services.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may be temporarily removed from a parent or guardian, without prior approval of the juvenile court, when a representative of the local Department of Social Services has probable cause to believe that the child is in serious and immediate danger (Md. Code FL § 5-709).

313.6.1 SAFE HAVEN LAW

A mother, or a person with the permission of the mother, may relinquish an unharmed newborn within 10 days after birth to an officer when the mother expresses an interest in abandoning the child. As soon as possible, the officer shall take the newborn to a hospital or other facility designated by the Department of Human Resources (Md. Code CJ § 5-641).

7. INTERVIEWS

7.1. PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

7.2. DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
1. A reasonable belief that medical issues of the child need to be addressed immediately.

2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.

3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

8. MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child’s transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

An examination and emergency medical treatment may be provided for a child without parental consent if an officer states a belief that the child has been abused or neglected (COMAR 07.02.07.07(f)(3)).

9. DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

9.1. SUPERVISOR RESPONSIBILITIES
The Prince George County PD supervisor should:

(a) Work with professionals from the appropriate agencies, including the Department of Social Services, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by their exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Prince George County PD supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.
(d) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

Child Abuse
9.2. OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Prince George County PD supervisor so an interagency response can begin.

10. STATE MANDATES AND OTHER RELEVANT LAWS

Maryland requires or permits the following:

10.1. PROCESSING REPORTS AND RECORDS

The handling officer shall ensure that (COMAR 07.02.07.14; Md. Code FL § 5-706(i); Md. Code FL § 5-706 (j)):

(a) A preliminary report of findings of the investigation is submitted to the local State’s Attorney within 10 days after receiving a report of suspected abuse.

(b) A written report of findings of the investigation is submitted to the local State’s Attorney within five business days after the investigation is completed.

10.2. RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse are confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (COMAR 07.02.07.19; Md. Code FL § 5-707).

10.3. CHILD FATALITY REVIEW

This department will cooperate with a local or state child death review team (Md. Code FL § 5-706).

10.4. HOUSEHOLD ENTRY

Upon request, an officer shall accompany a representative of the Department of Social Services who has been denied entry into a household in which the representative has probable cause to believe that a child is in serious, immediate danger. If necessary, the officer may use reasonable force to enable the representative to gain entry (Md. Code FL § 5-709(b)).

313.11 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting forensic interviews.
(c) Availability of therapy services for children and families.
(d) Availability of specialized forensic medical exams.
(e) Cultural competence (including interpretive services) related to child abuse investigations.
(f) Availability of victim advocate or guardian ad litem support.
(g) Recognizing abuse that requires mandatory notification to another agency.
Adult Abuse

1. PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Glenarden Police Department members as required by law.

1.1. DEFINITIONS
Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

2. POLICY
The Glenarden Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

3. MANDATORY NOTIFICATION
Members of the Glenarden Police Department shall notify the local Department of Adult Protective Services (APS) when there is reason to believe that an adult who lacks the physical or mental capacity to provide for his/her own daily needs has been subjected to abuse, neglect, self-neglect or exploitation (Md. Code FL § 14-302(a)).

3.1. NOTIFICATION PROCEDURE
Notification shall occur as follows (Md. Code FL § 14-302):

(a) The officer investigating the case shall notify the local APS office by telephone, direct communication or in writing as soon as possible.

(b) The investigating officer shall include at least the following information as reasonably known:

1. The name, age and home address of the adult, including his/her current whereabouts.

2. The name and home address of the person responsible for the adult’s care.

3. The nature of the adult's suspected incapacity.

4. The nature and extent of the abuse, neglect, self-neglect or exploitation, including any reasonably known evidence or information concerning previous injury that may have resulted from abuse, neglect, self-neglect or exploitation.

5. Any other information that would help to determine the cause of the suspected abuse, neglect, self-neglect or exploitation, and the identity of any individual responsible for the abuse, neglect, self-neglect or exploitation.
Adult Abuse

4. QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

(a) Conduct interviews in appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to adult abuse investigations.

(c) Present all cases of alleged adult abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (COMAR 07.02.16.07(B)).

5. INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.

(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(h) Previous addresses of the victim and suspect.

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.
Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

6. PROTECTIVE CUSTODY

Adult Abuse

When an adult abuse victim is delivered to APS (Md. Code FL § 14-307)), Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation (Md. Code FL § 14-307)).

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS (Md. Code ET § 13-709(a)).

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

7. INTERVIEWS

7.1. PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

7.2. DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:

1. A reasonable belief that medical issues of the adult need to be addressed immediately.
2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.

3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

8. MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

9. DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

9.1. SUPERVISOR RESPONSIBILITIES
The Prince George County PD supervisor should:

(a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Prince George County PD supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

9.2. OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives there should:

If, in the course of an investigation, an APS representative believes that an emergency exists, the representative may request law enforcement assistance. Responding officers shall accompany the representative. If the officer believes that an emergency exists as described in Md. Code ET § 13-709(a), the officer shall ensure that the individual is transported to an appropriate health care facility (Md. Code FL § 14-304).

2. POLICY
The Glenarden Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

3. DEFINITIONS
Definitions related to this policy include:

3.1. DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on race, color, religion, sex, age, national origin or ancestry, genetic information, disability, military service, sexual orientation and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks, making slurs or off-color jokes, stereotyping, engaging in threatening acts, making indecent gestures, pictures, cartoons, posters or material, making inappropriate physical contact, or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

3.2. RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination,

3.3. SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person’s sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly as a term or condition of employment, position or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member’s work performance or creating an intimidating, hostile, or offensive work environment.

3.4. ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and the Maryland Commission on Civil Rights guidelines.

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with Town or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

4. RESPONSIBILITIES

This policy applies to all department members, who shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Director of Human Services or the Town Administrator.

Any member who believes, in good faith, that he/she has been discriminated against, harassed, subjected to retaliation, or who has observed harassment, discrimination or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.
Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

4.1. QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, manager, the Chief of Police, Director of Human Services or the Town Administrator for further information, direction or clarification.

4.2. SUPERVISOR RESPONSIBILITIES

The responsibilities of each supervisor and manager shall include, but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.

(c) Ensuring that their subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Chief of Police or Director of Human Services in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

4.3. SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following:

(a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline in a manner that is consistent with established procedures.
5. INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing offensive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

5.1. SUPERVISORY RESOLUTION

Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable, threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

5.2. FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted. The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but not be limited to, details of the specific incident, frequency dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Director of Human Services or the Town Administrator.

5.3. ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

315.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:
(a) Approved by the Chief of Police, the Town Administrator or the Director of Human Services, depending on the ranks of the involved parties.

While it is recognized that not all crime can be prevented, this department is committed to taking a proactive approach to preventing and preparing for likely hate crimes by:

(a) Making an affirmative effort to establish contact with persons and groups within the community who are likely targets of hate crimes, and forming networks that address prevention and response.

(b) Providing victim assistance, community follow-up or identifying available resources.

(c) Educating community and civic groups about hate crime laws.

The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member’s supervisors and any other rules or regulations applicable to employees of Prince George County.

2. **POLICY**
   The continued employment or appointment of every member of this department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

   Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

3.1. **UNLAWFUL OR CONFLICTING ORDERS**

Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

   No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

   Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.
Standards of Conduct
The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

5. CAUSES FOR DISCIPLINE

   Handwritten reports must be prepared legibly. If the report is not legible, the submitting member will be required by the reviewing supervisor to promptly make corrections and resubmit the report.

   In general, the narrative portion of reports where an arrest is made or when there is a long narrative should be typed or dictated. Members who dictate reports shall use appropriate grammar, as the content is not the responsibility of the typist.

   Members who generate reports on computers are subject to all requirements of this policy.

Media Relations

1. PURPOSE AND SCOPE
This policy provides guidelines for the release of official department information to the media. It also addresses coordinating media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

2. POLICY
It is the policy of the Glenarden Police Department to protect the privacy rights of individuals, while releasing non-confidential information to the media regarding topics of public concern. Information that has the potential to negatively affect investigations will not be released.

3. RESPONSIBILITIES
The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. In situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Lieutenants, Shift Supervisors and designated Press Information Officers (PIOs) may prepare and release information to the media in accordance with this policy and applicable laws regarding confidentiality.

4. PROVIDING ADVANCE INFORMATION
To protect the safety and rights of department members and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at a minimum, whether the release of information or the presence of the media would unreasonably endanger any individual or prejudice the rights of any person or is otherwise prohibited by law.

5. MEDIA REQUESTS
Any media request for information or access to a law enforcement incident shall be referred to the PIO, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, members shall consider the following:

(a) At no time shall any member of this department make any comment or release any official information to the media without prior approval from a supervisor or the PIO.

(b) In situations involving multiple agencies or government departments, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.
Media Relations
(c) Under no circumstance should any member of this department make any comment to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police. Under these circumstances, the member should direct the media to the agency handling the incident.

6. ACCESS
Authorized media representatives shall be provided access to scenes of disasters, criminal investigations, emergencies, and other law enforcement activities as required by law.

Access by the media is subject to the following conditions:
(a) The media representative shall produce valid media credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.
(b) Media representatives should be prevented from interfering and may be removed for interfering with emergency operations and criminal investigations.
   1. Based upon available resources, reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the PIO or other designated spokesperson.
(c) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express written consent of the person in custody.
(d) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved member.

1. CRITICAL OPERATIONS
A critical incident or tactical operation should be handled in the same manner as a crime scene, except the media should not be permitted within the inner perimeter of the incident, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a critical incident or tactical operation in order to accommodate the media. All comments to the media shall be coordinated through a supervisor or the PIO.

2. TEMPORARY FLIGHT RESTRICTIONS
Whenever the presence of media or other aircraft pose a threat to public or member safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Shift Supervisor. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).
323.7 CONFIDENTIAL OR RESTRICTED INFORMATION

It shall be the responsibility of the PIO to ensure that confidential or restricted information is not inappropriately released to the media (see the Records Maintenance and Release and Personnel Records Maintenance Policies). When in doubt, authorized and available legal counsel should be consulted prior to releasing any information.

323.7.1 EMPLOYEE INFORMATION

The identities of officers involved in shootings or other critical incidents may only be released to the media upon the consent of the involved officer or upon a formal request filed and processed in accordance with the Maryland Public Information Act (see the Records Maintenance and Release Policy).

Any requests for copies of related reports or additional information not contained in the information log (see the Information Log section in this policy), including the identity of officers involved in shootings or other critical incidents, shall be referred to the PIO, the Custodian of Records, or if unavailable, the Shift Supervisor. Such requests will be processed in accordance with the provisions of the Maryland Public Information Act (see the Records Maintenance and Release Policy).

323.8 RELEASE OF INFORMATION

The Department may routinely release information to the media without receiving a specific request. This may include media releases regarding critical incidents, information of public concern, updates regarding significant incidents or requests for public assistance in solving crimes or identifying suspects. This information may also be released through the department website or other electronic data sources.

323.8.1 INFORMATION LOG

The Department will maintain a daily information log of significant law enforcement activities. Log entries shall only contain information that is deemed public information and not restricted or confidential by this policy or applicable law. Upon request, the log entries shall be made available to media representatives through the Shift Supervisor.

The daily information log will generally include:

(a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual, jeopardize the successful completion of any ongoing investigation or is confidential (e.g., juveniles or certain victims).

(b) The date, time, location, case number, name, birth date and charges for each person arrested by this department, unless the release of such information would endanger the safety of any individual, jeopardize the successful completion of any ongoing investigation or is confidential (e.g., juveniles).

(c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident.
PURPOSE AND SCOPE
This policy establishes the guidelines for department members who must appear in court. It will allow the Glenarden Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

1. POLICY
Glenarden Police Department members will respond appropriately to all subpoenas and any other court ordered appearances.

2. SUBPOENAS
Only department members authorized to receive a subpoena on behalf of the department or any of its members may do so.

2.1. SPECIAL NOTIFICATION REQUIREMENTS
Any member who is subpoenaed to testify, agrees to testify or provides information on behalf or at the request of any party other than the Town Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

(a) Any civil case where the Town or one of its members, as a result of his/her official capacity, is a party.
(b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.
(c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.
(d) Any civil action stemming from the member’s on-duty activity or because of his/her association with the Glenarden Police Department.
(e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Glenarden Police Department.

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

2.2. CIVIL SUBPOENA
The Department will compensate members who appear in their official capacity on civil matters arising out of their official duties, as directed by the current collective bargaining agreement or memorandum of understanding.
Subpoenas and Court Appearances

The Department should seek reimbursement for the member’s compensation through the civil attorney of record who subpoenaed the member.

2.3. OFF-DUTY RELATED SUBPOENAS
Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

3. FAILURE TO APPEAR
Any member who fails to comply with the terms of any properly served subpoena or court ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

4. STANDBY
To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

5. COURTROOM PROTOCOL
Members must be punctual when appearing in court and shall be prepared to proceed immediately with the case for which they are scheduled to appear.

Members shall dress in the department uniform or business attire.

Members shall observe all rules of the court in which they are appearing and shall remain alert to changes in the assigned courtroom where their matter is to be heard.

5.1. TESTIMONY
Before the date of testifying, the subpoenaed member shall request a copy of relevant reports and become familiar with the content in order to be prepared for court.

324.7 OVERTIME APPEARANCES
When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with the current collective bargaining agreement or memorandum of understanding.
Outside Agency Assistance

1. PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

2. POLICY
It is the policy of the Glenarden Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

3. ASSISTING OUTSIDE AGENCIES
Generally, requests for any type of assistance from another agency should be routed to the Shift Supervisor’s office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Shift Supervisor may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency. When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

325.3.1 INITIATED ACTIVITY
Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Glenarden Police Department shall notify his/her supervisor or the Shift Supervisor and the Communications Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

4. REQUESTING OUTSIDE ASSISTANCE
If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.
Outside Agency Assistance

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

5. REPORTING REQUIREMENTS
Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift Supervisor.

6. MANDATORY SHARING
Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Lieutenant or the authorized designee.

The documentation should include:
(a) The conditions relative to sharing.
(b) The training requirements for:
   1. The use of the supplies and equipment.
   2. The members trained in the use of the supplies and equipment.
(c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to the Communications Center and the Shift Supervisor to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Training Coordinator should maintain documentation that the appropriate members have received the required training.

Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

326.6 INTERNAL DISSEMINATION OF INFORMATION

As soon as possible but not later than 3 working days after receiving notice of registration or change in registration information from another local law enforcement unit, the Department shall send a copy of the notice to the commander of each precinct or district in which the offender resides, habitually lives, works or attends school (Md. 2. POLICY
It is the policy of the Glenarden Police Department to respond, document and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide and homicide, shall be initiated, investigated and properly documented.

3. INVESTIGATION CONSIDERATIONS
Emergency medical services shall be called in all suspected death cases unless death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Investigative Services Prince George County PD Commander as necessary. The Shift Supervisor will make notification to command staff in accordance with the Major Incident Notification Policy.

3.1. REPORTING
All incidents involving a death shall be documented on the appropriate form.

3.2. MEDICALEXAMINERJOP REQUEST
Officers are not authorized to pronounce death unless they are also Medical Examiners, Deputy Medical Examiners or appointed Medical Examiner investigators. The Medical Examiner shall be called in all sudden or unexpected deaths or deaths due to other than natural causes. State law requires that the Medical Examiner and the State’s Attorney for the county where the body was found be notified and given the known facts concerning the time, place, manner and circumstances of the death in any of the following cases (Md. Code HG § 5-309):

(a) If the death occurred:
   1. By violence.
   2. By suicide.
   3. By casualty.
   4. Suddenly, if the deceased was in apparent good health or unattended by a physician.
**Death Investigation**

5. In any suspicious or unusual manner.

(b) If the death of a human fetus:

1. Occurred before the complete expulsion or extraction of the fetus from the mother when the mother was not attended by a physician at or after the delivery, regardless of the duration of the pregnancy.

**3.3. SEARCHING DEAD BODIES**

(a) The Medical Examiner, his/her assistant and authorized investigators are generally the only persons permitted to move, handle or search a dead body.

(b) An officer may make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for the purpose of identification or for information identifying the individual as an anatomical donor. If a donor document is located, the Medical Examiner or his/her assistant shall be promptly notified.

(c) The Medical Examiner, with the permission of the Department, may take property, objects or articles found on the deceased or in the immediate vicinity of the deceased that may be necessary for conducting an investigation to determine the identity of the deceased or the cause or manner of death.

(d) Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Medical Examiner or his/her assistant, the investigating officer should first obtain verbal consent from the Medical Examiner or his/her assistant when practicable.

(e) Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Medical Examiner or his/her assistant. The name and address of this person shall be included in the narrative of the death report.

(f) Whenever personal effects are removed from the body of the deceased by the Medical Examiner or his/her assistant, a receipt shall be obtained. This receipt shall be attached to the death report.

**3.4. SUSPECTED HOMICIDE**

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Prince George County PD shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Shift Supervisor or Prince George County PD supervisor is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.
The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of his/her supervisor, request the Medical Examiner to conduct physical examinations and tests, and to provide a report.

**Death Investigation**

3.5. **EMPLOYMENT-RELATED DEATHS OR INJURIES**

Any member of this department who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified of all pertinent information.

4. **UNIDENTIFIED DEAD BODY**

If the identity of a dead body cannot be established, the handling officer will request from the Medical Examiner a unique identifying number for the body. The number shall be included in any report.

5. **DEATH NOTIFICATION**

When reasonably practicable, and if not handled by the Medical Examiner’s Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.
Identity Theft

1. PURPOSE AND SCOPE
   The purpose of this policy is to provide guidelines for the investigation of identity theft.

2. POLICY
   It is the policy of the Glenarden Police Department to effectively investigate cases of identity theft.

3. ACCEPTANCE OF REPORTS
   A report should be taken any time a person residing within the jurisdiction of the Glenarden Police Department reports that he/she has been a victim of identity theft. This includes:
   
   (a) Taking a report even if the location of the crime is outside the jurisdiction of this department or has not been determined.
   
   (b) Providing the victim with department information, as set forth in the Victim and Witness Assistance Policy and encourage the individual to review the material, and assist with any questions.

   A report should also be taken if a person living outside the department jurisdiction reports an identity theft that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in Prince George County to facilitate the crime).

4. FOLLOW-UP INVESTIGATION
   Members of this department presented with the crime of identity theft shall prepare and file a report and provide a copy to the person making the report when (Md. Code CR § 8-304):
   
   (a) The person resides in any part of the county.
   
   (b) The crime occurred in any part of the county.

   A member investigating a case of identity theft should ensure that each case is referred to the appropriate agency if it is determined that this department should not be the investigating agency (e.g., an identity theft ring working from out of state). The victim should be advised that the case is being transferred to the agency of jurisdiction for investigation. The investigating member should also ensure that appropriate entries are made into related databases that have been authorized for department use.

5. IDENTITY THEFT PASSPORT
   Upon request by a person who is the victim of identity theft, Records Division (Prince George County PD) staff shall submit an application for an identity theft passport and a copy of the person’s identity theft report to the Attorney General (Md. Code CR § 8-305(c)).
Identity Theft

An application for an identity theft passport and any supporting documents are not public records and may not be released except to another law enforcement agency.

329.5.1 ACCEPTANCE OF IDENTITY THEFT PASSPORT
Officers have discretion whether to accept or reject an identity theft passport that an individual presents to help prevent his/her arrest or detention when another person has committed an offense and used the individual’s personal identifying information. In determining whether to accept or reject an identity theft passport presented to this department, the officer may consider the surrounding circumstances and available information regarding the offense of identity fraud against the person (Md. Code CR § 8-305(f)).
Private Person’s Arrest

1. PURPOSE AND SCOPE
This policy provides guidance for the handling and acceptance of a private person’s arrest.

2. POLICY
It is the policy of the Glenarden Police Department to accept a private person’s arrest only when legal and appropriate.

3. ARRESTS BY PRIVATE PERSON
A private person may arrest another under the following circumstances:

(a) An arrest without a warrant varies based on the nature of the crime.

(b) If the crime is a felony, a private person can make an arrest if:
   1. A felony is being committed in the private person’s presence.
   2. A felony has in fact been committed and the private person making the arrest has probable cause to believe the individual arrested has committed the felony, whether or not in the private person’s presence.

(c) If the crime is a misdemeanor, a private person can make an arrest if the misdemeanor amounts to a breach of the peace and is committed in the private person’s presence or view.

4. OFFICER RESPONSIBILITIES
An officer confronted with a person claiming to have made a private person’s arrest should determine whether or not such an arrest would be lawful.

If the officer determines that the private person’s arrest is unlawful, the officer should:

(a) Take no action to further detain or restrain the arrested individual, unless there is independent justification for continuing a detention.

(b) Advise the parties that the arrest will not be accepted but the circumstances will be documented in a report.

(c) Document the incident, including the basis for refusing to accept custody of the individual.

Whenever an officer determines that a private person’s arrest is justified, the officer may take the individual into custody and proceed in the same manner as with any other arrest.

5. PRIVATE PERSON’S ARREST FORM
The arresting person should be asked to complete and sign a private person’s arrest form. If the person fails or refuses to do so, the arrested individual should be released, unless the officer has a lawful reason, independent of the private person’s arrest, to take the individual into custody and determines an arrest is appropriate.
1. PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

331.1.1 DEFINITIONS

Definitions related to this policy include:

**Authorized interpreter** - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

**Interpret or interpretation** - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

**Limited English proficient (LEP)** - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

**Qualified bilingual member** - A member of the Glenarden Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

**Translate or translation** - The replacement of written text from one language (source language) into an equivalent written text (target language).

2. POLICY

It is the policy of the Glenarden Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members (see generally Md. Code SG § 10-1101 et seq.).

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

3. LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP coordinator. The coordinator shall be appointed by and directly responsible to the Operations Services Lieutenant or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:
**Limited English Proficiency Services**

(a) Coordinating and implementing all aspects of the Glenarden Police Department’s LEP services to LEP individuals.

(b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.

(c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Supervisor and Dispatch Supervisor. The list should include information regarding the following:
   1. Languages spoken
   2. Contact information
   3. Availability

(d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.

(e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

(f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.

(g) Identifying standards and assessments to be used by this department to qualify individuals as qualified bilingual members or authorized interpreters.

(h) Periodically reviewing efforts of this department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.

(i) Receiving and responding to complaints regarding department LEP services.

(j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

4. **FOUR-FACTOR ANALYSIS**

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of the following four factors, which are:
(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of this department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

5. TYPES OF LEP ASSISTANCE AVAILABLE
Glenarden Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own. Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

6. WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

7. AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

8. QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.
When a qualified bilingual member from this department is not available, personnel from other Town departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

Limited English Proficiency Services

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

1. SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other Town departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.
Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

10. CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or when other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

11. RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Glenarden Police Department will take reasonable steps and will work with the Personnel Department to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

331.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller’s language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.
Dispachers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate. While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information outlined in this policy.

12. FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

13. INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual’s bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.
14. **CUSTODIAL INTERROGATIONS**

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or inappropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

15. **BOOKINGS**

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee’s health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

16. **COMPLAINTS**

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

17. **COMMUNITY OUTREACH**

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

18. **TRAINING**

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.
The Training Coordinator shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all LEP training provided, and will retain a copy in each member’s training file in accordance with the established records retention schedule.

331.18.1 TRAINING FOR AUTHORIZED INTERPRETERS
All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Coordinator shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.
Communications with Persons with Disabilities

1. PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

1.1. DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

2. POLICY
It is the policy of the Glenarden Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities. The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

3. AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Chief of Police shall delegate certain responsibilities to an ADA coordinator (28 CFR 35.107). The coordinator shall be appointed by and directly responsible to the Operations Services Lieutenant or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

(a) Working with the Town ADA coordinator regarding the Glenarden Police Department’s efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.
Communications with Persons with Disabilities

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Supervisor and Dispatch Supervisor. The list should include information regarding the following:
   1. Contact information
   2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to individuals with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

4. FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate his/her understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

5. INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.
Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual’s choice of auxiliary aid or service.

The individual’s preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Glenarden Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

6. **TYPES OF ASSISTANCE AVAILABLE**
Glenarden Police Department members shall never refuse an available service to an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to disabled individuals through a variety of services.

Disabled individuals may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.
7. **AUDIO RECORDINGS AND ENLARGED PRINT**

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

8. **QUALIFIED INTERPRETERS**

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding. Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.

(b) Experienced in providing interpretation services related to law enforcement matters.

(c) Familiar with the use of VRS and/or video remote interpreting services.

(d) Certified in either American Sign Language (ASL) or Signed English (SE).

(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

9. **TTY AND RELAY SERVICES**

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications. The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162). Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.
10. **COMMUNITY VOLUNTEERS**
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

11. **FAMILY AND FRIENDS**
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

12. **REPORTING**
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual’s express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

13. **FIELD ENFORCEMENT**
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.
The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual’s preferred method of communication when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

13.1. FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

14. CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.
In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

15. ARRESTS AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

16. COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the ADA coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

17. COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

18. TRAINING
To ensure that all members who may have contact with disabled individuals are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.
(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

The Training Coordinator shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including those who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Coordinator shall maintain records of all training provided, and will retain a copy in each member’s training file in accordance with the established records retention schedule.

332.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.

(b) ASL syntax and accepted abbreviations.

(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.

(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Communications Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.
Biological Samples

1. PURPOSE AND SCOPE
This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from an individual in conjunction with a criminal investigation, including voluntary samples. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

2. POLICY
The Glenarden Police Department will assist in the expeditious collection of required biological samples from arrestees during booking in accordance with the laws of this state and with as little reliance on force as practicable (COMAR 29.05.01.04(B)).

3. ARRESTEES AND OFFENDERS SUBJECT TO BIOLOGICAL SAMPLE COLLECTION
A biological sample shall be collected from an individual who is charged with a crime of violence or an attempt to commit a crime of violence, or burglary or an attempt to commit burglary (Md. Code PS § 2-504(a)(3)). An individual convicted of a felony or a violation of Md. Code CR § 6-205 or Md. Code CR § 6-206 shall have a biological sample collected at the time of sentence, or on intake to a correctional facility, or as a condition of probation (Md. Code PS § 2-504(a)(1)). These samples are generally collected by correctional staff.

4. PROCEDURE
At the time of collection of the biological sample, the Department must notify the individual that the biological record may be expunged and the biological sample destroyed in accordance with Md. Code PS § 2-511 (Md. Code PS § 2-504(a)(3)(ii)).

When an arrestee or offender is required to provide a biological sample, a designated and trained member shall obtain the sample in accordance with this policy (Md. Code PS § 2-504(c)). A second biological sample shall be taken if needed to obtain sufficient biological data for the statewide DNA data base system or if ordered by a court (Md. Code PS § 2-504(e).

333.4.1 COLLECTION
The following steps should be taken to collect a sample:

(a) Verify the identity of the arrestee or offender and that the individual is required to provide a sample pursuant to state law (COMAR 29.05.01.04(K)).
Biological Samples

(b) Verify that a biological sample has not been previously collected from the arrestee or offender by querying the statewide DNA database. There is no need to obtain a biological sample if one has been previously obtained (COMAR 29.05.01.04(B)(4)).

(c) Use the designated collection kit to perform the collection, following directions and taking steps to avoid cross contamination (COMAR 29.05.01.04(J).

333.5 USE OF FORCE TO OBTAIN SAMPLES
If an arrestee or offender refuses to cooperate with the sample collection process, members should attempt to identify the reason for refusal and seek voluntary compliance. Reasonable force may be used in the collection of samples as authorized by court order or approval of legal counsel and only with the approval of a supervisor (COMAR 29.05.01.04(C)).

Methods to consider when seeking voluntary compliance include contacting:

(a) The individual’s parole or probation officer, when applicable.

(b) The prosecuting attorney to seek additional charges against the individual for failure to comply or to otherwise bring the refusal before a judge.

(c) The judge at the individual’s next court appearance.

(d) The individual’s attorney.

(e) A chaplain.

(f) Another custody facility with additional resources, where the individual can be transferred to better facilitate sample collection.

(g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use reasonable force and be present to document the process.

333.5.1 VIDEO RECORDING
A video recording should be made any time force is used to obtain a biological sample. The recording should document all persons participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the established records retention schedule.

6.   LEGAL MANDATES AND RELEVANT LAWS
Immediately after a biological sample is obtained it shall be placed in the kit provided, sealed, and within 24 hours, transported or mailed to the Forensic Sciences Division of the Department of State Police Crime Laboratory (COMAR 29.05.01.04(M). Possession of, or access to, individually identifiable biological information contained in the statewide DNA data base system or statewide DNA repository is confidential and may not be willfully disclosed in any manner to a person or agency not entitled to receive the information.
A member may not, without authorization, willfully obtain individually identifiable biological information from the statewide DNA data base system or statewide DNA repository (Md. Code PS § 2-512).

**Biological Samples**

7. **REPORTING**

The Records Division (Prince George County PD) shall make the following reports:

(a) To the Department of State Police on or before January 31, the information for the preceding calendar year necessary to compile statistical information as required by Md. Code PS § 2-513.

(b) To the Governor’s Office of Crime Control and Prevention on or before April 1 of every even numbered year, the status of crime scene DNA collection and analysis for the preceding year pursuant to Md. Code PS § 2-514.

Public Safety Video Surveillance System

1. PURPOSE AND SCOPE
This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio video systems, covert audio video systems or any other image capturing devices used by the Department.

2. POLICY
The Glenarden Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the Town to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist Town officials in providing services to the community. Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

3. OPERATIONAL GUIDELINES
Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

3.1. PLACEMENT AND MONITORING
Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected Town divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions should also be evaluated when determining placement.

Cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high value or high threat areas. The public safety video surveillance system may be useful for the following purposes:

(a) To prevent, deter and identify criminal activity.

(b) To target identified areas of gang and narcotics complaints or activity.

(c) To respond to critical incidents.
Public Safety Video Surveillance System

(d) To assist in identifying, apprehending and prosecuting offenders.

(e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers.

(f) To augment resources in a cost effective manner.

(g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Shift Supervisor’s office and the Communications Center. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Shift Supervisor or trained the Communications Center personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

3.2. CAMERA MARKINGS

All public areas monitored by public safety surveillance equipment shall be marked in a conspicuous manner with appropriate signs to inform the public that the area is under police surveillance. Signs should be well lit, placed appropriately and without obstruction to ensure visibility.

3.3. INTEGRATION WITH OTHER TECHNOLOGY

The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and shall evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems, and video enhancement or other analytical technology, requires additional safeguards.

4. VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.
4.1. **VIDEO LOG**

A log should be maintained at all locations where video surveillance equipment is located. The log should be used to document all persons not assigned to the monitoring locations who have been given access to view or monitor images provided by the video surveillance cameras. The logs should, at a minimum, record the:

(a) Date and time access was given.
(b) Name and agency of the person being given access to the images.
(c) Name of person authorizing access.
(d) Identifiable portion of images viewed.

4.2. **PROHIBITED ACTIVITY**

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individual characteristics including, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.

Video surveillance equipment shall not be used to harass, intimidate or discriminate against any individual or group.

335.5 **STORAGE AND RETENTION OF MEDIA**

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule (Md. Code SG § 10-610; COMAR 14.18.02.04).

335.5.1 **EVIDENTIARY INTEGRITY**

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
6. RELEASE OF VIDEO IMAGES
All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Glenarden Police Department.

Requests for recorded images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Shift Supervisor for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

7. VIDEO SURVEILLANCE AUDIT
The Chief of Police or the authorized designee will conduct an annual review of the public safety video surveillance system. The review should include an analysis of the cost, benefit and effectiveness of the system, including any public safety issues that were effectively addressed or any significant prosecutions that resulted, and any systemic operational or administrative issues that were identified, including those related to training, discipline or policy.

The results of each review shall be appropriately documented and maintained by the Chief of Police or the authorized designee and other applicable advisory bodies. Any recommendations for training or policy should be promptly addressed.

8. TRAINING
All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.
Child and Dependent Adult Safety

1. **PURPOSE AND SCOPE**
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department. This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

2. **POLICY**
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Glenarden Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected.

3. **PROCEDURES DURING AN ARREST**
When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

   (a) Inquire about and confirm the location of any children or dependent adults.

   (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

   (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should consider reasonable alternatives to arresting a parent, guardian or caregiver in the presence of his/her child or dependent adult. Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

1. **AFTER AN ARREST**
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.
Child and Dependent Adult Safety

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.

1. Except when an existing court order limits contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

2. Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(c) Notify child protective services or the adult protective services through the local Departments of Social Services, if appropriate.

(d) Notify the field supervisor or Shift Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

2. DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make telephone calls to arrange for the care of any child or dependent adult in accordance with the Temporary Custody of Adults Policy.

If an arrestee is unable to arrange for the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

3. REPORTING

4.

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name

2. Sex
3. Sex 
4. Age 
5. How, where and with whom or which agency the child was placed

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name

4. DEPENDENT WELFARE SERVICES
Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should consider contacting the appropriate welfare service or other department-approved social service agency to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

5. TRAINING
The Training Coordinator is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.
Service Animals

1. PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

1.1. DEFINITIONS
Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler’s control, the facility can accommodate the horse’s type, size and weight, and the horse’s presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

2. POLICY
It is the policy of the Glenarden Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

3. IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
Service Animals
Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

4. MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Glenarden Police Department affords to all members of the public (28 CFR 35.136).

4.1. INQUIRY
If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

4.2. CONTACT
Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

4.3. REMOVAL
If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. The barking of a dog alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.
4.4. COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

A primary qualification for participation in the application process should be an interest in and an ability to assist the Department in serving the public. Requests for volunteers should be submitted in writing by interested department members to the volunteer coordinator through the requester’s immediate supervisor. A complete description of the volunteer’s duties and a requested time frame should be included in the request. department shall not utilize the services of volunteers in such a way that it would violate employment
laws, collective bargaining agreements or memorandums of understanding (e.g., a detention officer

with the Personnel Department prior to allowing regular department personnel to serve in a volunteer
capacity (29 CFR 553.30).

Volunteers shall be required to adhere to all department policies and procedures. A copy of the policies and procedures will be made available to each volunteer upon appointment. The volunteer shall become thoroughly familiar with these policies.

A volunteer’s training should correspond to his/her assignment as determined by the volunteer coordinator. Volunteers will be provided with an orientation program to acquaint them with the policies of the Department and law enforcement procedures applicable to their assignments.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete the required tasks, and should receive ongoing training as deemed appropriate by their supervisors or the volunteer coordinator.

The volunteer shall become knowledgeable of the subject matter and proficient with the skills as set forth in the training materials.

338.10 SUPERVISION

Each volunteer must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the volunteer’s assigned duties. The following are some considerations that supervisors should keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to members on all levels.

(b) Ensure volunteers have work space and necessary office supplies.

(c) Make sure the work is challenging. Do not hesitate to give volunteers an assignment or task that will tap these valuable resources.

A volunteer may be assigned as a supervisor of other volunteers, provided that the supervising volunteer is under the direct supervision of Glenarden Police Department personnel.

1. EVALUATIONS

Only that information specifically identified and approved by authorized members shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

A volunteer whose assignment requires the use of, or access to, confidential information will be required to have his/her fingerprints submitted to the Maryland Criminal Justice Information System (CJIS) to obtain clearance. Volunteers working this type of assignment will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information verbally, in writing or by any other means by the volunteer is grounds for immediate dismissal and possible criminal prosecution. Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to newspapers or other periodicals, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

338.11.1 RADIO AND MDT USAGE

Volunteers shall successfully complete state and federal database access training and radio procedures training prior to using the police radio or MDT and shall comply with all related provisions. If a volunteer has a personnel complaint made against him/her or becomes involved in an internal investigation, the matter shall be investigated in compliance with the Personnel Complaints Policy.

Volunteers are considered at-will and may be removed from service at the discretion of the Chief of Police, with or without cause. Volunteers shall have no property interest in their continued appointments. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice and a reason for their decision.

338.13.1 EXIT INTERVIEWS
The volunteer coordinator should conduct exit interviews, where possible. These interviews should ascertain why the volunteer is leaving the position and should solicit the volunteer’s suggestions on improving the position. When appropriate, an exit interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

1. PURPOSE AND SCOPE
This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

339.1.1 DEFINITIONS
Definitions related to this policy include (43 CFR 10.2):

Funerary objects and associated funerary objects - Objects that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains, or that were made exclusively for burial purposes or to contain human remains.

Native American human remains - The physical remains of the body of a person of Native American ancestry.

Objects of cultural patrimony - Objects having ongoing historical, traditional, or cultural importance that is central to the Native American group or culture itself, and therefore cannot be appropriated or conveyed by any individual, including members of the Native American group or Native Hawaiian organization. Such objects must have been considered inalienable by the Native American group at the time the object was separated from the group.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

2. POLICY
It is the policy of the Glenarden Police Department that the protection of Native American human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption or complicated custody transfer processes.

3. COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT
Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.4).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.
Native American Graves Protection and Repatriation

Without delay, the appropriate agency or group shall be notified to respond and take control of the scene. These include the following (43 CFR 10.4):

- Federal land - Appropriate agency at the U.S. Department of the Interior or U.S. Department of Agriculture
- State land - The Maryland Historical Trust and the Maryland Commission on Indian Affairs (COMAR 34.04.06.01 et seq.)

5. DISPOSITION OF REMAINS
This department shall cooperate with other government agencies, the Maryland Commission on Indian Affairs, the Advisory Committee on Archeology, the Burial Sites and Objects Review Committee and the Maryland Historical Trust to accomplish the appropriate disposition of Native American human remains (COMAR 34.04.06.01 et seq.).
Off-Duty Law Enforcement Actions

1. PURPOSE AND SCOPE
This policy is intended to provide guidelines for officers of the Glenarden Police Department with respect to taking law enforcement action while off-duty.

2. POLICY
It is the policy of the Glenarden Police Department that officers generally should not initiate law enforcement action while off-duty. Officers are not expected to place themselves in unreasonable peril and should first consider reporting and monitoring the activity. However, any officer who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage or loss may take reasonable action to minimize or eliminate the threat.

3. DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. Officers should consider waiting for on-duty uniformed peace officers to arrive and gather as much accurate intelligence as possible, instead of immediately intervening. However, should an officer decide to intervene, he/she must evaluate whether the action is necessary or desirable, and should take into consideration:

(a) The potential to be misidentified by other peace officers.
(b) The potential to be misidentified by members of the public, who may be armed or who may take action.
(c) The tactical disadvantage of being alone and the possibility of multiple or hidden suspects.
(d) Limited off-duty firearms capabilities and ammunition.
(e) The inability to communicate with responding peace officers.
(f) The lack of equipment, such as body armor, handcuffs or control devices.
(g) Unfamiliarity with the surroundings, including escape routes.
(h) The potential for increased risk to bystanders by confronting a suspect or taking action.

340.3.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. If possible, the dispatcher receiving the call should obtain a description of the off-duty officer from the caller and broadcast that information to responding officers.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an officer with the Glenarden Police Department until acknowledged. Official identification should also be displayed when possible.
Off-Duty Law Enforcement Actions

4. CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she is working in an undercover capacity.

4.1. NON-SWORN RESPONSIBILITIES
Non-sworn members should not become involved in any law enforcement action while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

4.2. INCIDENTS OF PERSONAL INTEREST
Department members should refrain from handling incidents of personal interest (e.g., family or neighbor disputes) and should remain neutral. In such circumstances members should call the responsible agency to handle the matter.

340.5 REPORTING
If prior notification to the appropriate local law enforcement agency is not reasonably possible before taking action, the officer shall notify the agency as soon as reasonably practicable. Officers shall cooperate fully with the agency having jurisdiction by providing statements or reports as requested or as appropriate.

Officers shall notify the Shift Supervisor regarding any law enforcement action taken while off-duty. The Shift Supervisor may send a supervisor to the location. The supervisor may request assistance from the Prince George County PD, if deemed appropriate.

The Shift Supervisor shall determine whether a criminal or administrative report should be completed by the involved officer.

Authorized members shall use only department-approved equipment during the normal course of duties to post and monitor department-related social media, unless they are specifically authorized to do otherwise by their supervisors.

The Chief of Police may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor prior to posting. Requests to post information over department social media by members who are not authorized to post should be made through the member’s chain of command.

341.5 PROHIBITED CONTENT
Content that is prohibited from posting includes, but is not limited to:

(c) Any information that could compromise an ongoing investigation.
(d) Any information that could tend to compromise or damage the mission, function, reputation or professionalism of the Glenarden Police Department or its members.
(e) Any information that could compromise the safety and security of department operations, members of the Department, victims, suspects or the public.
(f) Any content posted for personal use.
(g) Any content that has not been properly authorized by this policy or a supervisor.

Any member who becomes aware of content on this department’s social media site that he/she believes is unauthorized or inappropriate should promptly report such content to a supervisor. The supervisor will ensure its removal from public view and investigate the cause of the entry.

341.5.1 PUBLIC POSTING PROHIBITED
Department social media sites shall be designed and maintained to prevent posting of content by the public.

The Department may provide a method for members of the public to contact department members directly.
6. MONITORING CONTENT
The Chief of Police will appoint a supervisor to review, at least annually, the use of department social media and report back on, at a minimum, the resources being used, the effectiveness of the content, any unauthorized or inappropriate content and the resolution of any issues.

7. RETENTION OF RECORDS
The Administration Lieutenant should work with the Custodian of Records to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules.

8. TRAINING
Authorized members should receive training that, at a minimum, addresses legal issues concerning the appropriate use of social media sites, as well as privacy, civil rights, dissemination and retention of information posted on department sites.
Chapter 4 - Patrol Operations
Patrol

1. **PURPOSE AND SCOPE**
The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

2. **POLICY**
The Glenarden Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

3. **FUNCTION**
Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of Prince George County. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

(a) Responding to emergency calls for service.
(b) Apprehending criminal offenders.
(c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
(d) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order and the discovery of hazardous situations or conditions.
(e) Responding to reports of both criminal and non-criminal acts.
(f) Responding to routine calls for service, such as public assistance or public safety.
(g) Traffic direction and control.
(h) Crime prevention activities, such as residential inspections, business inspections and community presentations.
(i) Community-oriented policing and problem-solving activities including the application of resources to improve or resolve specific problems or situations and contacting or assisting members of the public in a positive way.
(j) The application of resources to specific problems or situations within the community that may be improved or resolved by community-oriented policing and problem-solving strategies.
4. INFORMATION SHARING
To the extent feasible, all information relevant to the mission of the Department should be shared among all Prince George County PDs and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily roll calls and to attend roll calls of other Prince George County PDs or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws.

5. CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including, but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations, and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety concerns.
Racial- or Bias-Based Profiling

1. PURPOSE AND SCOPE
This policy provides guidance to department members and establishes appropriate controls to ensure that members of the Glenarden Police Department do not engage in racial or bias-based profiling or violate any related laws while serving the community (Md. Code TR § 25-113).

1.1. DEFINITIONS
Definitions related to this policy include:

Racial or bias-based profiling - An inappropriate reliance on factors such as race, ethnicity, national origin, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group as a factor in deciding whether to take law enforcement action or to provide service.

2. POLICY
The Glenarden Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly and without discrimination toward any individual or group. Race, ethnicity or nationality, religion, sex, sexual orientation, economic status, age, cultural group, disability or affiliation with any other similar identifiable group shall not be used as the basis for providing differing levels of law enforcement service or the enforcement of the law.

3. RACIAL/BIAS-BASED PROFILING PROHIBITED
Racial or bias-based profiling is strictly prohibited. However, nothing in this policy is intended to prohibit an officer from considering factors such as race or ethnicity in combination with other legitimate factors to establish reasonable suspicion or probable cause (e.g., suspect description is limited to a specific race or group).

4. MEMBER RESPONSIBILITIES
Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any known instances of racial or bias-based profiling to a supervisor.

4.1. REASON FOR DETENTION
Officers detaining a person shall be prepared to articulate sufficient reasonable suspicion to justify a detention, independent of the individual’s membership in a protected class.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the officer’s reasonable suspicion or probable cause for the detention, as applicable.
Racial- or Bias-Based Profiling

Nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

4.2. REPORTING TRAFFIC STOPS

Officers shall not use an individual's race or ethnicity as the sole justification to initiate a traffic stop. However, this does not alter the authority of an officer to make an arrest, conduct a search or seizure, or otherwise fulfill the officer's law enforcement obligations (Md. Code CP § 4-101.1(h) (2)).

Each time an officer makes a traffic stop, the officer shall report any information as required in the Safety Equipment Repair Orders (SERO), Traffic and Parking Citations Policy (Md. Code TR § 25-113).

5. SUPERVISOR RESPONSIBILITIES

Supervisors shall monitor those individuals under their command for any behavior that may conflict with the purpose of this policy and shall handle any alleged or observed violation of this policy in accordance with the Personnel Complaints Policy.

(a) Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.

(b) Supervisors should periodically review Mobile Audio/Video (MAV) recordings, Mobile Data Terminal (MDT) data and any other available resource used to document contact between officers and the public to ensure compliance with this policy.

1. Supervisors should document these periodic reviews.

2. Recordings or data that capture a potential instance of racial or bias-based profiling should be appropriately retained for administrative investigation purposes.

(c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.

(d) Supervisors should ensure that no retaliatory action is taken against any member of this department who discloses information concerning racial or bias-based profiling.

6. STATE REPORTING

The Records Division (Prince George County PD) shall compile and submit the required traffic stop data to the Maryland Statistical Analysis Center no later than March 1 of the following calendar year (Md. Code TR § 25-113(e)).

7. ADMINISTRATION

The Operations Services Lieutenant shall review the efforts of the Department to prevent racial or bias-based profiling, including traffic stop data, and submit an annual report, including public concerns and complaints, to the Chief of Police. The annual report should not contain any identifying information regarding any specific complaint, member of the public or officer. It should
be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service (Md. Code TR § 25-113; Md. Code CP § 101.1(h)(3)).

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

The Operations Services Lieutenant shall also review the annual report generated by the Maryland Statistical Analysis Center analyzing the information submitted by this and other law enforcement agencies (Md. Code TR § 25-113(f)).

8. Training

Training on racial or bias-based profiling and review of this policy should be conducted as directed by the Training Coordinator.
Roll call

1. PURPOSE AND SCOPE
This policy discusses the activity of roll call and includes the tasks that should be accomplished during this short period.

2. POLICY
Roll call is intended to facilitate the accurate flow of information in order to enhance coordination of activities, improve performance and safety, and outline the expected actions of members.

3. BRIEFING
All Prince George County PDs and specialized units will conduct regular roll call to discuss, disseminate and exchange information among department members, work groups and other organizations. A supervisor generally will conduct roll call. However, the supervisor may delegate this responsibility to a subordinate member in his/her absence or for training purposes.

Roll call should include, but not be limited to:

(a) Providing members with information regarding daily activities, with particular attention given to changes in the status of the following:
   1. Wanted persons.
   2. Crime patterns.
   3. Suspect descriptions.
   4. Intelligence reports and photographs.
   5. Community issues affecting law enforcement.
   6. Major investigations.

(b) Notifying members of changes in schedules and assignments.

(c) Reviewing recent incidents for situational awareness and training purposes.

(d) Providing training on a variety of subjects.

(e) Periodic personnel inspections.

Supervisors should also ensure that all members are informed about General Orders and any recent policy changes.

4. PREPARATION OF MATERIALS
The member conducting roll call is responsible for preparation of the materials necessary for a constructive roll call.
5. **TRAINING**

Roll call training should incorporate short segments on a variety of subjects or topics and may include:

(a) Review and discussion of new or updated policies.

(b) Presentation and discussion of the proper application of existing policy to routine daily activities.

(c) Presentation and discussion of the proper application of existing policy to unusual activities.

(d) Review of recent incidents for training purposes.

Roll call training materials and a curriculum or summary shall be forwarded to the Training Coordinator for inclusion in training records, as appropriate.
Crime and Disaster Scene Integrity

1. PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

2. POLICY
It is the policy of the Glenarden Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

3. SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, it shall be maintained until the officer is properly relieved by a supervisor or other designated person.

4. FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder’s function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.
5. SEARCHES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT
When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.
Prince George County

1. PURPOSE AND SCOPE
This policy provides guidelines for the specialized support of the Prince George County (PGC) in handling critical field operations where special tactical deployment methods or intense negotiations are beyond the capacity of field officers.

1.1. DEFINITIONS
Definitions related to this police include:

Negotiation team - Designated officers, including those in a multijurisdictional team, who are specifically trained and equipped to provide skilled verbal communications to de-escalate or effect surrender in situations where suspects have taken hostages, barricaded themselves or who are suicidal.

Tactical team - Designated officers, including those in a multijurisdictional team, who are specifically trained and equipped to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigators. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, a tactical team may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues necessitate such use.

2. POLICY
It shall be the policy of the Glenarden Police Department to maintain a PGC, either internally or through participation in a regional team, comprised of negotiation and tactical teams, and to provide the equipment, manpower and training necessary to maintain such teams. The PGC should develop sufficient resources to perform three basic operational functions:

(a) Command and control.
(b) Containment.
(c) Entry/apprehension/rescue.

3. CAPABILITIES
This department acknowledges that training needs may vary based on the experience level of team members, team administrators and potential incident commanders. Therefore, with the preservation of innocent human life being paramount, nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training level due to the exigency of the circumstances.

The various levels of tactical team capability and training are as follows and may fluctuate based upon personnel, training, available equipment, resources and capabilities:

- Level I - A basic team capable of providing containment and intervention in critical incidents that exceed the training and resources available to line-level officers. This does not include
ad hoc teams of officers that are formed around a specific mission, detail or incident (e.g., active shooter response). Generally 5 percent of the Level I team’s on-duty time should be devoted to training.

- Level II - An intermediate level tactical team capable of providing containment and intervention. These teams possess tactical capabilities above the Level I teams. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At least 5 percent of the Level II team’s on-duty time should be devoted to training with supplemental training for tactical capabilities above the Level I team.

- Level III - An advanced level tactical team whose members function on a full-time basis. Generally 25 percent of the Level III team’s on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such teams possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

4. MANAGEMENT AND SUPERVISION

Under the direction of the Chief of Police, through the Operations Services Lieutenant, the PGC shall be managed by the appointed PGC Commander. The PGC Commander shall be selected by the Chief of Police upon recommendation of command staff.

4.1. TEAM SUPERVISORS

The negotiation team and tactical team will be under the direction of designated team supervisors, who shall be selected by the Chief of Police upon specific recommendation by command staff and the PGC Commander. The primary responsibility of the team supervisors is to oversee the operation of their teams, which includes deployment, training, first-line supervisor participation and other duties as directed by the PGC Commander.

5. READINESS

An operational readiness assessment should be conducted to determine the type and extent of PGC missions and operations appropriate to this department. The assessment should consider the capabilities, training and limitations of the PGC and should be reviewed annually by the PGC Commander or the authorized designee.

5.1. EQUIPMENT INSPECTIONS

The PGC Commander shall appoint a team supervisor to perform operational readiness inspections of all PGC equipment at least quarterly. The result of the inspection will be forwarded to the PGC Commander in writing. The inspections will include personal equipment issued to members of the PGC, operational equipment maintained in the PGC facility and equipment maintained or used in PGC vehicles.
5.2. MULTIJURISDICTIONAL OPERATIONS
The PGC, including any relevant specialized teams and supporting resources, should develop protocols, agreements, memorandums of understanding (MOUs) or working relationships to support multijurisdictional or regional responses.

(a) If it is anticipated that multijurisdictional PGC operations will regularly be conducted, multi-agency and multidisciplinary joint training exercises are encouraged should occur.

(b) Members of the Glenarden Police Department PGC shall operate under the policies, procedures and command of the Glenarden Police Department when working in a multi-agency situation.

6. PROCEDURES
Situations that necessitate the need for a PGC response vary greatly from incident to incident and often demand on-scene evaluation. The guidelines allow for appropriate on-scene decision-making and development of organizational and operational procedures.

6.1. ORGANIZATIONAL PROCEDURES
The Department shall develop a separate written set of organizational procedures that should address, at a minimum:

(a) Specific missions the PGC is capable of performing.

(b) PGC organization and function.

(c) Member selection, retention and termination criteria.

(d) Training and required competencies including record production and retention.

(e) Procedures for notification, activation, deactivation and deployment.

(f) Command and control issues, including a clearly defined command structure and dedicated lines of communication.

(g) Multi-agency response.

(h) Out-of-jurisdiction response.

(i) Specialized functions and supporting resources.

6.2. OPERATIONAL PROCEDURES
The Department shall develop a separate written set of operational procedures in accordance with the determination of the PGC’s level of capability, using sound risk-reduction practices. The operational procedures should be patterned after the National Tactical Officers Association’s (NTOA) SWAT Standard for Law Enforcement Agencies. Because such procedures are specific to PGC members and outline negotiation, tactical and officer safety issues, they are not included within this policy.

The operational procedures should include, at a minimum:
Designation of members who are responsible for developing an operational or tactical plan prior to, and/or during PGC operations (time permitting).

1. All PGC members should have an understanding of operational planning.

2. PGC training should include planning for both spontaneous and planned events.

3. PGC planning should incorporate medical emergency contingency plans as part of the PGC operational plan.

Plans for mission briefings conducted prior to an operation, unless circumstances require immediate deployment.

1. When possible, briefings should include the specialized teams, certified tactical dispatchers and other supporting personnel.

Protocols for a sustained operation to be developed that may include relief, rotation of members and augmentation of personnel and resources.

A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of the PGC.

Roles for the negotiations team and negotiators.

A standard method of determining whether a warrant should be regarded as high risk.

A method for deciding how best to serve a high-risk warrant with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.

Protocols for post-incident scene management, including:

1. Documentation of the incident.

2. Transition to investigations and/or other Prince George County PDs.

3. Debriefing after every deployment of the PGC.

(a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs and reinforces sound risk management practices.

(b) Such debriefing should not be conducted until involved members have had the opportunity to individually complete necessary reports or provide formal statements.

(c) In order to maintain candor and a meaningful exchange, debriefing will generally not be recorded.
7. When appropriate, debriefing should include specialized teams and supporting or assisting personnel.

(i) A sound risk management analysis.

(j) Standardization of equipment deployed.

7. OPERATIONAL GUIDELINES

The following are guidelines for the operational deployment of the PGC. Generally, the tactical team and the negotiation team will be activated together. It is recognized, however, that the teams can be activated independently as circumstances dictate. The tactical team may be used in a situation not requiring the physical presence of the negotiation team, such as warrant service operations. The negotiation team may be used in a situation not requiring the physical presence of the tactical team, such as handling a suicidal person. Operational deployment of the specialized teams shall be at the discretion of the PGC Commander.

7.1. APPROPRIATE USE

Incidents that may result in the activation of the PGC include:

(a) Barricaded suspects who refuse an order to surrender.

(b) Incidents where hostages are taken.

(c) Individuals who are threatening suicide and have refused to surrender.

(d) Arrests of potentially armed or dangerous persons.

(e) Any situation that could threaten or undermine the ability of the Department to preserve life, maintain social order, and ensure the protection of persons or property.

Requests by field personnel for assistance from crisis response units from another agency must be approved by the Shift Supervisor. Deployment of the Glenarden Police Department PGC in response to requests by other agencies must be authorized by a Lieutenant.

7.2. ON-SCENE DETERMINATION AND NOTIFICATION

The supervisor-in-charge at the scene of a particular event will be designated as the Incident Commander and will assess whether the PGC is to respond to the scene. With input from the Incident Commander, final determination will be made by the Shift Supervisor, who shall then notify the PGC Commander. If the PGC Commander is unavailable, then a specialized team supervisor shall be notified.

The Shift Supervisor should brief the PGC Commander about the incident. Such information should include:

(a) The type of crime involved.

(b) The number of suspects, identity and criminal history.

(c) The known weapons and resources available to the suspect.
(d) If the suspect is in control of hostages and/or barricaded.
(e) Whether contact has been made with the suspect and whether there have been demands.
(f) If potential victims are still within the inner perimeter.
(g) If the suspect has threatened or attempted suicide.
(h) The location of the command post and a safe approach to it.
(i) The extent of any inner or outer perimeter and the number of personnel involved.
(j) Any other assets or resources at the scene including other involved agencies.
(k) Any other important facts critical to the immediate situation.

The PGC Commander or team supervisor shall then follow current callout procedures. A current mobilization list shall be maintained in the Shift Supervisor's office and the Communications Center by the PGC Commander. The Shift Supervisor will notify the Operations Services Lieutenant as soon as practicable.

7.3. FIELD PERSONNEL RESPONSIBILITIES

While waiting for the PGC to respond, field personnel should, if safe, practicable and sufficient resources exist:

(a) Establish an arrest/response team in case the suspect takes action. The response team’s tasks may include:
   1. Taking action to mitigate a deadly threat or behavior either inside or outside the location.
   2. Securing any subject or suspect who may surrender or attempt to escape.
(b) Evacuate any injured persons in the zone of danger.
(c) Evacuate or provide safety instructions to other people in the zone of danger.
(d) Establish an inner and outer perimeter.
(e) Establish a command post outside of the inner perimeter.
(f) Attempt to establish preliminary communication with the suspect. Once the PGC has arrived, all negotiations should generally be halted to allow the negotiation and tactical teams time to organize, position and assume the appropriate roles and responsibilities.
(g) Plan for, and stage, anticipated resources.

7.4. ON-SCENE COMMAND RESPONSIBILITIES

Upon arrival of the PGC at the scene, the Incident Commander shall brief the PGC Commander and team supervisors. Upon review, it will be the PGC Commander's decision, with input from the Incident Commander, whether to deploy the PGC. Once the PGC Commander authorizes deployment, the PGC Commander or the authorized designee will be responsible for the tactical
response and negotiations. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support the PGC. The Incident Commander and PGC Commander or the authorized designee shall maintain direct communication at all times.

7.5. COMMUNICATIONS WITH PGC MEMBERS

All persons who are non-PGC members should refrain from any non-emergency contact or interference with any PGC member during active negotiations. PGC operations require the utmost in concentration by involved members and, as a result, no one should interrupt or communicate with PGC members directly. All non-emergency communications shall be channeled through the negotiation team or tactical team supervisor or the authorized designee.

8. TACTICAL TEAM ADMINISTRATIVE GUIDELINES

The tactical team was established to provide a skilled and trained team for deployment to events that require specialized tactics, in situations where suspects have taken hostages and/or barricaded themselves, and in prolonged or predictable situations where persons who are armed or suspected of being armed pose a danger to themselves or others. The following procedures serve as directives for the administrative operation of the tactical team.

8.1. SELECTION OF TACTICAL MEMBERS

Interested PGC members who have completed entry level probation shall submit a change of assignment request to their appropriate Lieutenants, a copy of which will be forwarded to the PGC Commander and other tactical team supervisors. Those qualifying applicants will then be invited to participate in the testing process. The testing process will consist of an oral interview, physical agility, firearm qualification and team evaluation. The order of the tests will be at the discretion of the PGC Commander.

(a) Oral interview: The oral interview will be conducted by individuals selected by the PGC Commander. Applicants will be evaluated by certain criteria, which includes:

1. Recognized competence and ability, as evidence by performance.
2. Demonstrated good judgment and understanding of the critical role of a tactical team member.
3. Special Skills, training or appropriate education as it pertains to this assignment.
4. Commitment to the PGC, realizing that the additional assignment may necessitate unusual working hours, conditions and training obligations.

(b) Physical agility: The physical agility test is designed to determine the physical capabilities of the applicant as they relate to performance of tactical team-related duties. The test and scoring procedure will be established by the PGC Commander. A minimum qualifying score shall be attained by the applicant to be considered for the position.
Firearm qualification: Candidates will be invited to shoot the PGC basic drill for the handgun. A minimum qualifying score established by the Range master must be attained to qualify.

Team evaluation: Current team members will evaluate each candidate on field tactical skills, and they will be responsible for a candidate work under stress, communication skills, judgment and any special skills that could benefit the team.

A list of successful applicants shall be submitted by the PGC Commander to command staff to make the final selection.

8.2. TACTICAL TRAINING

Training shall be coordinated by the PGC Commander. The PGC Commander may conduct monthly training exercises that include a review and critique of members and their performance in the exercises, in addition to specialized training. Training shall consist of the following:

(a) Each tactical team member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.

(b) Any tactical team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in non-disciplinary dismissal from the team.

(c) Those who are on vacation, are ill or on light-duty status with a medical professional’s note of approval on the test date shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member who fails to arrange for and perform the physical fitness test within the 30-day period shall be considered as having failed to attain a qualifying score for that test period.

(d) Each tactical team member shall complete the quarterly tactical team handgun qualification course. The qualification course shall consist of the PGC basic drill for the handgun. Failure to qualify will require the team member to seek remedial training from a Range master who has been approved by the PGC Commander. Team members who fail to qualify will not be used in PGC operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days, with or without remedial training, may result in dismissal from the team.

(e) Each tactical team member shall complete the quarterly tactical qualification course for any specialty weapon issued to, or used by, the team member during tactical team operations. Failure to qualify will require the team member to seek remedial training from a Range master who has been approved by the PGC Commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on PGC operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.
8.3. TACTICAL TEAM EVALUATION
Continual evaluation of a team member’s performance and efficiency as it relates to the positive operation of the team shall be conducted by the team supervisor. The performance and efficiency level, as established by the team supervisor, will be met and maintained by all tactical team members. Any member of the tactical team who performs or functions at a level less than satisfactory shall be subject to dismissal from the team.

9. NEGOTIATION TEAM ADMINISTRATIVE GUIDELINES
The negotiation team has been established to provide skilled verbal communicators who will attempt to de-escalate and effect surrender in critical situations where suspects have taken hostages, barricaded themselves or have suicidal tendencies.

The following procedures serve as directives for the administrative operation of the negotiation team.

9.1. SELECTION AND NEGOTIATION MEMBERS
Interested department members who have completed entry level probation shall submit a change of assignment request to their appropriate Lieutenants. A copy of the request will be forwarded to the PGC Commander and the negotiation team supervisor. Qualified applicants will then be invited to an oral interview. The oral interview board will consist of the PGC Commander, the negotiation team supervisor and a third person to be selected by the two. Interested members shall be evaluated by certain criteria which includes:

(a) Recognized competence and ability as evidenced by performance.
(b) Demonstrated good judgment and understanding of the critical role of a negotiator and the negotiation process.
(c) Effective communication skills.
(d) Special skills, training or appropriate education as it pertains to the assignment.
(e) Commitment to the PGC, realizing that the assignment may necessitate unusual working hours, conditions and training obligations.

The oral interview board shall submit a list of successful applicants to command staff for final selection.

9.2. NEGOTIATION TRAINING
Training shall be coordinated by the PGC Commander. The PGC Commander may conduct monthly training exercises that include a review and critique of members and their performance in the exercises, in addition to specialized training.

A minimum of one training day per quarter will be required to provide the opportunity for role playing and situational training necessary to maintain proper skills. This will be coordinated by the team supervisor.
9.3. NEGOTIATION TEAM EVALUATION
Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the team shall be conducted by the team supervisor. Performance and efficiency levels, established by the team supervisor, will be met and maintained by all team members. Any member of the negotiation team who performs or functions at a level less than satisfactory shall be subject to dismissal from the team.

10. UNIFORMS AND EQUIPMENT
PGC specialized teams from this department should wear uniforms that clearly identify them as law enforcement members. It is recognized that certain tactical conditions may require covert movement. Attire may be selected that is appropriate to the specific mission.

10.1. EQUIPMENT
PGC specialized teams from this department should be adequately equipped to meet the specific missions identified by the Department.

10.2. FIREARMS
Weapons and equipment used by the PGC specialized teams and any supporting resources should be department-issued or approved, including any modifications, additions or attachments.

11. TRAINING
The PGC Commander shall conduct an annual PGC training needs assessment to ensure that training correlates to the team’s capabilities and department policy.

11.1. TRAINING SAFETY
Use of a designated safety officer should be considered for all tactical training.

11.2. INITIAL TRAINING
Tactical and negotiation team members and team supervisors should not be deployed until successful completion of a basic PGC course or its equivalent has been approved by this department.

(a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content or topics meet or exceed requirements determined by the Department.

(b) Untrained members may be used in a support or training capacity.

11.3. UPDATE/REFRESHER TRAINING
Tactical and negotiation team members, team supervisors and certified tactical dispatchers should complete update or refresher training every 24 months.
11.4. MANAGEMENT TRAINING
Command and executive personnel are encouraged to attend training for managing the PGC functions at the organizational level. This is to ensure that those who provide active oversight at the scene understand the purpose and capabilities of these specialized teams.

11.5. SCENARIO-BASED TRAINING
PGC specialized teams should participate in scenario-based training that simulates the critical field operations environment. Such training is an established method of improving performance during an actual deployment.

11.6. TRAINING DOCUMENTATION
Individual and team training shall be documented and records maintained by the Training Coordinator. Such documentation shall be maintained in each member’s training file. A separate department PGC training file shall be maintained with documentation and records of all team training.
Ride-Alongs

1. PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for a ride-along with members of the Glenarden Police Department. This policy provides the requirements, approval process, hours of operation and member responsibilities for ride-alongs.

2. POLICY
Ride-along opportunities will be provided to the members of the public, Town employees and members of this department to observe and experience first-hand various functions of the Glenarden Police Department. The term “ride-along” includes riding as a passenger with an officer on patrol or observing the work day of members engaged in other functions within the Department such as the Communications Center.

3. ELIGIBILITY
A ride-along is available to Prince George County residents, business owners, students currently attending class in Prince George County and those employed within the Town of Prince George County. Efforts will be made to accommodate all interested persons. However, any applicant may be disqualified without cause from participating.

Factors that may be considered in disqualifying an applicant include, but are not limited to, the following:

- Being under 15 years of age
- Prior criminal history
- Pending criminal action
- Pending lawsuit against this department or the Town
- Denial by any supervisor

4. AVAILABILITY
A ride-along is available most days of the week, from 10:00 a.m. to 11:00 p.m. Exceptions to this schedule may be made as approved by the Chief of Police or Shift Supervisor.

5. REQUESTS TO PARTICIPATE
Generally, ride-along requests will be maintained and scheduled by the Shift Supervisor. The applicant will complete and sign a ride-along waiver form. If the applicant is under 18 years of age, a parent or guardian must be present to complete the waiver form. Information requested will include a valid state-issued identification card or driver’s license number, birthdate, address and telephone number.
**Ride-Alongs**

The Shift Supervisor will schedule a date, based on availability, generally one week after the date of application. If approved, a copy of the waiver form will be forwarded to the appropriate Prince George County PD as soon as possible for scheduling considerations.

If the request is denied, a representative of this department will advise the applicant of the denial.

**6. PROCEDURES**

Once approved, ride-along applicants will be allowed to participate no more than once every six months. An exception may apply to the following law enforcement-involved participants:

- Explorers
- Volunteers
- Chaplains
- Glenarden Police Department applicants
- Any others with approval of the Shift Supervisor
- Students enrolled in any department-approved dispatcher training course

An effort will be made to ensure that no more than one member of the public will participate in a ride-along during any given time period. Normally, no more than one ride-along participant will be allowed in department vehicles at a given time.

Ride-along requirements for department Explorers are covered in the Explorers Policy.

**6.1. OFF-DUTY PARTICIPATION**

Off-duty members of this department or any other law enforcement agency, and employees of the Town, will not be permitted to participate in a ride-along with on-duty members of this department without the express consent of the Shift Supervisor.

In the event that such participation is permitted, the off-duty department member, other law enforcement agency personnel or Town employee shall not:

(a) Be considered on-duty.

(b) Represent him/herself as a member of this department or any other law enforcement agency.

(c) Participate in any law enforcement activity except as emergency circumstances may require.

**6.2. CRIMINAL HISTORY CHECK**

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Maryland Criminal Justice Information System (CJIS) check prior to approval of the ride-along.
6.3. **SUITABLE ATTIRE**

Any person approved to participate in a ride-along or is required to be suitably dressed in a collared shirt, blouse or jacket, slacks and shoes. Sandals, t-shirts, tank tops, shorts and ripped or torn pants are not permitted. Hats and ball caps will not be worn without the express consent of the Shift Supervisor. The Shift Supervisor or a supervisor may refuse a ride-along to anyone who is not dressed appropriately.

405.7 **MEMBER RESPONSIBILITIES**

The assigned department member shall consider the safety of the ride-along participant at all times. The member shall maintain control over the participant and shall instruct the individual about the conditions that necessarily limit his/her participation. Instructions should include:

(a) The participant will follow the directions of the department member.

(b) The participant will not become involved in any investigation, handling of evidence, discussions with victims or suspects, reading an individual’s criminal history or other protected information, or handling any police department equipment.

(c) Participation may be terminated at any time by the department member if the participant interferes with the performance of the member’s duties.

   1. If the participant is on a ride-along, the member may return the participant to the point the ride originated.

(d) Participants may be allowed to continue a ride-along during the transportation and booking process, provided it does not jeopardize their safety.

(e) Members will not allow participants to be present in any location or situation that would jeopardize the participant’s safety or cause undue stress or embarrassment to a victim or any other member of the public.

(f) Participants who are not law enforcement officers shall not be permitted to accompany the department member into a private residence without the express consent of the resident or other authorized person.

The member assigned to provide a ride-along shall advise the dispatcher that a ride-along participant is present in the vehicle before going into service. An officer with a ride-along participant should use sound discretion when encountering a potentially dangerous situation, such as a high speed pursuit, and if feasible, let the participant out of the vehicle in a well-lit public place. The dispatcher will be advised of the situation and as soon as practicable have another department member respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride, or is otherwise inappropriate, should be immediately reported to the Shift Supervisor. The member should enter comments regarding the reasons for terminating the ride-along on the waiver form.

Upon completion of the ride-along, the member shall return the waiver form to the Shift Supervisor.
Hazardous Material Response

1. PURPOSE AND SCOPE
Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities.

1.1. DEFINITIONS
Definitions related to this policy include:

**Hazardous material** - A substance which, by its nature, containment or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

2. POLICY
It is the policy of the Glenarden Police Department to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

3. HAZARDOUS MATERIAL RESPONSE
Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When members come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before he/she is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

4. CONSIDERATIONS
The following steps should be considered at any scene involving suspected hazardous materials:

(a) Make the initial assessment of a potentially hazardous material from a safe distance.

(b) Notify the Communications Center, appropriate supervisors, the appropriate fire department and hazardous response units.

1. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
Hazardous Material Response

(c) Wear personal protective gear, being cognizant that some hazardous material can be inhaled.

(d) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.

(e) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:

1. Placards or use of an emergency response guidebook.
2. Driver’s statements or shipping documents from the person transporting the material.
3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:
   (a) The type of material.
   (b) How to secure and contain the material.
   (c) Any other information to protect the safety of those present, the community and the environment.

(f) Provide first aid to injured parties if it can be done safely and without contamination.

(g) Make reasonable efforts to secure the scene to prevent access from unauthorized individuals and to protect and identify any evidence.

(h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.

(i) Establish a decontamination area when needed.

(j) Activate automated community notification systems, if applicable.

(k) Notify the county Department of Emergency Services.

5. REPORTING EXPOSURE

Department members who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via chain of command to the Shift Supervisor as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused by exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report as applicable.
5.1. **SUPERVISOR RESPONSIBILITIES**

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

**Hazardous Material Response**

To ensure the safety of members, safety equipment is available from supervisors. Safety items not maintained by this department may be available through the appropriate fire department or emergency response team.
Hostage and Barricade Incidents

1. PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

1.1. DEFINITIONS
Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

- Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- Unlawfully held against his/her will under threat or actual use of force.

2. POLICY
It is the policy of the Glenarden Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

3. COMMUNICATION
When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect’s surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands, and the available resources.
Hostage and Barricade Incidents

3.1. EMERGENCY COMMUNICATIONS

Officers may intercept a wire, oral or electronic communication in order to provide evidence if a person has created a barricade situation and there is probable cause to believe a hostage may be involved (Md. Code CJ § 10-402(c)(2)).

If the Chief of Police or a supervising officer has probable cause to believe that a hostage situation is occurring or that a person is barricaded within a structure and poses an immediate threat of physical injury to others, he/she may order the telephone company to interrupt, reroute, divert or otherwise control telephone service involved in the hostage or barricade situation (Md. Code CJ § 10-413(c)).

The Chief of Police or supervising officer shall give a written or oral representation of the hostage or barricade situation to the telephone company. If an order is given on the basis of an oral representation, the oral representation shall be followed by a written confirmation within 48 hours (Md. Code CJ § 10-413(e)).

For the purposes of this section, “supervising officer” means an officer as defined in Md. Code CJ § 10-413(g).

The Chief of Police may also designate one or more officers to serve as a hostage and barricade communications specialist responsible for rerouting, diverting or otherwise controlling any telephone communications service involved in a hostage or barricade situation. A hostage and barricade communications specialist shall act only if the telephone company providing service in the area has been contacted and the telephone company (Md. CJ § 10-413(a); Md. CJ § 10-413(d)):

(a) Declines to respond to a request for assistance because of a threat of physical injury to its employees.

(b) Indicates that it will be unable to respond appropriately to the request within a reasonable time.

4. FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.
4.1. **BARRICADE SITUATION**

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Press Information Officer.

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

4.2. **HOSTAGE SITUATION**

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

**Hostage and Barricade Incidents**

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated, if practicable, pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.

(g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Press Information Officer.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

**5. SUPERVISOR RESPONSIBILITIES**

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting Prince George County (PGC) response if appropriate and apprising the PGC Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized assignment members, additional department members, resources or equipment as appropriate.
(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

**Hostage and Barricade Incidents**

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).

(h) Ensure adequate law enforcement coverage for the remainder of the Town during the incident. The supervisor should direct nonessential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.

(i) Identify a media staging area outside the outer perimeter and have the department Press Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

6. **PGC RESPONSIBILITIES**

It will be the PGC Commander’s decision, with input from the Incident Commander, whether to deploy the PGC during a hostage or barricade situation. Once the PGC Commander authorizes deployment, the PGC Commander or the authorized designee will be responsible for the tactical response and negotiations. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the PGC. The Incident Commander and the PGC Commander or the authorized designees shall maintain direct communications at all times.

7. **REPORTING**

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Response to Bomb Calls

1. PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to assist members of the Glenarden Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

2. POLICY
It is the policy of the Glenarden Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

3. RECEIPT OF BOMB THREAT
Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Supervisor is immediately advised and informed of the details. This will enable the Shift Supervisor to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

4. GOVERNMENT FACILITY OR PROPERTY
A bomb threat targeting a government facility may require a different response based on the government agency.

4.1. AGENCY NAME FACILITY
If the bomb threat is against the Glenarden Police Department facility, the Shift Supervisor will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

4.2. OTHER MUNICIPAL FACILITY OR PROPERTY
If the bomb threat is against a municipal facility within the jurisdiction of the Glenarden Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Supervisor deems appropriate.
Response to Bomb Calls

4.3. FEDERAL BUILDING OR PROPERTY
If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

408.5 PRIVATE FACILITY OR PROPERTY
When a member of this department receives notification of a bomb threat at a location in the Town of Prince George County, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.
(b) The nature of the threat.
(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied, and if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting police assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 ASSISTANCE
The Shift Supervisor should be notified when police assistance is requested. The Shift Supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Supervisor determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.
1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.

2. The safety of all participants is the paramount concern.

**Response to Bomb Calls**

(e) The need for additional resources, including:

1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

**6. FOUND DEVICE**

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.

(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.

(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:

   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices

(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.

(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.

(f) A safe access route should be provided for support personnel and equipment.

(g) Search the area for secondary devices as appropriate and based upon available resources.

(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.

(i) Promptly relay available information to the Shift Supervisor including:

   1. The time of discovery.
   2. The exact location of the device.
   3. A full description of the device (e.g., size, shape, markings, construction).
Response to Bomb Calls
Response to Bomb Calls

7. EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

7.1. CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.
(b) Request additional personnel and resources, as appropriate.
(c) Assist with first aid.
(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
(e) Assist with the safe evacuation of victims, if possible.
(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
(g) Preserve evidence.
(h) Establish an outer perimeter and evacuate if necessary.
(i) Identify witnesses.

7.2. NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Regional bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Shift Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate
408.8 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.8.1 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Supervisor should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.
Mental Health Evaluations

1. PURPOSE AND SCOPE
This policy provides guidelines for when officers may place a person under temporary custody for an involuntary mental health hold at an appropriate facility.

2. POLICY
It is the policy of the Glenarden Police Department to protect the public and individuals through legal and appropriate use of the mental health hold process.

3. AUTHORITY
An officer may take a person into temporary custody for transfer to an appropriate facility if the person has a mental disorder and the person presents a danger to the life or safety of him/herself or others.

409.3.1 VOLUNTARY EVALUATION
If officers encounter an individual who may qualify for a mental health hold they may inquire as to whether desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the officers should (Md. Code HG § 10-609):

(a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a mental health hold.

(b) If at any point the individual changes his/her mind regarding voluntary evaluation, the officers should proceed with the involuntary emergency mental evaluation, if appropriate.

(c) Document the circumstances surrounding the individual’s desire to pursue voluntary evaluation and/or admission.

4. CONSIDERATIONS AND RESPONSIBILITIES
Any officer handling a call involving a person who qualifies for a mental health hold should personally observed the individual or his/her behavior indicating that the individual has a mental disorder and presents a danger to the life or safety of him/herself or others. The officer may also use other pertinent information, including observations and information from other credible sources, in making a determination regarding a petition emergency evaluation (Md. Code HG § 10-622(a); Md. Code HG § 10-622(b)).

The officer who makes the decision to petition for an emergency evaluation shall complete and sign the petition which will include all of the pertinent observations by the officer or other interested persons.

If the individual is taken into temporary custody from another person who is the petitioner for an emergency evaluation, the officer shall explain to the petitioner the meaning, content and seriousness of the petition (Md. Code HG § 10-622(d)).
Mental Health Evaluations
Mental health holds and placements should be preferred over arrest for individuals with mental health issues who are suspected of committing minor crimes or creating other public safety issues.

5. TRANSPORTATION
An officer shall transport an individual with an emergency evaluation to the nearest emergency facility when the officer has a petition that (Md. Code HG § 10-624(a)(1)):

(a) Has been endorsed by a court within the last five days.
(b) Is signed and submitted by a physician, psychologist, clinical social worker, licensed clinical professional counselor, clinical nurse specialist in psychiatric and mental health nursing, psychiatric nurse practitioner, licensed clinical marriage and family therapist, health officer or designee of a health officer, or a peace officer.

When transporting any individual for a mental health hold, the transporting officer should have the Communications Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in the patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Shift Supervisor approval is required before transport commences.

6. TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a mental health hold and remain present to provide clarification of the grounds for detention, upon request.

Should a physician determine that the individual transported to the facility is violent, and requests that an officer be present, an officer is required to remain at the facility (Md. Code HG § 10-624(a)).

The officer shall complete a Return of Service by Peace Officer Form (CC-DC 27), as appropriate, and have the facility sign the form.

7. DOCUMENTATION
The officer shall complete the following forms for evaluation and treatment, provide the forms to the facility staff member assigned to the individual and retain a copy for inclusion in the case report:

- Petition for Emergency Evaluation Form (CC-DC 13)
- Certification by Peace Officer Form (CC-DC 14)
- Order for Emergency Evaluation of an Arrested Individual (DC 15)
- Return of Service by Peace Officer Form (CC-DC 27)
The officer should provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention. The officer shall include in the narrative sections of the Petition for Emergency Evaluation and the Incident Report the facts, observations and information gathered, including statements made by others, that the individual is suffering from a mental disorder and warrants the issuance of the Petition for Emergency Evaluation, including:

- Symptoms of mental disorder
- Dangerous behavior
- History of mental disorder psychiatric hospitalization or treatment
- Statements made by the individual

409.7.1 CONFIDENTIALITY
Records relating to mental health evaluations are confidential and the contents may not be divulged, by subpoena or otherwise, except by order of the court on good cause shown or as allowed by law (Md. Code HG § 10-630).

8. CRIMINAL OFFENSES
Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody on a mental health hold should resolve the criminal matter by issuing a citation to appear in court at a later date and release as appropriate.

When an individual who may qualify for a mental health hold has committed a criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the mental health hold.
(c) Facilitate the individual’s transfer to jail.
(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a mental health hold.

In the supervisor’s judgment, the individual may be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

The court may issue emergency evaluations for arrested individuals and, unless the court directs otherwise, an officer shall stay with the arrested individual until he/she is either admitted to an appropriate facility, or is returned to the court or an appropriate jail (Md. Code HG § 10-626(c)).

If the arrested individual does not meet the requirements for involuntary admission, the examining physician shall send a brief report of the evaluation to the court and the officer shall return the
arrested individual, the court order and the report of the examining physician to the court. If the court is not in session, the officer shall take the arrested individual to an appropriate jail and, before the end of the next day that the court is in session, return the individual and the report of the examining physician to the court (Md. Code HG § 10.626(d)).

9. FIREARMS AND OTHER WEAPONS
Whenever an individual is taken into custody for a mental health hold, the handling officers should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officers should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

10. TRAINING
This department will endeavor to provide department-approved training on interaction with mentally disabled persons, mental health holds and crisis intervention.
Citation Releases

1. PURPOSE AND SCOPE
The purpose of this policy is to provide members of the Glenarden Police Department with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

2. POLICY
The Glenarden Police Department will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

(b) Failure to comply with a protective order under Md. Code FL § 4-509.

(c) The officer reasonably believes that the failure to charge on a statement of charges will not pose a threat to public safety.
(d) The defendant is not subject to arrest for another criminal charge arising out of the same incident.
(e) The defendant complies with all lawful orders by the officer

Foreign Diplomatic and Consular Representatives

1. PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Glenarden Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

2. POLICY
The Glenarden Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

3. CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.

(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.

(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
**Foreign Diplomatic and Consular Representatives**

### 4. ENFORCEMENT ACTION

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.

1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:

1. Diplomatic-level staff of missions to international organizations and recognized family members
2. Diplomatic agents and recognized family members
3. Members of administrative and technical staff of a diplomatic mission and recognized family members

3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
4. Honorary consular officers

Notes for diplomatic immunity table:

(a) This table represents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

1. PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

2. POLICY
The Glenarden Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

3. CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect’s actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

4. FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably possible, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

**Rapid Response and Deployment**

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.

(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In the case of a barricaded or trapped suspect, with no hostages and no immediate threat to others, officers should consider covering escape routes and evacuating persons as appropriate, while summoning and waiting for additional assistance (e.g., special tactics and/or hostage negotiation team response).

5. **PLANNING**

The Operations Services Lieutenant should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

(j) Coordination with private security providers in critical incident target sites.
6. **TRAINING**

The Training Coordinator should include rapid response to critical incidents in the training plan. This training should address:

- **Rapid Response and Deployment**
  - Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
  - Communications interoperability with other law enforcement and emergency service agencies.
  - Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
  - First aid, including gunshot trauma.
  - Reality-based scenario training (e.g., active shooter, disgruntled violent worker).
Immigration Violations

1. **PURPOSE AND SCOPE**
   The purpose of this policy is to provide guidelines to members of the Glenarden Police Department for investigating and enforcing immigration laws.

2. **POLICY**
   It is the policy of the Glenarden Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

3. **VICTIMS AND WITNESSES**
   To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, color or national origin in any way that would violate the United States or Maryland Constitutions.

4. **ENFORCEMENT**
   An officer may detain an individual when there are facts supporting a reasonable suspicion that the individual entered into the United States in violation of a federal criminal law. Federal authorities shall be notified as soon as possible and the detained individual shall be immediately released if the federal authorities do not want the person held. An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

4.1. **CIVIL VS. CRIMINAL FEDERAL OFFENSES**
   An individual who enters into the United States illegally has committed a misdemeanor (8 USC § 1325(a)). Generally, an alien who initially made a legal entry into the United States but has remained beyond what is a legal period of time has committed a federal civil offense. Reasonable suspicion that a criminal immigration violation has occurred shall not be based on race, color, national origin or any other generalization that would cast suspicion on or stigmatize any person, except to the extent permitted by the United States or Maryland Constitutions. Instead, the totality of circumstances shall be used to determine reasonable suspicion, and shall include factors weighing for and against reasonable suspicion.

Factors that may be considered in determining reasonable suspicion that a criminal immigration violation has occurred may include, but are not limited to:

(a) An admission that the person entered the United States illegally.
**Immigration Violations**

(b) Reason to suspect that the person possesses immigration documentation that is forged, altered or otherwise indicative that the person is not legally present in the United States.

(c) While a lack of English proficiency may be considered, it should not be the sole factor in establishing reasonable suspicion. When practicable, reasonable effort should be made to accommodate persons with limited English proficiency.

(d) Other factors based upon training and experience.

4.2. IMMIGRATION CHECKS

Immigration status may be determined through any of the following sources:

(a) A law enforcement officer who is authorized by the federal government under 8 USC § 1357 to verify or ascertain an alien's immigration status (sometimes referred to as a 287(g) certified officer).

(b) Immigration and Customs Enforcement (ICE).

(c) U.S. Customs and Border Protection (CBP).

An officer shall verify from a 287(g) certified officer, ICE or CBP whether a person’s presence in the United States relates to a federal civil violation or a criminal violation. If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request ICE or CBP to respond to the location to take custody of the detained person. In addition, the officer should notify a supervisor as soon as practicable. No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities or the potential to obstruct a separate investigation outweigh the need for the detention.

4.3. SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained a person and established probable cause to believe the person has violated a criminal immigration offense, the supervisor should:

(a) Confirm that the detained person’s immigration status was properly verified.

(b) Ensure that the detained person is taken into custody when appropriate. Take any additional steps necessary that may include, but are not limited to:

1. Transfer to federal authorities.

2. Lawful arrest for a criminal offense or warrant.

5. ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer will not need to notify ICE when booking arrestees at the Town jail. Immigration officials routinely interview suspected undocumented aliens who are booked into
the Town jail on criminal charges. Notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

6. IMMIGRATION VIOLATIONS
Requests by ICE, or any other federal agency, for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts, to ICE or other federal agencies.

7. INFORMATION SHARING
No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

(a) Sending information to, or requesting or receiving such information from ICE.
(b) Maintaining such information in department records.
(c) Exchanging such information with any other federal, state or local government entity.

413.7.1 IMMIGRATION HOLDS
No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

8. U VISA AND T VISA NON-IMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law enforcement certification for a U visa may be completed by an officer in order for a U visa to be issued.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). A law enforcement declaration for a T visa may be completed by an officer in order for a T visa to be issued.

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Prince George County PD supervisor assigned to oversee the handling of any related case. The Prince George County PD supervisor should:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

**Immigration Violations**

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

9. **TRAINING**

The Training Coordinator shall ensure that all appropriate members receive immigration training.
Utility Service Emergencies

1. **PURPOSE AND SCOPE**
The purpose of this policy is to provide guidelines for addressing Town utility service emergencies. This policy will address calls for service that are directed to the Police Department.

2. **POLICY**
It is the policy of the Glenarden Police Department to appropriately respond to Town emergency utility service requests received by this department.

3. **UTILITY SERVICE EMERGENCY**
A current contact list of Town personnel to be notified in the event of a utility service emergency should be available in the Communications Center.

3.1. **WATER LINES**
The Town’s responsibility for water lines ends at the water meter; any break or malfunction in the water system from the water meter to a residence or business is the responsibility of the customer. If a water line break occurs on the Town side of the water meter, public works personnel should be notified as soon as practicable.

3.2. **ELECTRICAL LINES**
When an electrical power line poses a hazard, a member of this department should be dispatched to the reported location to protect against personal injury or property damage that might be caused by the power line. The fire department, electric company and/or the public works department should be promptly notified, as appropriate.

3.3. **RESERVOIRS, PUMPS, WELLS**
In the event of flooding or equipment malfunctions involving Town reservoirs, pumps or wells, the public works department should be contacted as soon as practicable.

3.4. **NATURAL GAS LINES**
All reports of a possible leak of natural gas or damage to a natural gas line shall promptly be referred to the fire department and the local entity responsible for gas lines. A member of this department should be dispatched to the reported location if it appears that assistance such as traffic control or evacuation is needed.

3.5. **TRAFFIC SIGNALS**
A member of this department should be dispatched upon report of a damaged or malfunctioning traffic signal in order to protect against personal injury or property damage that might occur as the result of the damaged or malfunctioning signal. The member will advise the Communications Center of the problem with the traffic signal. The dispatcher should make the necessary notification to the appropriate traffic signal maintenance agency as soon as practicable. A decision to place a signal on flash should include a consultation with the appropriate traffic signal maintenance agency, unless exigent circumstances exist.
Utility Service Emergencies
Crisis Intervention Incidents

1. PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

2. DEFINITIONS
Definitions related to this policy include:

**Person in crisis** - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

3. POLICY
The Glenarden Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

4. SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia
Crisis Intervention Incidents
Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

5. COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Chief of Police should designate an appropriate Lieutenant to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

6. FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration. An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.

(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.

(k) If circumstances reasonably permit, consider and employ alternatives to force.
415.6.1 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may be experiencing a mental health crisis should consider, as time and circumstances reasonably permit (Md. Code HG § 10-622(b)):

(a) Available information that might assist in determining the cause and nature of the individual’s actions or stated intentions.

(b) Community or neighborhood mediation services.

(c) Conflict resolution and de-escalation techniques.

(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of officers and others.

7. DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person’s name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (i.e., summarize the person’s verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.
8. **INCIDENT ORIENTATION**
When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.

(b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.

(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

9. **SUPERVISOR RESPONSIBILITIES**
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.

(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).

(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.

(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

(e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Lieutenant.

(f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

10. **INCIDENT REPORTING**
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.
415.10.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Mental Health Evaluations Policy.

11. NON-SWORN INTERACTION WITH PEOPLE IN CRISIS
Non-sworn or clerical members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.
(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

12. EVALUATION
The Lieutenant designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department’s response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

13. TRAINING
In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.
Aircraft Accidents

1. PURPOSE AND SCOPE
The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to applicable portions of the Crime and Disaster Scene Integrity or Hazardous Material Response policies.

1.1. DEFINITIONS
Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

2. POLICY
It is the policy of the Glenarden Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

3. ARRIVAL AT SCENE
Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

4. INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) prior to the removal of any decedents. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.
Aircraft Accidents

5. NOTIFICATIONS
When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
(b) Appropriate airport tower
(c) Emergency medical services (EMS)

6. CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the following:

(a) FAA
(b) Fire department, EMS or other assisting law enforcement agencies
(c) Medical Examiner
(d) Appropriate branch of the military, when applicable
(e) Other emergency services agencies (e.g., HAZMAT teams, biohazard decontamination teams, fuel recovery specialists, explosive ordinance disposal specialists)

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on scene, the efforts of this department will shift to a support role for those agencies. If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

7. DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to, the following:

- Fuel, chemicals, explosives, biological, radioactive materials, bombs or other ordnance
- Pressure vessels, compressed gas bottles, accumulators and tires
- Fluids, batteries, flares and igniters
8. DOCUMENTATION

All aircraft accidents occurring within the Town of Prince George County shall be documented. At a minimum, the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of GPD members deployed to assist; other Town resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

8.1. WRECKAGE

When reasonably safe, members should obtain the following:

- Aircraft registration number (N number)
- Number of casualties
- Photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible
- Photographs or video of any ground scars or marks made by the aircraft

8.2. WITNESSES

Members tasked with contacting witnesses should obtain the following:

(a) Witness location at the time of his/her observation relative to the accident site
(b) Detailed description of what was observed or heard
(c) Names of all persons reporting the accident, even if not yet interviewed
(d) Audio recordings of reports to 9-1-1 regarding the accident and dispatch records

416.9 MEDIA RELATIONS

The Press Information Officer should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB, if it is assuming responsibility for the investigation.

The Glenarden Police Department will generally be responsible for any family notifications and the release of victims’ names. The NTSB generally will not assume these tasks.
Field Training Officers

1. PURPOSE AND SCOPE
This policy provides guidelines for field training that ensure standardized training and evaluation, facilitate the transition from the academic setting to the actual performance of general law enforcement duties, and introduce the policies, procedures and operations of the Glenarden Police Department. **Field Training Officers, Training and Responsibilities**

5.2. **Training**
An officer selected as an FTO shall successfully complete the required department-approved FTO course prior to being assigned as an FTO.

All FTOs must complete an FTO update course approved by this department every three years while assigned to the position of FTO.

5.3. **Training Materials**
The FTO shall receive training materials outlining the requirements, expectations and objectives of the FTO position. FTOs should refer to their training materials or the FTO coordinator regarding specific questions related to FTO or field training.

Air Support

1. **PURPOSE AND SCOPE**
The use of air support can be invaluable in certain situations. This policy specifies situations where the use of air support may be requested and the responsibilities for making a request.

2. **POLICY**
It is the policy of the Glenarden Police Department to prioritize requests for air support to enhance law enforcement objectives and provide additional safety to officers and the community.

3. **REQUEST FOR AIR SUPPORT**
If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support may be made.

3.1. **CIRCUMSTANCES FOR REQUESTS**
Law enforcement air support may be requested under conditions that include, but are not limited to:

   (a) Whenever the safety of officers or the community is in jeopardy and the presence of air support may reduce such hazard.

   (b) When the use of air support will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to officers or the community.

   (c) When air support is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard.

   (d) Vehicle pursuits.

   (e) Pre-planned events or actions that require air support.

   (f) When air support is activated under existing mutual aid agreements.

   (g) When the Shift Supervisor or equivalent authority determines a reasonable need exists.

3.2. **ALLIED AGENCY REQUEST**
After consideration and approval of the request for air support, the Shift Supervisor or the authorized designee will call the closest agency having available air support and will apprise that agency of the specific details of the incident prompting the request.
1. PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI), pat-down searches, and the taking and disposition of photographs.

1.1. DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person’s freedom of movement.

2. POLICY

The Glenarden Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations and constitutional safeguards.
Contacts and Temporary Detentions

3. FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer’s suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Glenarden Police Department to strengthen community involvement, community awareness and problem identification.

3.1. INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include, but are not limited to, an individual’s:

(a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.

(b) Actions suggesting that he/she is engaged in a criminal activity.

(c) Presence in an area at an inappropriate hour of the day or night.

(d) Presence in a particular area is suspicious.

(e) Carrying of suspicious objects or items.

(f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.

(g) Location in proximate time and place to an alleged crime.

(h) Physical description or clothing worn that matches a suspect in a recent crime.

(i) Prior criminal record or involvement in criminal activity as known by the officer.

419.4 PAT-DOWN SEARCHES

Once a valid stop has been made, an officer may pat a suspect’s outer clothing if the officer has a reasonable, articulable suspicion that the suspect has a dangerous weapon. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include, but are not limited to:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.

(b) Where more than one suspect must be handled by a single officer.

(c) The hour of the day and the location or area where the stop takes place.

(d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
Contacts and Temporary Detentions

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

419.4.1 LIMITED SEARCH FOR WEAPONS
An officer may make an inquiry and conduct a limited search of a person if, in light of the officer’s observations, information and experience, the officer reasonably believes that (Md. Code CR § 4-206):

(a) A person may be wearing, carrying or transporting a handgun in violation of the law.
(b) Because the person possesses a handgun, the person is or presently may be dangerous to the officer or to others.
(c) Under the circumstances, it is impracticable to obtain a search warrant.
(d) To protect the officers or others, swift measures are necessary to discover whether the person is wearing, carrying or transporting a handgun.

5. FIELD PHOTOGRAPHS
All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

5.1. FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

5.2. FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.
5.3. DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Supervisor should review and forward the photograph to one of the following locations:

(a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Supervisor will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.

(b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file, or that are not evidence in an investigation with an assigned case number, shall be forwarded to the Records Division (Prince George County PD).

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

5.4. SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

419.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

(a) Identifying all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.

Contacts and Temporary Detentions

A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.
Criminal Organizations

1. PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Glenarden Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.1.1 DEFINITIONS
Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

2. POLICY
The Glenarden Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

3. CRIMINAL INTELLIGENCE SYSTEMS
No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

(a) Members using any such system are appropriately selected and trained.

(b) Use of every criminal intelligence system is appropriately reviewed and audited.

(c) Any system security issues are reasonably addressed.

420.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Division. (Prince George
Criminal Organizations
County PD). Any supporting documentation for an entry shall be retained by the Records Division (Prince George County PD) in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Division (Prince George County PD) are appropriately marked as intelligence information. The Records Division (Prince George County PD) may not purge such documents without the approval of the designated supervisor.

4. TEMPORARY INFORMATION FILE
No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

4.1. FILE CONTENTS
A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

(a) Must only be included upon documented authorization of the responsible department supervisor.

(b) Should not be originals that would ordinarily be retained by the Records Division (Prince George County PD) or Property and Evidence Section, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, the Communications Center records or booking forms.

(c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

(d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

4.2. FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.
5. INFORMATION RECOGNITION
Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

Criminal Organizations

(a) Gang indicia associated with a person or residence.
(b) Information related to a drug-trafficking operation.
(c) Vandalism indicating an animus for a particular group.
(d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Coordinator to train members to identify information that may be particularly relevant for inclusion.

6. RELEASE OF INFORMATION
Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile’s name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

7. CRIMINAL STREET GANGS
The Prince George County PD supervisor should ensure that there are an appropriate number of department members who can:

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members, and patterns of criminal gang activity.
(b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.
8. TRAINING

The Training Coordinator should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

Criminal Organizations

(a) The protection of civil liberties.

(b) Participation in a multiagency criminal intelligence system.

(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.

(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.

(e) The review and purging of temporary information files.
Shift Supervisor

1. PURPOSE AND SCOPE
This policy provides guidelines for the designation of a Shift Supervisor and, as needed, an acting Shift Supervisor for each shift.

2. POLICY
Each shift will be directed by a Shift Supervisor capable of making decisions and managing in a manner consistent with the mission of the Glenarden Police Department. To accomplish this, a Lieutenant shall be designated as the Shift Supervisor for each shift.

3. DESIGNATION AS ACTING WATCHCOMMANDER
With prior authorization from the Operations Services Lieutenant, generally when a Lieutenant is unavailable for duty as Shift Supervisor, a qualified lower-ranking member shall be designated as acting Shift Supervisor in accordance with the terms of applicable memorandums of understanding or collective bargaining agreements.

4. WATCHCOMMANDER RESPONSIBILITIES
The Shift Supervisor shall have overall responsibility and accountability for the operation of this department on an assigned shift. Duties may include, but are not limited to:

(a) Ensuring at least one uniformed patrol supervisor is deployed during each shift, in addition to the Shift Supervisor.
(b) Ensuring sufficient members are on-duty to accomplish the mission of the Glenarden Police Department.
(c) Providing command-level oversight of major crime scenes, tactical situations or disasters.
(d) Establishing service level priorities.
(e) Providing job-related training and guidance to subordinates.
(f) Acquiring outside resources or providing assistance to other agencies, when applicable.
(g) Handling service inquiries or complaints from the public.
(h) Acting as the Press Information Officer when appropriate.
(i) Managing risk exposure.
(j) Ensuring the security of all department facilities.
(k) Ensuring the proper equipment and vehicles are available for member use.
(l) Representing the Department at community functions.
(m) Serving as a temporary Lieutenant when so designated.
1. PURPOSE AND SCOPE

The Glenarden Police Department has equipped marked law enforcement vehicles with Mobile Audio Video (MAV) recording systems to provide records of events and to assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

422.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms that refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at a minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

2. POLICY

It is the policy of the Glenarden Police Department to use mobile audio and video technology to more effectively fulfill the mission of the Department and to ensure these systems are used securely and efficiently.

3. OFFICER RESPONSIBILITIES

Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Glenarden Police Department identified and labeled media with tracking numbers is to be used. At the start of each shift, officers should test the MAV system’s operation in accordance with manufacturer specifications and department operating procedures and training. System documentation is accomplished by the officer recording his/her name, serial number, badge or personal identification number (PIN) and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.
Mobile Audio Video

4.  Activation of the MAV

The MAV system is designed to turn on whenever the vehicle’s emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever the officer (Md. Code CJ § 10-402):

(a) Initially lawfully detains a vehicle during a criminal investigation or for a traffic violation.

(b) Is a party to the oral communication.

(c) Has been identified as a law enforcement officer to the other parties of the oral communication prior to any interception.

(d) Informs all other parties to the communication of the interception at the beginning of the communication and the oral interception is being made as part of a video tape recording.

1. Required Activation of the MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

The video portion of the MAV system should be activated and the audio portion turned off in any of the following situations unless prior consent is obtained by all parties:

(a) All field contacts involving actual or potential criminal conduct within range:

1. Priority responses

2. Vehicle pursuits

3. Suspicious vehicles

4. Arrests

5. Vehicle searches

6. Physical or verbal confrontations or use of force

7. Pedestrian checks

8. Driving while impaired (DWI) or driving under the influence (DUI) investigations, including field sobriety tests

9. Consensual encounters

10. Crimes in progress

11. Responding to an in-progress call

(b) All self-initiated activity in which an officer would normally notify the Communications Center

(c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:

1. Domestic violence
2. Disturbance of the peace
3. Offenses involving violence or weapons
   (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording
   (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

2. CESSATION OF RECORDING
   Once activated, the MAV system should remain on until the incident has concluded or as long as is legally acceptable. For the purpose of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

3. SURREPTITIOUS RECORDING
   No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

4. SUPERVISOR RESPONSIBILITIES
   Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of the Communications Center.

   At reasonable intervals, supervisors should validate that:
   (a) Beginning and end-of-shift recording procedures are followed.
   (b) Logs reflect the proper chain of custody, including:
       1. The tracking number of the MAV system media.
       2. The date the media was issued.
       3. The name of the department member or the vehicle to which the media was issued.
       4. The date the media was submitted for retention.
       5. The name of the department member submitting the media.
       6. Holds for evidence indication and tagging as required.
   (c) The operation of MAV systems by new members is assessed and reviewed no less than biweekly.
When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings or deaths, department-involved traffic accidents), a supervisor shall respond to the scene and ensure that the appropriate person properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media. Supervisors may activate the video of the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of monitoring the conversations or actions of an officer.

5. **REVIEW OF MAV RECORDINGS**

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the Department is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the Department, MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

1. By officers for use when preparing reports or statements
2. By a supervisor investigating a specific act of officer conduct
3. By a supervisor to assess officer performance
4. To assess proper functioning of MAV systems
5. By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
6. By department personnel who request to review recordings
7. By an officer who is captured on or referenced in the video or audio data, and reviews and uses such data for any purpose relating to his/her employment
8. By court personnel through proper process or with the permission of the Chief of Police or the authorized designee
9. By the media through proper process
10. To assess possible training value
11. For training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the command staff to determine if the training value outweighs the officer’s objection.
Members desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Shift Supervisor. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any member.

6. DOCUMENTING MAV USE
If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer’s report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

7. RECORDING MEDIA STORAGE AND INTEGRITY
Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of 180 days and disposed of in accordance with the established records retention schedule.

7.1. COPIES OF ORIGINAL RECORDING MEDIA
Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

7.2. MAV RECORDINGS AS EVIDENCE
Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Glenarden Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

8. SYSTEM OPERATIONAL STANDARDS
(a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer’s recommendations.
(b) The MAV system should be configured to minimally record for 30 seconds prior to an event.
(c) The MAV system should not be configured to record audio data occurring prior to activation.
(d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer’s transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
(e) Officers using digital transmitters that are synchronized to their individual MAVs shall activate video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.

(f) In addition to the transmission of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.

(g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.

(h) To prevent damage, original recordings shall not be viewed or otherwise inserted into any device not approved by the Department, MAV technician or forensic media staff.

9. MAV TECHNICIAN RESPONSIBILITIES
The MAV technician is responsible for:

(a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.

(b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
   1. Ensures it is stored in a secure location with authorized controlled access.
   2. Makes the appropriate entries in the chain of custody log.

(c) Erasing of media:
   1. Pursuant to a court order.
   2. In accordance with the established records retention schedule, including reissuing all other media deemed to be of no evidentiary value.

(d) Assigning all media an identification number prior to issuance to the field:
   1. Maintaining a record of issued media.

(e) Ensuring that an adequate supply of recording media is available.

(f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the established records retention schedule.

10. TRAINING
All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use including the limitations of conducting audio recordings under Maryland law.
Mobile Data Terminal Use

1. PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure proper access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center.

2. POLICY
Glenarden Police Department members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

3. PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

4. RESTRICTED ACCESS AND USE
MDT use is subject to the Information Technology Use Policy.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Shift Supervisors.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks or for communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

423.4.1 USE WHILE DRIVING
Use of the MDT by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages.
Mobile Data Terminal Use

that are likely to contain information that is required for immediate enforcement, investigative or safety needs. Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.5 DOCUMENTATION OF ACTIVITY
Except as otherwise directed by the Shift Supervisor, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.

(b) Whenever the activity or contact is initiated by voice, it shall be documented by a dispatcher.

(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

1. STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDT system.

Members responding to in-progress calls shall advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT.

2. EMERGENCY ACTIVATION
If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Supervisor is notified of the incident without delay. Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are handling a different emergency.

6. EQUIPMENT CONSIDERATIONS

6.1. MAL-FUNCTIONING MDT
Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify the Communications Center. It shall be responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.
6.2. BOMB CALLS

When investigating reports of possible bombs, members should turn off their MDTs when in close proximity of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.
Portable Audio/Video Recorders

1. PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, handheld or integrated into portable equipment. This policy does not apply to lawful surreptitious audio/video recording, interception of communications for authorized investigative purposes or to mobile audio/video recordings (see the Investigation and Prosecution and Mobile Audio/Video policies).

2. POLICY
The Glenarden Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

3. MEMBER PRIVACY EXPECTATION
All recordings made by members acting in an official capacity shall remain the property of the Department regardless of whether those recordings were made with department-issued or personally owned recorders. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

4. MEMBER RESPONSIBILITIES
Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or malfunctions at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever possible.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time he/she believes that such a device may be useful and may use it in compliance with the law (Md. Code CJ § 10-402). Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever possible.

When using a portable recorder, the assigned member shall record his/her name, GPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user’s unique identification and the date and time of each recording.
Portable Audio/Video Recorders

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

5. **ACTIVATION OF THE PORTABLE RECORDER**

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should consider activating the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

(a) All enforcement and investigative contacts including stops and field interview (FI) situations

(b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops

(c) Self-initiated activity in which a member would normally notify the Communications Center

(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Once started, recordings should continue without interruption until the contact ends, if feasible.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording. At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as practicable.

424.5.0 **CESSATION OF RECORDING**

Once activated, the portable recorder should remain on continuously until the member’s direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

1. **SURREPTITIOUS USE OF THE PORTABLE RECORDER**

Maryland law prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation is private or confidential. However, Maryland law exempts members from some of this prohibition during the course of their regular duties pursuant to Md. Code CJ § 10-402. Nothing in this section is intended to interfere with a member’s right to openly record during any investigation or interrogation pursuant to Md. Code CJ § 10-402 or Md. Code CP § 2-402.
Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

2. EXPLOSIVE DEVICE

Many portable recorders, including body worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

424.5.3 CONSENT REQUIRED FOR ACTIVATION OF THE PORTABLE RECORDER

Generally, members are required to first obtain the consent of all parties prior to recording. However, prior consent is not required when (Md. Code CJ § 10-402):

(a) The member is a party to the conversation and:
   1. The recording is in the course of an investigation of one of the offenses listed in Md. Code CJ § 10-402.
   2. The person has created a barricade situation and there is probable cause to believe a hostage may be involved.

(b) The member has detained a vehicle during a criminal investigation or for a traffic violation and:
   1. The member identifies him/herself as a law enforcement officer.
   2. The member is a party to the conversation.
   3. The member informs all other parties of the recording.
   4. The recording is made as part of a video recording.

(c) The member is in uniform or prominently displaying his/her badge or other department insignia, indicating the member is a law enforcement officer and:
   1. The member is a party to the communication.
   2. The member is engaged in his/her regular duties as a law enforcement officer.
   3. All involved parties are notified that they are being recorded as soon as it is safe and practical.
   4. The audio recording is being made as part of a video recording.

Members should provide notice that a recording is being made to any parties joining a conversation after the initial notice of recording has been given as soon as it is safe and practical to do so.

6. PROHIBITED USE OF PORTABLE RECORDER

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity. Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned
recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of a Shift Supervisor. A member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements.

Recordings shall not be used by any member for the purpose of embarrassment, intimidation or ridicule.

7. RETENTION OF RECORDINGS
Any time a member records any portion of a contact that he/she reasonably believes constitutes evidence in a criminal case, the member shall record the related case number and transfer the file in accordance with current procedure for storing digital files and document the existence of the recording in the related case report. Transfers should occur at the end of the member’s shift, or any time the storage capacity is nearing its limit.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), he/she should promptly notify a supervisor of the existence of the recording.

424.7.1 RETENTION REQUIREMENTS
All recordings shall be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

424.8 REVIEW OF RECORDINGS
When preparing written reports, members should review their recordings as a resource. However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Chief of Police or the authorized designee.

(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.
All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person’s privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

**Portable Audio/Video Recorders**
Public Recording of Law Enforcement Activity

1. **PURPOSE AND SCOPE**
   This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

2. **POLICY**
   The Glenarden Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

   Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

3. **RECORDING LAW ENFORCEMENT ACTIVITY**
   Members of the public who wish to record law enforcement activities are limited only in certain aspects.
   
   (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
   
   (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
   
   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the officers.
   4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.
   
   (c) The individual may not present an undue safety risk to the officers, him/herself or others.

4. **OFFICER RESPONSE**
   Officers should promptly request a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media. Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an
Public Recording of Law Enforcement Activity
individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

5. SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:
(a) Request any additional assistance as needed to ensure a safe environment.
(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

6. SEIZING RECORDINGS AS EVIDENCE
Officers should not seize recording devices or media unless (42 USC § 2000aa):
(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
   1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
(c) The person consents.
   1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
   2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Section Policy.
Public Recording of Law Enforcement Activity
Bicycle Patrol

1. PURPOSE AND SCOPE
This policy establishes guidelines for the Glenarden Police Department to safely and effectively use bicycle patrol for the purpose of enhancing field patrol efforts in the community.

2. POLICY
It is the policy of the Glenarden Police Department that patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize officer mobility and department visibility in the community.

3. OPERATIONS
Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas, and the quiet operation of the patrol bicycle can facilitate a tactical approach to crimes in progress. Patrol bicycles may be deployed to any area, at any hour of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the bicycle patrol coordinator or the Shift Supervisor.

4. SELECTION
Interested officers who have completed the probationary period shall submit a change of assignment request to their appropriate Lieutenants. A copy will be forwarded to the bicycle patrol coordinator. Qualified applicants will then be invited to an oral interview. The oral interview will be conducted by the coordinator and a second person to be selected by the coordinator.

Interested officers shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance
(b) Special skills or training as it pertains to the assignment
(c) Good physical condition
(d) Willingness to perform duties using the bicycle as a mode of transportation

426.4.1 OFFICER RESPONSIBILITIES
Officers should operate the bicycle in compliance with Maryland traffic laws under normal operation, unless their duties require otherwise (Md. Code TR § 21-1202).

Officers may operate the bicycle without lighting equipment during hours of darkness only when it reasonably appears necessary for officer safety or tactical considerations. Officers must use caution and care when operating bicycles without lighting equipment or when they are operating in violation of the rules of the road.
Bicycle Patrol

Officers are exempt from the rules of the road, while using audible and visual signals, under the following conditions (Md. Code TR § 21-106):

(a) In response to an emergency call
(b) In the immediate pursuit of an actual or suspected violator of the law
(c) In response to a fire alarm, but not while returning

5. BICYCLE PATROL COORDINATOR

The bicycle patrol coordinator shall be appointed by and directly responsible to the Operations Services Lieutenant or the authorized designee.

The coordinator may appoint a senior bicycle patrol officer or other designee to assist in the coordination of bicycle patrol officers and their activities.

The responsibilities of the coordinator include, but are not limited to:

(a) Organizing bicycle patrol training.
(b) Inspecting and maintaining an inventory of patrol bicycles and program equipment.
(c) Inspecting and documenting, no less than every three months, that bicycles which are not in active service are in serviceable condition.
(d) Scheduling maintenance and repairs.
(e) Evaluating the performance of bicycle patrol officers.
(f) Coordinating activities with the Operations Services Prince George County PD.
(g) Other activities as required to maintain the efficient operation of bicycle patrol.

6. PATROL BICYCLE

Bicycle patrol officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Patrol bicycles shall be primarily black or white in color with a “Police” decal affixed to each side of the crossbar or the bicycle’s gear bag. Every patrol bicycle shall be equipped with:

(a) Front and rear reflectors.
(b) A siren and horn.
(c) A steady or flashing blue and red warning light that is visible from the front, sides or rear of the bicycle.
(d) A rear rack and/or gear bag sufficient to carry all necessary equipment to handle routine patrol calls, including report writing, vehicle storage and citations.
(e) A gear bag that shall include a first-aid kit, tire pump, repair tool, tire tube, security lock, high-visibility vest and equipment information and use manuals. These items are to remain with/on the patrol bicycle at all times.
Patrol bicycles shall be properly secured when not in the officer’s immediate presence.

1. TRANSPORTING THE PATROL BICYCLE
   The patrol bicycle should be transported using a vehicle bicycle rack. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a law enforcement vehicle push-bumper is discouraged.

2. MAINTENANCE
   (a) Bicycle patrol officers shall conduct an inspection of the patrol bicycle and equipment prior to use to ensure proper working order of the equipment.
   (b) Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).
      1. Each patrol bicycle will have scheduled maintenance twice yearly to be performed by a repair shop or technician approved by the Department.
   (c) Officers shall not modify the patrol bicycle or remove, modify or add components to the patrol bicycle except with the express approval of the bicycle patrol coordinator, or in the event of an emergency.
   (d) If a needed repair is beyond the ability of the bicycle patrol officer, a repair work order will be completed and forwarded to the coordinator for repair by a technician approved by the Department.
   (e) Patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty.
      1. During prolonged periods of non-use, each bicycle patrol officer assigned a patrol bicycle shall periodically rotate the batteries on the respective chargers to increase battery life.
   (f) At the end of a patrol bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

7. UNIFORMS AND EQUIPMENT
   Officers shall wear uniforms and safety equipment in accordance with the Uniforms and Civilian Attire Policy.
   The uniform consists of the standard short-sleeve uniform shirt or other department-approved shirt, with Glenarden Police Department badge and patches, and department-approved bicycle patrol pants or shorts. Optional attire may include, but is not limited to, a jacket in colder weather and turtleneck shirts or sweaters when worn under the uniform shirt.
   Bicycle patrol officers shall carry the same equipment on their duty belts as they would on regular patrol assignments. Assignment-specific safety equipment should include, but is not limited to,
department-approved helmet, a radio headset and microphone, riding gloves, protective eyewear and approved footwear.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

8. TRAINING
Officers must complete an initial department-approved bicycle-training course prior to assignment to bicycle patrol. Thereafter, bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

(a) Bicycle patrol strategies

(b) Bicycle safety and accident prevention

(c) Operational tactics and techniques using bicycles

Bicycle patrol officers will be required to train and qualify with their duty and secondary firearms while wearing bicycle safety equipment, including the helmet and riding gloves.
Automated License Plate Readers (ALPRs)

1. PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

427.1.1 DEFINITIONS
Definitions related to this policy include:

Official law enforcement purpose - The investigation, detection or analysis of a crime; of a violation of the Maryland vehicle laws; of a terrorist operation; or of missing or endangered person searches or alerts (Md. Code PS § 3-509).

2. POLICY
The policy of the Glenarden Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

3. ADMINISTRATION
The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Glenarden Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access shall be managed by the Administration Lieutenant. The Administration Lieutenant will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

4. OPERATIONS
Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

(a) An ALPR shall only be used for official law enforcement business (Md. Code PS § 3-509).
(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
Automated License Plate Readers (ALPRs)

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped vehicles to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

(e) No ALPR operator may access confidential department, state or federal data unless authorized to do so.

(f) If practicable, the officer should verify an ALPR response through the appropriate official law enforcement database before taking enforcement action that is based solely on an ALPR alert.

5. DATA COLLECTION AND RETENTION

The Administration Lieutenant is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All stored ALPR data should be retained in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances, the applicable data should be downloaded onto portable media and booked into evidence.

6. ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means. The Glenarden Police Department will observe the following safeguards regarding access to and use of stored data (Md. Code PS § 3-509):

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.

(c) ALPR system audits should be conducted on a regular basis.

   1. This shall include audits of requests made by individual law enforcement agencies and those made by individual law enforcement officers.
7. **RELEASING ALPR DATA**

Information gathered by the ALPR is not subject to disclosure under the Public Information Act (Md. Code PS § 3-509). The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

(a) The agency makes a written request for the ALPR data that includes:
   1. The name of the agency.
   2. The name of the person requesting.
   3. The intended purpose of obtaining the information.

(b) The request is reviewed by the Administration Lieutenant or the authorized designee and approved before the request is fulfilled.

(c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy.
Homeless Persons

1. PURPOSE AND SCOPE
The purpose of this policy is to ensure that department members understand the needs and rights of the homeless, and to establish procedures to guide them during all contacts with the homeless, whether consensual or for enforcement purposes.

This policy establishes a liaison to the homeless community, addresses the responsibilities of the department member appointed to act as a liaison to the homeless, and details the need for special protection and services for homeless persons.

2. POLICY
It is the policy of the Glenarden Police Department to protect the rights, dignity and private property of all members of the community, including people who are homeless. Abuse of authority to harass any member of the community will not be permitted. The Glenarden Police Department will address the needs of homeless persons in balance with the overall mission of this department. Homelessness is not a crime and members will not use homelessness as the sole basis for detention or law enforcement action.

3. LIAISON TO THE HOMELESS COMMUNITY
The Chief of Police shall delegate certain responsibilities to a liaison to the homeless community. The liaison shall be appointed by and directly responsible to the Operations Services Lieutenant or the authorized designee.

The responsibilities of the liaison include, but are not limited to:

(a) Maintaining and making available to all department members a list of assistance programs and other resources that are available to homeless persons.
(b) Meeting with social services and representatives of other organizations that render assistance to the homeless community.
(c) Maintaining a list of the areas within and near the jurisdiction of this department that are used as frequent homeless encampments.
(d) Remaining abreast of laws dealing with homelessness, including personal property rights.
(e) Being present during any clean-up operation conducted by this department that involves the removal of personal property of the homeless. This is to ensure that the established rights of the homeless are not violated.
(f) Developing training to assist members in understanding current legal and social issues relating to the homeless.
**Homeless Persons**

4. **FIELD CONTACTS**

Officers are encouraged to contact a homeless person to render aid, offer assistance or to check on the person’s welfare. Officers also will take enforcement action when information supports a reasonable and articulable suspicion of criminal activity. However, such contacts shall not be used for harassment.

When encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions, such as shelter referrals and counseling, in lieu of an arrest and criminal charges.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

428.4.1 **CONSIDERATIONS**

A homeless person will receive the same level and quality of service provided to other members of the community. The fact that a victim, witness or suspect is homeless can, however, require special consideration for a successful investigation and prosecution. When handling investigations involving victims, witnesses or suspects who are homeless, officers should consider:

(a) Documenting alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.

(b) Documenting locations the person may frequent.

(c) Providing victim/witness resources, when appropriate.

(d) Obtaining sufficient statements from all available witnesses in the event that a victim cannot be located and is unavailable for a court appearance.

(e) Arranging for transportation for investigation-related matters, such as medical exams and court appearances.

(f) Whether a crime should be reported and submitted for prosecution, even when a victim who is homeless indicates that he/she does not desire prosecution.

(g) Whether the person may be an adult abuse victim, and if so, proceed in accordance with the Adult Abuse Policy.

5. **MENTAL HEALTH ISSUES**

When mental health issues are evident, officers should consider referring the person to the appropriate mental health agency or providing the person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health facility for voluntary evaluation if it is requested or offered and accepted by the person, and approved by a supervisor. Officers should consider detaining the person under a mental health evaluation when facts and circumstances reasonably indicate such a detention is warranted (see the Mental Health Evaluations Policy).
6. PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the community. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and shall not destroy or discard the personal property of a homeless person (Md. Code CR § 10-304).

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, it should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure it. It will be the supervisor’s responsibility to coordinate its removal and safekeeping.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the homeless liaison. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the liaison.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the liaison if such property appears to involve a trespass, is a blight to the community or the subject of a complaint. It will be the responsibility of the liaison to address the matter in a timely fashion.

7. ECOLOGICAL ISSUES
Sometimes homeless encampments can have an impact on the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or Town departments when a significant impact to the environment has or is likely to occur. A significant impact to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.
Medical Cannabis

1. PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of cannabis under Maryland’s medical cannabis laws (Md. Code CR § 5-601(c)(3); Md. Code HG § 13-3301 et seq.).

429.1.1 DEFINITIONS
Definitions related to this policy include (Md. Code HG § 13-3301; COMAR 10.62.01.01):

30-day supply - 120 grams of usable cannabis or 36 grams of Tetrahydrocannabinol (THC).

Caregiver - A person who has agreed to assist with a qualifying patient’s medical use of cannabis, including the parent or legal guardian of a qualified patient who is under the age of 18.

Certifying physician - An individual who is licensed by the State Board of Physicians and who is approved by the Natalie M. LaPrade Medical Cannabis Commission (Commission) to make cannabis available to patients for medical use.

Commission - The Natalie M. LaPrade Medical Cannabis Commission.

Dispensary - An entity licensed by the Commission that acquires, possesses, processes, transfers, transports, sells, distributes, dispenses or administers cannabis; products containing cannabis; related supplies; related products including food, tinctures, aerosols, oils or ointments; or educational materials for use by a qualifying patient or caregiver.

Dispensary agent - An owner, member, employee, volunteer, officer or director of a dispensary.

Grower - An entity licensed by the Commission that cultivates, manufactures, processes, packages or dispenses medical cannabis or medical cannabis products.

Grower agent - An owner, employee, volunteer, officer or director of a grower.

Identification card - An identification card provided by the Commission to qualifying patients and caregivers.

Processor - An entity that transforms medical cannabis into another product or extract and packages medical cannabis.

Processor agent - An owner, member, employee, volunteer, officer or director of a processor.

Qualifying patient - A resident of Maryland who possesses a written certification by a certifying physician with whom the person has a bona fide physician-patient relationship. If the person is under the age of 18, he/she must have a caregiver.

Written certification - Certification issued by a certifying physician which includes a written statement confirming that, in the physician’s professional opinion, the patient has a condition
justifying the use of medical cannabis and, if appropriate, that a 30-day supply of medical cannabis is not sufficient to meet the patient’s medical needs.

2. **POLICY**

It is the policy of the Glenarden Police Department to prioritize resources to avoid making arrests related to cannabis that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

Maryland medical cannabis laws are intended to provide protection from prosecution to those who possess a written certification by a physician for the use of cannabis for medical use. However, Maryland medical cannabis laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of cannabis. The Glenarden Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Maryland law and the resources of the Department.

3. **INVESTIGATION**

Investigations involving the possession, delivery, production or use of cannabis generally fall into the following categories:

(a) Investigations when no person makes a medicinal claim.

(b) Investigations when the person is a qualifying patient or caregiver.

1. **INVESTIGATIONS WITH NO MEDICAL CLAIM**

In any investigation involving the possession, delivery, production or use of cannabis or drug paraphernalia where no person claims that the cannabis is used for medicinal purposes, the officer should proceed with a criminal investigation. A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the cannabis was possessed or used for medicinal purposes.

2. **INVESTIGATIONS INVOLVING A QUALIFYING PATIENT OR CAREGIVER**

A qualifying patient or caregiver shall not be arrested for the medical use or possession of cannabis provided (Md. Code HG § 13-3313):

(a) Any qualifying patient possesses no more than a 30-day supply, unless the patient’s written certification allows for the possession of more.

(b) In the case of a caregiver, he/she is in possession of the cannabis for a qualifying patient he/she has agreed to assist in the use of medical cannabis.

A patient or caregiver identification card should suffice as evidence that a written certification has been issued. Certification or lack of certification should be verified through the Commission’s registry before making an arrest (COMAR 10.62.04.06; COMAR 10.62.06). No arrest should be made if there is reason to believe that the individual has a valid claim to possess.
3. ADDITIONAL CONSIDERATIONS
Officers should consider the following when investigating an incident involving cannabis possession, delivery, production or use:

Medical Cannabis enforcement of medical cannabis laws can be complex, time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at another time.
2. The case would benefit from review by a person with expertise in medical cannabis investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
4. Any other relevant factors, such as available department resources and time constraints.

(b) Before proceeding with enforcement related to a dispensary agent, grower agent or processor agent, officers should consider conferring with appropriate legal counsel. Licensed dispensary agents, grower agents and processor agents are provided protection from arrest and prosecution under Md. Code HG § 13-3313.

4. EXCEPTIONS
This policy does not apply to the following offenses; officers may take enforcement action if the person is (Md. Code HG § 13-3314):

(a) Undertaking any task under the influence of cannabis, when doing so would constitute negligence or professional malpractice.

(b) Operating, navigating or being in actual physical control of any motor vehicle, aircraft or boat while under the influence of cannabis.

(c) Smoking cannabis in any public place.

(d) Smoking cannabis in a motor vehicle.

(e) Smoking, which for purposes of this exception does not include vaporizing, cannabis on private property that is:
   1. Rented from a landlord and subject to a policy that prohibits smoking cannabis on the property.
   2. Subject to a condominium or homeowners’ association policy that prohibits the smoking of cannabis on the property of an attached dwelling.

4. FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a cannabis investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.
5. PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor should ensure that cannabis, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical cannabis is not destroyed. The Property and Evidence Section supervisor is not responsible for caring for live cannabis plants.

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor should return to the person from whom it was seized any useable cannabis, plants, drug paraphernalia or other related property.

The Property and Evidence Section supervisor should not destroy cannabis that was alleged to be for medical purposes except upon receipt of a court order.

The Property and Evidence Section supervisor may release cannabis to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Prince George County PD supervisor.
Medical Aid and Response

1. PURPOSE AND SCOPE
This policy recognizes that officers often encounter persons in need of medical aid and establishes a law enforcement response to such persons.

2. POLICY
It is the policy of the Glenarden Police Department that all officers and other members be trained to provide emergency medical aid and to facilitate an emergency medical response.

3. FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by emergency medical services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex and age, if known.
   4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS. Members should not direct EMS personnel whether to transport the person for treatment.
Medical Aid and Response

4. TRANSPORTING ILL AND INJURED PERSONS

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport. An officer should accompany any person in custody during transport in an EMS ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when directed by a supervisor.

Officers should not escort medical transport or civilian vehicles.

5. PERSONS REFUSING EMS CARE

If a person who is not under in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a mental health hold in accordance with the Mental Health Evaluations Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

430.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport the arrestee to a hospital without a supervisor’s approval.
6. MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Conducted Energy Device policies.

Medical Aid and Response

7. AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or delays will affect the EMS response.

The Operations Services Lieutenant should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider’s minimum standards for proximity to vertical obstructions and surface composition (e.g. dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider’s minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the medevac. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during the landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.
8. AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE
A member should use an AED only after he/she has received the required training as provided in COMAR 30.06.02.01.

Medical Aid and Response

8.1. AED USER RESPONSIBILITY
Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Coordinator who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact the Communications Center as soon as possible and request response by EMS.

8.2. AED REPORTING
Any member using an AED will complete an incident report detailing its use.

The Maryland Facility AED Report Form shall also be completed and forwarded to MIEMSS for each incident of suspected cardiac arrest. If the AED fails when operated, a copy of the report shall be sent to MIEMSS and to the Food and Drug Administration (FDA) (COMAR 30.06.02.03).

8.3. AED TRAINING AND MAINTENANCE
The Training Coordinator should ensure appropriate training, including training in the most recent publication of the American Heart Association Guidelines for CPR and emergency cardiovascular care (ECC), is provided to members authorized to use an AED (COMAR 30.06.02.01).

The Training Coordinator is responsible for ensuring AED devices are appropriately maintained and inspected consistent with the manufacturer’s guidelines, and will retain records of all maintenance and inspections in accordance with the established records retention schedule (COMAR 30.06.02.01).

9. ADMINISTRATION OF OPIOID OVERDOSE MEDICATION
Members who possess a current and valid certification may administer opioid overdose medication when there is an emergency situation and medical services are not immediately available (Md. Code HG § 13-3107; COMAR 10.47.08.06). Administration shall be in accordance with protocol specified by the physician or nurse practitioner who prescribed the overdose medication for use by the member.
9.1. **OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES**

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Coordinator.

Any member who administers an opioid overdose medication should contact the Communications Center as soon as possible and request response by EMS.

9.2. **OPIOID OVERDOSE MEDICATION REPORTING**

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Coordinator will ensure that the Records Division (Prince George County PD) is provided enough information to meet applicable state reporting requirements (COMAR 10.47.08.06).

9.3. **OPIOID OVERDOSE MEDICATION TRAINING**

The Training Coordinator should ensure training authorized by the Department of Health and Mental Hygiene is provided to members authorized to administer opioid overdose medication (Md. Code HG § 13-3104; COMAR 10.47.08.05).
First Amendment Assemblies

1. PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

2. POLICY
The Glenarden Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

3. GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential.

The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront, or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
First Amendment Assemblies

431.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

4. UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

5. PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

5.1. INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
First Amendment Assemblies

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

5.2. OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for the following:

(a) Command assignments, chain of command structure, roles and responsibilities
(b) Staffing and resource allocation
(c) Management of criminal investigations
(d) Designation of uniform of the day and related safety equipment (helmets, shields, etc.)
(e) Deployment of specialized resources
(f) Event communications and interoperability in a multijurisdictional event
(g) Liaison with demonstration leaders and external agencies
(h) Liaison with Town government and legal staff
(i) Media relations
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation
(k) Traffic management plans
(l) First aid and emergency medical service provider availability
(m) Prisoner transport and detention
(n) Review of policies regarding public assemblies and use of force in crowd control
(o) Parameters for declaring an unlawful assembly
(p) Arrest protocol, including management of mass arrests
(q) Protocol for recording information flow and decisions
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force
5.3  MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (Outside Agency Assistance Policy).

6.  UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

7.  USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual persists in refusing to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and Taser™s should be considered only when the participants’ conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage. Any use of Taser™ devices must conform to the Conducted Energy Device Policy.

359

Force or control devices, including oleoresin capsicum (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd. Operational circumstances may preclude contemporaneous completion of use of force reports, in which case use of force incidents shall be communicated to the Communications Center for documentation. After-action reports shall include a detailed explanation of all incidents where force was used.

8. ARRESTS

The Glenarden Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest. Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.

(b) Dedicated arrest, booking and report writing teams.

(c) Timely access to medical care.

(d) Timely access to legal resources.

(e) Timely processing of arrestees.

(f) Full accountability for arrestees and evidence.

(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

9. MEDIA RELATIONS

The Press Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

10. DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
11. POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- **First Amendment Assemblies**
  - (a) Operational plan
  - (b) Any incident logs
  - (c) Any assignment logs
  - (d) Vehicle, fuel, equipment and supply records
  - (e) Incident, arrest, use of force, injury and property damage reports
  - (f) Photographs, audio/video recordings, the Communications Center records/tapes
  - (g) Media accounts (print and broadcast media)

431.11 After-Action Reporting
The Incident Commander should work with Town legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, to include the following:

- (a) Date, time and description of the event.
- (b) Actions taken and outcomes (injuries, property damage, arrests, etc.).
- (c) Problems identified.
- (d) Significant events.
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

431.12 Training
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.
Civil Disputes

1. PURPOSE AND SCOPE
This policy provides members of the Glenarden Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy addresses specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Maryland law.

2. POLICY
The Glenarden Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

3. GENERAL CONSIDERATIONS
When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.
Civil Disputes

4. Court Orders

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

(a) The person’s knowledge of the court order or whether proof of service exists.

(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

432.4.1 Standby Requests

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

5. Vehicles and Personal Property

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.
6. REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Civil Disputes
Suspicious Activity Reporting

1. PURPOSE AND SCOPE
This policy provides guidelines for reporting and investigating suspicious and criminal activity.

433.1.1 DEFINITIONS
Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person’s identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Race, ethnicity, national origin or religious affiliation should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., “dry run,” creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

2. POLICY
The Glenarden Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain, and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

3. RESPONSIBILITIES
The Investigative Services Prince George County PD supervisor and the authorized designee(s) will manage SAR activities. Authorized designees should include supervisors who are responsible for the department participation in Criminal Intelligence System(s) as outlined in the Criminal Organization policy.

The Investigative Services Prince George County PD Supervisor will have the following duties:

(a) Remain familiar with those databases available to the Glenarden Police Department that would facilitate the purpose of this policy.
Suspicious Activity Reporting

(b) Maintain adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

(c) Ensure a process is available that would allow employees to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.

(d) Ensure that Glenarden Police Department personnel are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the department.

(e) Ensure that SAR information is appropriately disseminated to personnel in accordance with their job responsibilities.

(f) Coordinate investigative follow-up, if appropriate.

(g) Coordinate with the appropriate agency or fusion center.

(h) Ensure that, as resources are available, the Glenarden Police Department conducts outreach that is designed to encourage community members to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

4. REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any department member who is not a peace officer and receives such information should ensure that it is passed on to an officer in a timely manner.

If the activity is not directly related to a reportable crime, the information will be recorded on a SAR, which will document information about the involved party and the circumstances of the incident. If an officer comes across such information while investigating an unrelated crime or incident, he/ she will make no mention of the suspicious activity in the original incident/arrest report, but will document the suspicious activity on a SAR and include the incident/arrest report number.

5. HANDLING INFORMATION

Records Division (Prince George County PD) will forward copies of SARs, in a timely manner, to the following:

- Investigative Services Prince George County PD supervisor
- Authorized designees
- Crime Analysis Unit
Chapter 5 - Traffic Operations
Traffic

1. PURPOSE AND SCOPE
This policy provides guidelines for improving public safety through education and enforcement of traffic-related laws.

2. POLICY
It is the policy of the Glenarden Police Department to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Department will be driven by such factors as the location and/or number of traffic accidents based on citizen complaints, traffic volume, traffic conditions and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

3. DEPLOYMENT
Enforcement efforts may include such techniques as geographic/temporal assignment of department members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving, and a variety of educational activities. These activities should incorporate methods that are suitable to the situation, timed to events, seasons, past traffic problems or locations and, whenever practicable, preceded by enforcement activities.

Several factors will be considered in the development of deployment schedules for department members. State and local data on traffic accidents are a valuable resource. Factors for analysis include, but are not limited to the following:

- Location
- Time
- Day
- Violation factors
- Requests from the public
- Construction zones
- School zones
- Special events

Department members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic accidents, and consider the hours and locations where traffic accidents tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate, against violators. Members shall maintain high visibility while working general enforcement, especially in areas where traffic accidents frequently occur.
Traffic

4. ENFORCEMENT
Traffic enforcement will be consistent with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas. The number of arrests or citations issued by any member shall not be used as the sole criterion for evaluating member overall performance. Several methods are effective in the reduction of traffic accidents, including but not limited to:

4.1. WARNINGS
Warnings are a non-punitive option that may be considered by the member when circumstances warrant, for example when a minor violation was inadvertent.

4.2. CITATIONS
Citations should be issued when a member believes it is appropriate. When issuing a citation for a traffic violation, it is essential that the rights and requirements imposed on motorists be fully explained. At a minimum, motorists should be provided with (Md. Code TR § 26-201):
(a) A copy of the traffic citation.
(b) An explanation of the violation or charge.
(c) The court appearance procedure, including the optional or mandatory appearance by the motorist.
(d) Notice that:
   1. The motorist can enter a plea and pay the fine by mail or at the court.
   2. Acknowledgement of receipt of the citation is not an admission of guilt.
   3. Failure to acknowledge receipt of the citation may subject the motorist to arrest.

4.3. PHYSICAL ARREST
Physical arrest can be made for a number of criminal traffic offenses. These cases usually deal with, but are not limited to (Md. Code TR § 26-202):
(a) A violation relating to vehicles transporting hazardous materials (Md. Code TR § 21-1411; Md. Code TR § 22-409).
(b) A violation relating to the failure or refusal to submit a vehicle to a weighing or to remove excess weight from the vehicle (Md. Code TR § 24-111; Md. Code TR § 24-111.1).
(c) The person does not furnish satisfactory evidence of identity.
(d) The person refuses to acknowledge receipt of a traffic citation by signature (Md. Code TR § 26-203).
(e) The officer has reasonable grounds to believe that the person will disregard the traffic citation.
(f) A violation for any of the following offenses:
1. Driving or attempting to drive while under the influence of alcohol, while impaired by alcohol or in violation of an alcohol restriction.

2. Driving or attempting to drive while impaired by any drug, any combination of drugs, or any combination of one or more drugs and alcohol, or while impaired by any controlled dangerous substance.

3. Failure to stop, give information or render reasonable assistance as required by state law in the event of an accident resulting in bodily injury to or death of any person (Md. Code TR § 20-102; Md. Code TR § 20-104).

4. Driving or attempting to drive a motor vehicle without a driver’s license unless exempt or otherwise authorized (Md. Code TR § 16-101).

5. Driving or attempting to drive a motor vehicle while the driver’s license or privilege to drive is suspended or revoked.

6. Failure to stop or give information, as required by state law, in the event of an accident resulting in damage to a vehicle or other property (Md. Code TR § 20-103; Md. Code TR § 20-104; Md. Code TR § 20-105).

7. Any offense that caused or contributed to an accident resulting in bodily injury to or death of any person.

8. Fleeing or attempting to elude an officer.

9. Falsifying, manufacturing, possessing or sale of any official document issued by the Maryland Department of Transportation (Md. Code TR § 14-110(b); Md. Code TR § 14-110(c); Md. Code TR § 14-110(d); Md. Code TR § 14-110(e)).

10. Racing a vehicle that results in serious bodily injury to another person (Md. Code TR § 21-1116(a)).

(g) A person is a nonresident and the officer has probable cause to believe that the person committed a violation that contributed to an accident.

5. HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members, who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

5.1. REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn when increased visibility would improve the safety of the department member or when the member will be exposed to the hazards of passing traffic, maneuvering or operating vehicles, machinery and equipment.
Examples of when high-visibility vests should be worn include traffic control duties, traffic accident investigations, lane closures and disaster scenes.

When emergency conditions preclude the immediate donning of the vest, members should retrieve and wear it as soon as conditions reasonably permit.

Use of the vests shall also be mandatory when directed by a supervisor.

5.2. CARE AND STORAGE

High-visibility vests shall be maintained in the trunk of each patrol and investigation vehicle, in the side box of each police motorcycle and in the gear bag of each patrol bicycle. Each vest should be stored inside a resealable plastic bag to protect and maintain the vest in a serviceable condition. Before going into service, each member shall ensure that a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained and made available for replacement of damaged or unserviceable vests. The Training Coordinator should be promptly notified whenever the supply of vests needs replenishing.
Traffic Accidents

1. PURPOSE AND SCOPE
This policy provides guidelines for responding to and investigating traffic accidents.

2. POLICY
It is the policy of the Glenarden Police Department to respond to traffic accident and render or summon aid to injured victims as needed. The Department will investigate and prepare reports according to established minimum reporting requirements with the goal of reducing the occurrence of accidents by attempting to identify the cause of the accident and through enforcing applicable laws. Unless restricted by law, accident reports will be made available to the public upon request.

3. RESPONSE
Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

(a) Is within the jurisdiction of this department and there is:
   2. A fatality.
   3. A Town vehicle involved.
   4. A Town official or employee involved.
   5. Involvement of an on- or off-duty member of this department.

(b) Is within another jurisdiction and there is:
   1. A Town of Prince George County vehicle involved.
   2. A Town of Prince George County official involved.
   3. Involvement of an on-duty member of this department.

501.3.1 MEMBER RESPONSIBILITIES
Upon arriving at the scene, the responding member should consider and appropriately address:

(a) Traffic direction and control.

(b) Proper placement of emergency vehicles, cones, roadway flares or other devices if available to provide protection for members, the public and the scene.

(c) First aid for any injured parties if it can be done safely.
Traffic Accidents

(d) The potential for involvement of hazardous materials.

(e) The need for additional support as necessary (e.g., traffic control, emergency medical services, fire department, HAZMAT, tow vehicles).

(f) Clearance and cleanup of the roadway.

501.4 NOTIFICATION

If a traffic accident, involves a life-threatening injury or fatality, the responding officer shall notify a supervisor, or if unavailable, the Shift Supervisor. The Shift Supervisor or any supervisor may assign a traffic investigator or other appropriate personnel to investigate the incident. The Shift Supervisor will ensure notification is made to the Traffic Officer, department command staff and Town Administrator in accordance with the Major Incident Notification Policy.

501.4.1 NOTIFICATION OF FAMILY

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim’s immediate family or coordinate such notification with the Medical Examiner, department chaplain or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic accident should not be released until notification is made to the victim’s immediate family.

501.5 MINIMUM REPORTING REQUIREMENTS

An accident report shall be taken when (Md. Code TR § 20-107):

(a) A fatality, any injury (including complaint of pain), driving under the influence, or hit and run is involved.

(b) An on-duty member of the Town of Prince George County is involved.

(c) The accident results in any damage to any Town-owned or leased vehicle.

(d) The accident involves any other public agency driver or vehicle.

(e) There is damage to public property.

(f) The accident involves a public or private school bus.

(g) There is damage to any vehicle to the extent that towing is required.

(h) Prosecution or follow-up investigation is contemplated.

(i) Directed by a supervisor.

Accidents involving a Maryland Transit Administration (MTA) vehicle should be handled by MTA.

1. PRIVATE PROPERTY

Generally, reports should not be taken when a traffic accident occurs on private property unless there is an injury or fatality, a hit-and-run violation or other traffic law violation. Members may
provide assistance to motorists as a public service, such as exchanging information and arranging for the removal of the vehicles.

2. CITY COUNTY VEHICLE INVOLVED

A traffic accident report shall be taken when a Town vehicle is involved in a traffic accident that results in property damage or injury.

A general information report may be taken in lieu of a traffic accident report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a Town vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Lieutenant. The traffic investigator or supervisor at the scene should determine what photographs should be taken of the scene and the vehicle damage.

3. INJURED ANIMALS

Department members should refer to the Animal Control Policy and make appropriate notifications when a traffic accident involves the disposition of an injured animal or when learning that a domestic animal has been struck by a vehicle (Md. Code TR § 20-106(b)).

501.6 INVESTIGATION

When a traffic accident meets minimum reporting requirements the investigation should include, at a minimum:

(a) Identification and interview of all involved parties.

(b) Identification and interview of any witnesses.

(c) A determination of whether a violation of law has occurred and the appropriate enforcement action.

(d) Identification and protection of items of apparent evidentiary value.

(e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on the appropriate forms.

501.6.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY

The Traffic Officer or on-duty Shift Supervisor should request that the Maryland State Police or other outside law enforcement agency investigate and complete a traffic accident investigation when a life-threatening injury or fatal traffic accident/collision occurs within the jurisdiction of the Glenarden Police Department and involves:

(a) An on- or off-duty member of the Department.

1. The involved member shall complete the department traffic accident form. If the member is unable to complete the form, the supervisor shall complete it.

(b) An on- or off-duty official or employee of the Town of Prince George County.
Department members shall promptly notify a supervisor when any department vehicle is involved in a traffic accident. The traffic accident investigation and report shall be completed by the agency having jurisdiction.

Traffic Accidents

7. ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the accident, authorized members should issue a citation or arrest the offending driver, as appropriate.

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

8. REPORTS

Department members shall utilize forms approved by the Maryland State Police as required for the reporting of traffic accidents. All such reports shall be forwarded to the Prince George County Traffic Unit for approval and filing.

8.1. REPORT MODIFICATION

A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report, and only prior to its approval and distribution. Once a report has been approved and distributed, corrections shall only be made by way of a written supplemental report. A written supplemental report may be made by any authorized member.

8.2. TRAFFICBUREAUMANAGER RESPONSIBILITIES

The responsibilities of the Traffic Officer include, but are not limited to:

(a) Ensuring the monthly and quarterly reports on traffic accident information and statistics are forwarded to the Operations Services Lieutenant or other persons as required.

(b) Forwarding traffic accident reports to the Maryland State Police (Md. Code TR § 20-107(f)).
Vehicle Towing

1. PURPOSE AND SCOPE
This policy provides guidance related to vehicle towing. Nothing in this policy shall require a member of this department to tow a vehicle.

2. POLICY
The Glenarden Police Department will tow vehicles when appropriate and in accordance with the law.

3. REMOVAL OF VEHICLES DUE TO HAZARD
When a vehicle should be towed because it presents a hazard, the owner or operator should arrange for the towing. Department members may assist by communicating requests through the Communications Center to expedite the process.

If the owner or operator is unable to arrange for towing and the vehicle presents a hazard, the vehicle may be towed at the direction of the department member.

Vehicles that are not the property of the Town should not be driven by department members unless it is necessary to move the vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

4. ARREST SCENES
Whenever the owner or operator of a vehicle is arrested, the arresting officer should provide reasonable safekeeping by leaving the vehicle secured and lawfully parked at the scene or when appropriate, by having the vehicle towed, such as when the vehicle presents a traffic hazard or the vehicle would be in jeopardy of theft or damage if left at the scene.

Officers are not required to investigate whether alternatives to towing a vehicle exist after an arrest. However, a vehicle should not be towed if reasonable alternatives exist. When considering whether to leave a vehicle at the scene, officers should take into consideration public safety as well as the reasonable safety of the vehicle and its contents.

The following are examples of situations where a vehicle should not be towed:

- The vehicle can be legally parked, left in a reasonably secure and safe location and the vehicle is not needed as evidence.
- The vehicle is parked on private property, on which the arrestee or owner is legally residing, or the property owner does not object to the vehicle being parked at that location.
- The arrestee or owner of the vehicle requests that it be released to a person who is present, willing and able to legally take control of the vehicle.
Vehicle Towing

The vehicle is legally parked and the arrestee or owner requests that it be left at the scene. In such cases the requestor should be informed that the Department will not be responsible for theft or damages.

5. VEHICLES RELATED TO CRIMINAL INVESTIGATIONS

Officers should tow vehicles that are needed for the furtherance of an investigation or prosecution of a case, or that are otherwise appropriate for seizure as evidence. Officers should make reasonable efforts to return a recovered stolen vehicle to its owner rather than have it towed, so long as the vehicle is not needed for evidence.

6. RECORDS

Records Division (Prince George County PD) members shall ensure that pertinent data regarding a towed vehicle is promptly entered into the appropriate database.

6.1. VEHICLE STORAGE REPORT

Department members towing a vehicle shall complete a vehicle tow report. The report should be submitted to the Records Division (Prince George County PD) as soon as practicable after the vehicle is towed.

6.2. NOTICE OF TOW

As soon as reasonably possible and within seven days of a vehicle being towed, it shall be the responsibility of the Records Division (Prince George County PD) to send a notice of tow to all registered owners and others having a recorded interest in the vehicle. Notice shall be sent to all such individuals by certified mail. The notice shall include (Md. Code TR § 25-204):

(a) A statement that the abandoned vehicle has been taken into custody.

(b) The location where the vehicle is stored.

(c) A description of the vehicle, including the following:

1. Color

2. Manufacturer year

3. Make and model

4. License plate number and/or Vehicle Identification Number (VIN)

5. Mileage

(d) The authority and purpose for the removal of the vehicle.

(e) An explanation of the procedure for release of the vehicle and for obtaining a vehicle tow hearing.

(f) Information for the owner, or others having a recorded interest in the vehicle, of the right to reclaim the vehicle within three weeks after the date of the notice, on payment of all towing, preservation and storage charges resulting from taking or placing the vehicle in custody.
(g) A statement that the failure of the owner, or others having a recorded interest in the vehicle, to exercise this right in the time provided is:

1. A waiver to right, title and interest in the vehicle.

2. Consent to the sale of the vehicle at public auction.

3. Consent by the owner, other than a lessor, to the retention of the vehicle for public purposes as provided by state law (Md. Code TR § 25-207).

If the identity or address of the last registered owner, or others having a recorded interest in the vehicle, cannot be determined or the certified notice is returned as undeliverable, the Records Division (Prince George County PD) shall post the notice where the abandoned vehicle was found as provided by state law (Md. Code TR § 25-205(c)).

7. **TOWING SERVICES**

Members shall not show preference among towing services that have been authorized for use by the Department. A rotation or other system established by the Department for tow services should be followed.

8. **VEHICLE INVENTORY**

The contents of all vehicles towed at the request of department members shall be inventoried and listed on the inventory report. When reasonably practicable, photographs may be taken to assist in the inventory.

(a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, any unlocked glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.

(b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in any other type of unlocked compartments that are a part of the vehicle, including unlocked vehicle trunks and unlocked car top containers.

(c) Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers should be inventoried, provided the keys are available and released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.

(d) Closed containers located either within the vehicle or any of the vehicle’s compartments will not be opened for inventory purposes except for the following: wallets, purses, coin purses, fanny packs, personal organizers, briefcases or other closed containers designed for carrying money, small valuables or hazardous materials.
Members should ask the occupants whether the vehicle contains any valuables or hazardous materials. Responses should be noted in the inventory report. If the occupant acknowledges that any closed container contains valuables or a hazardous material, the container shall be opened and inventoried. When practical and appropriate, such items should be removed from the vehicle and given to the owner, or booked into property for safekeeping.

Any cash, jewelry or other small valuables located during the inventory process will be held for safekeeping, in accordance with the Property and Evidence Section Policy. A copy of the property receipt should be given to the person in control of the vehicle, or if that person is not present, left in the vehicle.

A copy of the vehicle inventory will be given to the tow truck operator.

These inventory procedures are for the purpose of protecting the vehicle owner's property, providing for the safety of department members and protecting the Department against fraudulent claims of lost, stolen or damaged property.

Towing a vehicle in order to perform an inventory should not be used as a pretext for an evidence search. Nothing in this policy prevents the towing of a vehicle that would occur for reasons independent of any suspicion that the vehicle may contain evidence if it is otherwise justified by law or this policy.

9. SECURITY OF VEHICLES AND RETRIEVAL OF PROPERTY

If the search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, the department member conducting the search shall take such steps as are reasonably necessary to secure or protect the vehicle or property from such hazards.

Unless it would cause an unreasonable delay in towing the vehicle or create an issue of officer safety, reasonable accommodations should be made to permit the owner, operator or occupant to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions), which are not considered evidence or contraband.

Members who become aware that a vehicle may have been towed by the Department in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the owner or his/her agent to request a hearing to contest the tow.
Vehicle Tow Hearings

1. PURPOSE AND SCOPE
   The purpose of this policy is to establish a process for vehicle tow hearings.

2. POLICY
   When a vehicle is towed at the direction of any member of the Glenarden Police Department, a hearing will be conducted upon request.

3. HEARING OFFICER
   The Chief of Police will identify the person who will act as a hearing officer when the decision of a member to tow a vehicle is contested. The hearing officer in any case must be a person other than the member who directed the vehicle to be towed.

4. HEARING PROCESS
   The registered or legal owner of the vehicle or his/her agent may request a hearing when a vehicle is towed or stored at the direction of any member of the Glenarden Police Department.

   The failure to request a hearing in a timely manner or to attend a scheduled hearing may be considered a waiver of and satisfaction of the hearing.

   A timely requested hearing shall be conducted within 48 hours of the request, excluding weekends and holidays.

   Any relevant evidence may be submitted and reviewed by the hearing officer to determine the validity of the tow of the vehicle.

5. DECISION
   After consideration of all the evidence, the hearing officer shall determine whether the Department has established the validity of the tow or storage by a preponderance of the evidence.

   (a) If a decision is made that reasonable grounds for the tow have been established, the hearing officer shall advise the requesting party of the decision.

   (b) If a decision is made that reasonable grounds for the tow have not been established, the vehicle shall be released immediately. Towing and storage fees will be the responsibility of the Department (Md. Code TR § 26-306).
1. PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence/driving while impaired (DUI/DWI).

2. POLICY

The Glenarden Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Maryland’s impaired driving laws.

3. INVESTIGATIONS

Officers should not enforce DUI/DWI laws to the exclusion of their other duties unless specifically assigned to DUI/DWI enforcement. All officers are expected to enforce these laws with due diligence.

The Traffic Officer will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI/DWI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

(a) The field sobriety tests (FST) administered and the results.

(b) The officer’s observations that indicate impairment on the part of the individual, and the officer’s health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).

(c) Sources of additional information (e.g., reporting party, witnesses) and their observations.

(d) Information about any audio and/or video recording of the individual’s driving or subsequent actions.

(e) The location and time frame of the individual’s vehicle operation and how this was determined.

(f) Any prior related convictions in this state or another jurisdiction.

4. FIELD TESTS

The Traffic Officer should identify standardized FSTs and any approved alternate tests for officers to use when investigating violations of DUI/DWI laws.

5. CHEMICAL TESTS

A person implies consent under Maryland law to a chemical test or tests, and to providing the associated chemical sample, when an officer has detained the person on suspicion of driving or
**Under the Influence/Impaired Driving**

attempting to drive a motor vehicle when the person is (Md. Code TR § 16-205.1(a)(2); Md. Code TR § 16-205.2(a); Md. Code TR § 16-813):

(a) Under the influence of alcohol or impaired by alcohol.

(b) So impaired by any drug, any combination of drugs or a combination of a drug and alcohol that he/she cannot safely drive a vehicle.

(c) Impaired by a controlled dangerous substance.

(d) In violation of an alcohol restriction.

(e) Driving, operating or in physical control of a commercial vehicle with any concentration of alcohol in his/her blood or breath.

If a person withdraws this implied consent, the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

A test to determine alcohol concentration shall be taken within two hours after the person is apprehended. A test to determine the presence of a drug or a controlled dangerous substance shall be taken within four hours after the person is apprehended (Md. Code CJ § 10-303).

1. **STATUTORY NOTIFICATIONS**

   Officers shall advise the detained person that:

   (a) Neither a refusal nor the taking of a preliminary breath test shall prevent or require a subsequent chemical test (Md. Code TR § 16-205.2(b)).

   (b) Upon receipt of a sworn statement from the officer that the person was charged with DUI/DWI and refused to take a test, or was tested and the result indicated an alcohol concentration of

5. or more, the Motor Vehicle Administration (MVA) shall (Md. Code TR § 16-205.1(b)):

   1. Suspend the person’s driving privilege pursuant to state law.

   2. Disqualify the person’s privilege to operate a commercial vehicle pursuant to state law.

The result of the preliminary breath test shall be used only to decide whether an arrest should be made (Md. Code TR § 16-205.2(c)).

2. **BREATH SAMPLES**

   The Traffic Officer should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

   Department members obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Traffic Officer.
A breath test shall be administered at the direction of an officer by a qualified person trained in the use of equipment that has been approved under the Postmortem Examiners Commission. The arresting officer may not administer the breath test (Md. Code CJ § 10-304(b)).

Unless otherwise required by law, a breath test shall be used to determine alcohol concentration (Md. Code CJ § 10-305(a)).

3. **BLOOD SAMPLES**

Only a qualified medical person trained in the use of equipment that has been approved under the Postmortem Examiners Commission shall draw blood to collect blood samples. The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task (Md. Code CJ § 10-304(c)(1)).

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

The sample shall be handled as required by the state crime laboratory. A test of blood shall be administered as follows (Md. Code CJ § 10-305):

(a) To determine alcohol concentration when:

1. The person is unconscious or otherwise incapable of refusing to take a test.
2. Injuries to the person require removal of the arrestee to a medical facility.
3. Equipment for administering the test of breath is not available.
4. An officer has reasonable grounds to believe a person who was involved in a motor vehicle accident that resulted in death or a life-threatening injury to another person was driving while under the influence or impaired by alcohol, pursuant to Md. Code TR § 16-205.1(c)(1)(ii).

(b) In addition to a breath test pursuant to Md. Code TR § 16-205.1(c)(1)(iii).

(c) To determine drug or controlled dangerous substance content.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test shall not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

4. **URINE SAMPLES**

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.
Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

504.6  REFUSALS

When an arrestee refuses to provide a chemical sample, officers should (Md. TR § 16-205.1(b)(2)):

(a) Advise the arrestee of the requirement to provide a sample and the administrative sanctions or criminal penalties for refusal (Md. Code TR § 16-205.1(b)(1)).

(b) Audio- and/or video-record the admonishment and the response when practicable and in accordance with the Use of Audio/Video Recorders Policy.

(c) Document the refusal in the appropriate report.

Any person who drives, operates or is in physical control of a commercial motor vehicle and refuses to take a chemical test to determine the alcohol concentration shall be placed out of service for the 24-hour period immediately following the time the officer detects alcohol in the driver's blood or breath (Md. Code TR § 16-813(b)).

1.  STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to an alcohol concentration test or a drug and controlled dangerous substance test, officers shall (Md. Code TR § 16-205.1(b)(3)):

(a) Confiscate the person's driver's license.

(b) Personally serve an order of suspension of the driver’s license on the person.

(c) Issue a temporary license to drive.

(d) Inform the person that the temporary license allows the person to continue driving for 45 days.

(e) Inform the person of his/her rights, as listed on the MVA Advice of Rights form.

2.  BLOOD SAMPLE WITHOUT CONSENT

   A blood sample may be obtained from:

(a) A person who is dead, unconscious or otherwise in a condition that renders him/her incapable of refusing a test, and is deemed not to have withdrawn consent (Md. Code CJ § 10-305; Md. Code TR § 16-205.1(d)(1)).

(b) A person who refuses to submit to a chemical test when the officer has reasonable grounds to believe that the person was involved in a vehicle accident while driving under the influence of alcohol or a controlled substance that resulted in serious bodily injury or death of another (Md. Code TR § 16-205.1(c)(1)).
3.   **FORCED BLOOD SAMPLE**

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the individual to submit to providing such a sample without physical resistance.
   
   1. This dialogue should be recorded on audio and/or video when practicable.

(d) Ensure that the blood sample is taken in a medically approved manner.

(e) Ensure that the forced blood draw is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
   
   1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
   
   2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
   
   3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform the duties of a supervisor, as set forth above.

4.   **PERSON INCAPABLE OF REFUSING TO TAKE A TEST**

If an officer determines that a person is unconscious or otherwise incapable of refusing to take a test, the officer shall (Md. Code TR § 16-205.1(d)):

(a) Obtain prompt medical attention for the person.

(b) When necessary, arrange for removal of the person to a nearby medical facility.

(c) If a test would not jeopardize the health or well-being of the person, direct a qualified medical person to withdraw blood for a test.

If the person regains consciousness or otherwise becomes capable of refusing before the taking of a test, the officer shall follow the procedures set forth in this policy for notification and testing.

7.   **ARREST AND INVESTIGATION**
7.1. REPORTING
The Traffic Officer shall ensure that this department complies with all state reporting requirements pursuant to Md. Code TR § 16-205.1(b)(3)(viii).

7.2. TEST ADMINISTERED BY OUTSIDE PHYSICIAN
A person is permitted to have a physician of his/her own choosing administer tests, in addition to the test administered at the direction of an officer. In the event a test was neither offered nor requested by the officer, the person may request, and the officer shall have administered, one or more of the tests provided by state law (Md. Code CJ § 10-304(e)).

8. RECORDS BUREAU RESPONSIBILITIES
The Records Division (Prince George County PD) will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

9. ADMINISTRATIVE HEARINGS
The Records Division (Prince George County PD) will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to the MVA.

Any officer who receives notice of required attendance at an administrative license suspension hearing should promptly notify the prosecuting attorney.

An officer called to testify at an administrative hearing should document the hearing date and the MVA file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.
Safety Equipment Repair Orders (SERO), Traffic and Parking Citations

1. PURPOSE AND SCOPE
This policy outlines the responsibilities for issuing, correcting, voiding and dismissing Safety Equipment Repair Order (SERO), traffic and parking citations.

2. POLICY
It is the policy of the Glenarden Police Department to enforce traffic laws fairly and equally. Authorized members may issue n SERO, traffic citation, parking citation, written or verbal warning based upon the circumstances of the contact and in the best interest of the motoring public and community safety.

3. RESPONSIBILITIES
The Records Division (Prince George County PD) shall be responsible for the supply and accounting of all SERO, traffic and parking citation books issued to members of this department using Motor Vehicle Administration (MVA) inventory withdrawal forms (COMAR 11.17.18.01; COMAR 11.17.18.02). Citations and SERO forms will be kept in a secure location and issued to members by the Records Division (Prince George County PD) staff. SERO forms (MSP Form 157) may be obtained from the Maryland State Police (MSP) Automotive Safety Enforcement Division (ASED).

Members will sign for the SERO or citation books when issued or upon return of unused citations. A traffic citation book may not be reassigned to another member or another law enforcement agency without the prior authorization of the MVA. Members may not lend, borrow or share traffic citations (COMAR 11.17.18.03).

The Chief of Police or the authorized designee shall submit a report on official letterhead advising the MVA within five days of any lost, stolen, mutilated or destroyed traffic citation (COMAR 11.17.18.04(B)).

Upon request, the Chief of Police or the authorized designee shall account for the disposition of traffic citations in a format and within the time required by MVA (COMAR 11.17.18.04(D)).

505.3.1 WRITTEN OR VERBAL WARNINGS
Written or verbal warnings may be issued when the department member believes it is appropriate. The Records Division (Prince George County PD) should maintain information relating to traffic stops in which a written warning is issued. Written warnings are retained by this department in accordance with the established records retention schedule.

4. TRAFFIC CITATIONS
Members of the Glenarden Police Department shall only use Maryland Uniform and Complaint Citation forms (Md. Code CP § 4-101.1(e)).
Safety Equipment Repair Orders (SERO), Traffic and Parking Citations

4.1. ISSUANCE
Officers shall not use an individual's race or ethnicity as the sole justification to initiate a traffic stop. However, this does not alter the authority of an officer to make an arrest, conduct a search or seizure, or otherwise fulfill the officer's law enforcement obligations (Md. Code CP § 4-101.1(h) (2)).

Upon issuing a traffic citation, members shall ask the person to acknowledge receipt of a copy of the citation and advise the person that failure to acknowledge receipt may lead to the person's arrest (Md. Code TR § 26-201(b); Md. Code TR § 26-203).

Following issuance of a traffic citation, members shall promptly file an electronic or written copy of the citation with the District Court. If the person acknowledges receipt on a written copy of the citation, members shall keep that copy to produce as evidence if required in court and dispose of the other copies of the citation in accordance with the regulations adopted by the MVA (Md. Code TR § 26-407(b)).

4.2. CORRECTIONS
When a traffic citation is issued but is in need of correction, the member issuing the citation shall submit the citation and a letter to his/her immediate supervisor requesting a specific correction. Once approved, the citation and letter shall then be forwarded to the Records Division (Prince George County PD). The Records Division (Prince George County PD) or the authorized designee shall prepare a letter of correction to the District Court having jurisdiction and notify the citation recipient in writing.

4.3. VOIDING
Voiding a traffic citation may occur when the citation has not been completed or when it is completed but not issued. All copies of the voided citation shall be presented to a supervisor for approval. The citation and copies shall then be forwarded to the Records Division (Prince George County PD).

4.4. DISMISSAL
Members of this department do not have the authority to dismiss a traffic citation once it has been issued. Upon a review of the circumstances involving the issuance of the traffic citation, the Traffic Officer may request the Operations Services Lieutenant to recommend dismissal. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal (Md. Code TR § 26-407(c); Md. Code TR § 26-407(g)).

Any request from a recipient to dismiss a citation shall be referred to the District Court (Md. Code TR § 26-408).

Prior to a court hearing, a member may submit a request for dismissal of a traffic citation to his/her supervisor. The request must be in writing and should include the reason for dismissal (i.e., in the interest of justice, prosecution is deemed inappropriate). Upon a review of the circumstances involving the issuance of the traffic citation, the supervisor may forward the request
to the Operations Services Lieutenant to recommend dismissal. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal.

Should a member determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the member may request the court to dismiss the citation. Upon such dismissal, the member shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required, and forward it to the Operations Services Lieutenant for review.

4.5. DISPOSITION
The court and file copies of all traffic citations issued by members of this department shall be forwarded to the member’s immediate supervisor for review by the end of each shift. The citation copies shall then be filed with the Records Division (Prince George County PD).

Upon separation from appointment or employment with this department, all members who were issued traffic citations books shall return any unused citations to the Records Division (Prince George County PD).

4.6. JUVENILE CITATIONS
Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile’s age, place of residency and the type of offense should be considered before issuing a juvenile a citation.

4.7. DATA COLLECTION
Whenever an officer conducts a traffic stop and detains the driver for any period of time for a violation of the Maryland Vehicle Law, he/she shall document the stop as required by law (Md. Code TR § 25-113(d)).

The following are exempt from the reporting requirement:

- Checkpoint or roadblock stops
- Stops of multiple vehicles due to a traffic accident or emergency situation requiring vehicles to stop for public safety purposes
- Stops based on the use of radar, laser or Visual Average Speed Computer and Recorder (VASCAR) technology
- Stops based on the use of automated license plate reader (ALPR) technology

Traffic stop data shall be reported and reviewed as specified in the Racial or Bias-Based Profiling Policy. The Records Division (Prince George County PD) shall submit records of traffic stops to the Maryland Statistical Analysis Center Race-Based Reporting module of Delta+ or automatically via the Electronic Traffic Information Exchange (E-TIX) (Md. Code TR § 25-113(e)).

5. PARKING CITATION APPEALS
Parking citations may be appealed in accordance with local and state law.
An appeal of a parking citation must be received by this department at least five days prior to the date of payment set forth on the citation. The Traffic Officer shall forward a copy of the notice of intention to stand trial and a copy of the parking citation to the District Court (Md. Code CJ § 7-302(d); Md. Code TR § 26-303(a)).

If the presence of the member who issued the citation is required at trial and the Department has received notice, the member shall appear at trial. Absent proper notice, the member need not appear at the trial and the copy of the citation bearing the certification of the member is prima facie evidence of the facts stated in it (Md. Code TR § 26-303(b)).

6. **SERO**

An officer may issue a SERO for defective safety equipment on all classes of Maryland registered motor vehicles, trailers and semi-trailers except those vehicles displaying historic license plates, interchangeable license plates and temporary registration plates. Specific equipment violations subject to a SERO is maintained by the MSP and are included on the SERO form (Md. Code TR § 23-105(a)).

An officer shall complete a visual inspection and certification upon contact by a member of the public or as assigned (Md. Code TR § 23-105(c)).

7. **RECORDS**

For each citation issued, this department shall keep:

(a) Every citation, or a record of every citation, for at least three years after issuance (COMAR 11.17.18.04).

(b) A record of the disposition of the charge by the District Court (Md. Code TR § 26-407(e)).
Disabled Vehicles

1. PURPOSE AND SCOPE
This policy establishes guidelines for department members who provide assistance to motorists in disabled vehicles within the primary jurisdiction of the Glenarden Police Department.

2. POLICY
It is the policy of the Glenarden Police Department to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

3. RESPONSIBILITIES
When an on-duty member of this department sees a disabled vehicle on the roadway, the member should make a reasonable effort to provide assistance. If this is not reasonably possible, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another department member to respond as soon as practicable.

4. ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department members will be contingent on the time of day, the location, the availability of department resources and the vulnerability of the disabled motorist.

4.1. MECHANICAL REPAIRS
Department members shall not make mechanical repairs to a disabled vehicle. The use of push bumpers, with consent of the owner, to relocate vehicles to a position of safety is not considered a mechanical repair.

4.2. RELOCATION OF DISABLED VEHICLES
The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

4.3. RELOCATION OF DISABLED MOTORIST
The relocation of a disabled motorist should only occur with the person’s consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.
Chapter 6 - Investigation Operations
Investigation and Prosecution

1. PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and dispositions of criminal investigations.

2. POLICY
It is the policy of the Glenarden Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

3. INITIAL INVESTIGATION

3.1. OFFICER RESPONSIBILITIES
An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:

1. An initial statement from any witnesses or complainants.
2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:

1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Shift Supervisor.
4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
5. Collect any evidence.
6. Take any appropriate law enforcement action.
7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary and what other resources may be available, and advise the informant or complainant of this information.
Investigation and Prosecution

3.2. NON-SWORN RESPONSIBILITIES
A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS
An officer conducting a custodial interrogation of an individual who is suspected of having committed any violent felony offense, including murder, rape, sexual offense in the first degree or sexual offense in the second degree, shall make reasonable efforts to create an audiovisual recording in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings (Md. Code CP § 2-402).

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Prince George County PD supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes. An audio or audiovisual recording made by a law enforcement unit of a custodial interrogation of a criminal suspect is exempt from the Maryland Wiretapping and Electronic Surveillance Act (Md. Code CP § 2-403).

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

5. DISCONTINUATION OF INVESTIGATIONS
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.

2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

   (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

   (d) The case has been submitted to the appropriate prosecutor; charges have been filed; further investigation is not reasonable, warranted or requested; and there is no need to take the suspect into custody.

   (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

   (f) Investigation has proved that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

6. COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

7. INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).
7.1. ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

7.2. INTERCEPTING ELECTRONIC COMMUNICATION

Interception social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.
Sexual Assault Investigations

1. PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims. Mandatory notification requirements are addressed in the Child Abuse and Adult Abuse policies.  

1.1. DEFINITIONS
Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Md. Code CR § 3-301 et seq. (Sexual Crimes).

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates, law enforcement officers, forensic medical examiners, including sexual assault nurse examiners (SANEs) if possible, forensic laboratory personnel and prosecutors. The team is designed to coordinate a broad response to sexual assault victims (Md. Code CP § 11-923).

2. POLICY
It is the policy of the Glenarden Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

3. QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.

(b) Conduct follow-up interviews and investigation.

(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.

(e) Provide referrals to therapy services, victim advocates and support for the victim.

(f) Participate in or coordinate with SART or other multidisciplinary investigative teams as applicable.
4. INVESTIGATION AND REPORTING

In all reported or suspected cases of sexual assault, a report shall be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

4.1. VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call the victim makes to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART or the multidisciplinary response team should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g. change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

Victims are often reluctant or embarrassed to discuss details. Recanting or changing one or more aspects of a prior statement is not necessarily an indication of false reporting or that the case is unfounded. If the responding officer has reason to believe the incident may be without merit, he/she should document the evidence and inconsistencies. Due to physical and emotional trauma, and the myths and stereotypes associated with sexual assault, inconsistencies in the victim's report are not uncommon. No opinions of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (42 USC § 3796gg-8).

Victims should be apprised of applicable victim’s rights provisions, as outlined in the Victim and Witness Assistance Policy.

4.2. COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

An officer shall offer the alleged victim the opportunity to be taken immediately to the nearest medical facility. The offer shall be made without regard for the place of the alleged sexual assault or where it is reported (Md. Code CP § 11-924(b)).

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, it is critical to the investigation that a urine sample from the victim be collected by a medical professional.
Kits or biological evidence from all rape cases, including cases where the suspect is known by the victim, shall be submitted as soon as possible for biological testing (Md. Code PS § 2-504(a) (3)(iii)).

The result of the test and the case information should be entered into state and national registries in a timely manner.

Health care services and biological testing shall be free of charge to the victim (Md. Code CP § 11-925).

4.3. DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Prince George County PD supervisor.

Classification of a rape case as unfounded requires the Prince George County PD supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence to support the recanted information before the case should be determined as unfounded.

4.4. AUDITING CASE DISPOSITIONS
The Prince George County PD supervisor will ensure case dispositions are reviewed on a periodic basis using an identified group that is independent of the investigation process. The SART or multidisciplinary response team and/or victim advocates should be considered for involvement in this audit.

4.5. VICTIM REQUESTS FOR BIOLOGICAL TEST RESULTS
Within 30 days of any request by the victim, the status and results of a sexual assault evidence kit shall be provided to the victim unless doing so would impede or compromise the investigation (Md. CP § 11-926).

5. RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Prince George County PD supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

6. TRAINING
Subject to available resources, periodic training will be provided to:

(a) Members who are first responders. This includes, but is not limited to, the following topics:

1. Initial response to sexual assaults
Sexual Assault Investigations

(b) Qualified Investigators who should receive advanced training on additional topics. This includes, but is not limited to, the following:

1. Interviewing sexual assault victim
2. SART or multidisciplinary response team
3. Medical and legal aspects of sexual assault investigations
4. Serial crimes investigations
5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (VICAP)

1.1. DEFINITIONS

This includes any time the Glenarden Police Department seizes property for forfeiture or when the Glenarden Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

**Forfeiture** - The process by which legal ownership of an asset is transferred to a government or other authority.

**Forfeiture reviewer** - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and acting as the liaison between the Department and the forfeiting authority (Md. Code CP § 12-101(f)).

**Property subject to forfeiture** - Items that may generally be subject to forfeiture include:

(a) Real property, tangible and intangible personal property, money, weapons, vehicles, aircraft or vessels, and items or objects used in connection with a crime under the Controlled Dangerous Substances law (Md. Code CP § 12-102).
(b) A handgun, handgun ammunition or parts in violation of gun laws (Md. Code CP § 12-201).

(i) Contraband alcohol, cigarettes and motor fuel, and conveyances used to transport the products (Md. Code TG § 13-835).
(j) Crimes involving telecommunications and electronics (Md. Code CR § 7-310).
Asset Forfeiture

(k) Property used or intended for use in the course of a violation of the Mortgage Fraud law (Md. Code CP § 13-402).

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

2. POLICY

The Glenarden Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential of revenue shall not be allowed to jeopardize the effective investigation and prosecution of criminal offenses, officer safety, the integrity of ongoing investigations or any person’s due process rights.

It is the policy of the Glenarden Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeitures.

3. ASSET SEIZURE

The following property may be seized for forfeiture as provided in this policy:

3.1. PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in conjunction with the forfeiture reviewer:

(a) Property subject to forfeiture may be seized on a warrant or court order.

(b) Property subject to forfeiture may be seized without a warrant when:

1. The seizure is incident to an arrest or a search under a search warrant and the property is subject to forfeiture due to a controlled dangerous substance violation, human trafficking violation or handgun violation (Md. Code CP § 12-202; Md. Code CP § 13-504; Md. Code CP § 13-202).

2. The seizure is incident to an inspection under an administrative inspection warrant and the property is forfeitable due to a controlled dangerous substance or human trafficking violation (Md. Code CP § 12-202; Md. Code CP § 13-504).

3. There is probable cause to believe that the property has been used or is intended to be used for a violation of a Controlled Dangerous Substances law (Md. Code CP § 12-202).

(c) Property subject to forfeiture that may be lawfully seized as evidence of a crime.

(d) A vehicle, when there is probable cause to believe that it is subject to forfeiture for a violation of human trafficking (Md. Code CR § 11-303) and after considering (Md. Code CP § 13-507):

1. Evidence that the motor vehicle was acquired with proceeds from pandering.

2. The circumstances of the arrest.
3. **How the vehicle was used**

Whenever practicable, obtaining a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money alone is insufficient to establish the probable cause required to make a seizure.

3.2. **PROPERTY NOT SUBJECT TO SEIZURE**

Property that should not be seized for forfeiture includes:

(a) Cash and property that does not meet the forfeiture counsel’s current minimum forfeiture thresholds.

(b) Any personal property or vehicle if the officer reasonably knows the owner did not have knowledge of the offense or did not consent to the property’s use (“innocent owner”).

(c) Real property without a court order.

4. **PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS**

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following (Md. Code CP § 12-301 et seq.):

(a) Complete the applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so (Md. Code CP § 12-305).

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable (Md. Code CP § 12-301).

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure (see generally Md. Code CP § 12-206).

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs shall be taken of seized cash and should be taken of other valuable items (Md. Code CP § 12-202(b)(1); Md. Code CP § 13-103; Md. Code CP § 13-505).

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiting authority.
5. MAINTAINING SEIZED PROPERTY

The Property and Evidence Section supervisor is responsible for ensuring compliance with the following:

Asset Forfeiture received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition (Md. Code CP § 12-203).

(a) All property received for forfeiture is checked to determine if the property has been stolen.

(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.

(d) Property received for forfeiture is not used by the Department unless the forfeiture action has been completed.

(e) All money is deposited into the appropriate financial account (Md. Code CP § 12-202; Md. Code CP § 13-103; Md. Code CP § 13-505)

(f) Pending final disposition, money seized for illegal gambling shall be properly accounted for and deposited in an interest-bearing bank account or invested in accordance with Title 17 of the Local Government Article (Md. Code CP § 13-104).

(g) On receipt of an application, the Department shall hold an informal review to determine whether the owner knew or should have known of the use or intended use of a handgun that is seized in violation of Md. Code CR § 4-203 or Md. Code CR § 4-204 (Md. Code CP § 13-204).

(h) The Department shall surrender a motor vehicle to the owner upon request if the motor vehicle falls within the purview of a forfeiture exception or the required legal standards are not met (Md. Code CP § 12-207; Md. Code CP § 13-509).

6. FORFEITURE REVIEWER

The Chief of Police will appoint a forfeiture reviewer as allowed by law. The responsibilities of the forfeiture reviewer include:

(a) Remaining familiar with forfeiture laws, particularly Criminal Procedure Article Title 12 and Title 13.

(b) Serving as the liaison between the Department and the Town Treasurer or Director of Finance (Md. Code CP § 12-101(j)).

(d) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.
Reviewing each seizure-related case and deciding whether the seizure is more appropriately made under state or federal seizure laws. The forfeiture reviewer should contact federal authorities when appropriate.

Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

1. Names and contact information for all relevant persons and law enforcement officers involved.
2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
3. A space for the signature of the person from whom cash or property is being seized.
4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.

Ensuring that who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or General Orders. The training should cover this policy and address any relevant statutory changes and court decisions.

Reviewing each asset forfeiture case to ensure that:

1. Written documentation of the seizure and the items seized is in the case file.
2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
4. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property (Md. Code CP § 12-209).
5. Property is promptly released to those entitled to its return.
6. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
7. Any cash received is deposited with the fiscal agent.
8. Assistance with the resolution of ownership claims and the release of property to those entitled is provided (Md. Code CP § 12-203).

9. Current minimum forfeiture thresholds are communicated appropriately to officers.

10. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.

(j) Ensuring that a written plan should be available that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement personnel and attorneys who may assist in these matters.

(k) Ensuring that the Department disposes of property as provided by law following any forfeiture.

(l) Ensuring that the process of selling or adding forfeited property to department inventory is in accordance with all applicable laws and consistent with the use and disposition of similar property.

(m) Upon completion of any forfeiture process, ensuring that no property is retained by the Glenarden Police Department unless the Chief of Police authorizes in writing the retention of the property for official use.

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and Town financial directives.

7. DISPOSITION OF FORFEITED PROPERTY

No member of this department may use property that has been seized for forfeiture until the forfeiture action has been completed and the Chief of Police has given written authorization to retain the property for official use. No department member involved in the decision to seize property should be involved in any decision regarding the disposition of the property.

If an order of forfeiture is not entered by the court, the Department shall return to the owner that part of the proceeds and any costs of the forfeiture proceedings paid from the proceeds of the sale (Md. Code CP § 12-503; Md. Code CP § 13-534).

After a full court hearing, if the court determines that the property should not be forfeited, the property shall be promptly returned to the legal owner (Md. Code CP § 12-402; Md. Code CP § 13-534).

Whenever property is forfeited by the court under the Controlled Dangerous Substances or Human Trafficking laws, the property may be kept for official use, destroyed or otherwise disposed of, or the Department may sell the property if the law does not require the property to be destroyed and the property is not harmful to the public (Md. Code CP § 12-403; Md. Code CP § 13-529).
Whenever property is forfeited under a violation of gun laws, the Department may only retain the property for official use, destroy the forfeited property, or sell, exchange or transfer the forfeited property to another law enforcement agency for official use by that agency (Md. Code CP § 13-206(a)).

Shared forfeiture proceeds from a state law enforcement agency under the Controlled Dangerous Substances law shall be deposited in the Town general fund (Md. Code CP § 12-403(e)).

Forfeiture proceeds under the Maryland Mortgage Fraud Protection Act shall be deposited in the state’s general fund (Md. Code CP § 13-407(c)(4)).

Informants

1. PURPOSE AND SCOPE
This purpose of this policy is to provide guidelines for the use of informants.

1.1. DEFINITIONS
Definitions related to this policy include:

**Informant** - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Glenarden Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Glenarden Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

2. POLICY
The Glenarden Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

3. USE OF INFORMANTS

3.1. INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

3.2. JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol or tobacco products, the use of any juvenile 13 years of age or older as an informant is only permitted when authorized by court order.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians

(b) The juvenile’s attorney, if any

(c) The court in which the juvenile’s case is being handled, if applicable

(d) The Chief of Police or the authorized designee
Informants

3.3. INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

4. INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

(a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Lieutenant, Prince George County PD supervisor or their authorized designees.
   1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.

(b) Criminal activity by informants shall not be condoned.

(c) Informants shall be told they are not acting as police officers, employees or agents of the Glenarden Police Department, and that they shall not represent themselves as such.

(d) The relationship between department members and informants shall always be ethical and professional.
   1. Members shall not become intimately involved with an informant.
   2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Prince George County PD supervisor.
   3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.

(e) Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Prince George County PD supervisor.
   1. Officers may meet informants alone in an occupied public place, such as a restaurant.

(f) When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.

(g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

(h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.
603.4.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify a supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.

(b) The informant behaves in a way that may endanger the safety of an officer.

(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.

(d) The informant appears to be using his/her affiliation with this department to further criminal objectives.

(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.

(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.

(g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Prince George County PD. The Prince George County PD supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Lieutenant, Prince George County PD supervisor or their authorized designees. The Investigative Services Lieutenant should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Prince George County PD supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance.
Informants

**603.5.1 FILE SYSTEM PROCEDURE**

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

(a) Name and aliases
(b) Date of birth
(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and his/her subsequent reliability
   1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
(j) Name of the officer initiating use of the informant
(k) Signed informant agreement
(l) Update on active or inactive status of informant

**6. INFORMANT PAYMENTS**

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant’s personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant’s previous criminal activity
- The level of risk taken by the informant
The Prince George County PD supervisor will discuss the above factors with the Operations Services Lieutenant and recommend the type and level of payment, subject to approval by the Chief of Police.

6.1. PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from a Prince George County PD buy/expense fund.
   1. The Prince George County PD supervisor shall sign the voucher for cash payouts from the buy/expense fund.

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
   1. The check shall list the case numbers related to and supporting the payment.
   2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
   3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
   4. Authorization signatures from the Chief of Police and the Town Administrator are required for disbursement of the funds.

(c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
   1. The cash transfer form shall include the following:

      (b) Payment amount.
      (c) Glenarden Police Department case number.
      (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
   2. The cash transfer form shall be signed by the informant.
   3. The cash transfer form will be kept in the informant’s file.

6.2. REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize
any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

6.3. AUDIT OF PAYMENTS
The Prince George County PD supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.
Eyewitness Identification

1. PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

1.1. DEFINITIONS
Definitions related to this policy include (Md. Code PS § 3-506.1):

**Administrator** - The person conducting an identification procedure.

**Automated computer program** - A computer program used for a photographic identification procedure where the administrator does not know which photos the eyewitness is viewing until after the identification procedure is completed.

**Blind** – When the administrator does not know the identity of the suspect.

**Blinded** – When the administrator may know who the suspect is but does not know which lineup member is being viewed by the eyewitness.

**Eyewitness** - A person who observes another person at or near the scene of an offense.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Filler** - A person or a photograph of a person who is not suspected of an offense and is included in an identification procedure.

**Folder shuffle method** - A system for conducting a photo lineup by placing photographs in folders, randomly numbering the folders, shuffling the folders and then presenting the folders sequentially so that the administrator cannot see or track which photograph is being presented to the eyewitness until after the procedure is completed.

**Identification procedure** - A procedure in which a live lineup is conducted or an array of photographs, including a photograph of a suspect and additional photographs of other persons not suspected of the offense, is displayed to an eyewitness in hard copy form or by computer for the purpose of determining whether the eyewitness identifies the suspect as the perpetrator.

**Identification statement** - A documented statement from an eyewitness given at the time of an identification procedure made in the eyewitness’s own words and includes the eyewitness’s confidence level that the person identified is the perpetrator of the crime.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Perpetrator** - A person who committed an offense.

**Suspect** - A person who is suspected of committing an offense.
Eyewitness Identification

2. POLICY
The Glenarden Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent (Md. Code PS § 3-506).

3. INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

4. EYEWITNESS IDENTIFICATION FORM
The Prince George County PD supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process and any related forms or reports shall provide:

(a) The date, time and location of the eyewitness identification procedure.
(b) The name and identifying information of the witness.
(c) The name of the person administering the identification procedure.
(d) If applicable, the names of all individuals present during the identification procedure.
(e) An admonishment to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
(f) An admonishment to the witness that the investigation will continue regardless of whether an identification is made by the witness.
(g) A space for the witness (or the administrator if the witness cannot write) to document the identification statement.
(h) An instruction that the perpetrator may or may not be among the persons in the identification procedure.
(i) A space to document all identification and non-identification results obtained during the identification procedures or any eyewitness identification of a filler.
(j) A signature line where the witness acknowledges that he/she understands the identification procedures, instructions and identification statement.

The process and related forms should be reviewed at least annually and modified when necessary. The forms and included process shall comply with Md. Code PS § 3-506.1.
5. **EYEWITNESS IDENTIFICATION**

Members are cautioned not to, in any way influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

6. **PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS**

An identification procedure involving photographs shall be conducted by a blind or blinded administrator either through the use of an automated computer program or the folder shuffle method. A live line-up procedure shall be conducted by a blind administrator (Md. Code PS § 3-506.1).

Before an identification procedure is conducted, an eyewitness shall be provided the instructions without other eyewitnesses present (Md. Code PS § 3-506.1).

When identification is made in a live lineup or photo array, the administrator shall document in writing all identification statements made by the eyewitness (Md. Code PS § 3-506.1).

Each filler shall resemble the description of the perpetrator given by the eyewitness in significant physical features, including any unique or unusual features. At least five fillers, in addition to the suspect, shall be included when an array of photographs is displayed to an eyewitness. At least four fillers, in addition to the suspect, shall be included in a live lineup (Md. Code PS § 3-506.1).

If an eyewitness has previously participated in an identification procedure in connection with the identification of another person suspected of involvement in the offense, the fillers in the identification procedure shall be different from the fillers used in any prior identification procedure (Md. Code PS § 3-506.1).

6.1. **MULTIPLE EYEWITNESSES**

When there are multiple eyewitnesses (Md. Code PS § 3-506.1):

(a) The identification procedure shall be conducted separately for each eyewitness.

(b) The suspect shall be placed in a different position for each identification procedure conducted for each eyewitness.

(c) The eyewitnesses may not be allowed to communicate with each other until all identification procedures have been completed.
7. FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identification. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:
   1. The length of time the Witness observed the suspect.
   2. The distance between the witness and the suspect.
   3. Whether the witness could view the suspect’s face.
   4. The quality of the lighting when the suspect was observed by the witness.
   5. Whether there was distracting noises or activity during the observation.
   6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
   7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

8. DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification shall be documented in the case report. Witness comments of how certain he/she is of the
identification or non-identification should be quoted in the report. If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness shall be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report. A written record is not required if a video or audio record of the identification procedure is made that captures all of the information specified in Md. Code PS § 3-506.1.
Brady Information

1. PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “Brady information”) to a prosecuting attorney.

605.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the Glenarden Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

2. POLICY
The Glenarden Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Glenarden Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

3. DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.
Brady Information

4. BRADY PROCESS
The Chief of Police shall select a member of the Department to coordinate requests for Brady information. This person shall be directly responsible to the Administration Lieutenant or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

(a) Working with the appropriate prosecutors’ offices and the Town Attorney’s office to establish systems and processes to determine what constitutes Brady information and the method for notification and disclosure.

(b) Maintaining a current list of members who have Brady information in their files or backgrounds (Md. Code PS § 3-106.1).
   1. Updating this list whenever potential Brady information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

5. DISCLOSURE OF REQUESTED INFORMATION
If Brady information is located, the following procedure shall apply:

(a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member whose file is related to the motion shall be notified of the potential presence of Brady information.

(b) The prosecuting attorney or Town Attorney should be requested to file a motion in order to initiate an in camera review by the court.
   1. If no motion is filed, the Custodian of Records should work with the appropriate counsel to determine whether the records should be disclosed to the prosecutor.

(c) The Custodian of Records shall accompany all relevant personnel files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(d) If the court determines that there is relevant Brady information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
   1. Prior to the release of any information pursuant to this process, a protective order should be requested from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

(e) If a court has determined that relevant Brady information is contained in a member’s file in any case, the prosecutor should be notified of that fact in all future cases involving that member.
6. **INVESTIGATING BRADY ISSUES**
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

7. **SUBPOENA PROCESSING**
The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member’s name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

8. **TRAINING**
Department personnel should receive periodic training on the requirements of this policy.
Unmanned Aerial System (UAS) Operations

1. PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

606.1.1 DEFINITIONS
Definitions related to this policy include:

**Unmanned Aerial System (UAS)** - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

2. POLICY
Unmanned aerial systems may be utilized to enhance the department’s mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

3. PRIVACY
The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

4. PROGRAM COORDINATOR
The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.
- Developing uniform protocol for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents. Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.
Unmanned Aerial System (UAS) Operations

- Developing protocol for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing an operational protocol governing the deployment and operation of a UAS including, but not limited to, safety oversight, use of visual observers, establishment of lost link procedures and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.

5. USE OF UAS

Only authorized operators who have completed the required training shall be permitted to operate the UAS. Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted. Operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

6. PROHIBITED USE

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.
To harass, intimidate or discriminate against any individual or group.

To conduct personal business of any type.

The UAS shall not be weaponized.

7. RETENTION OF UAS DATA
Data collected by the UAS shall be retained as provided in the established records retention schedule.

8. RETENTION OF UAS DATA
Data collected by the UAS shall be retained as provided in the established records retention schedule.
Warrant Service

1. PURPOSE AND SCOPE
This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances. This policy is intended to be used in conjunction with the Operations Planning and DE confliction Policy, which has additional guidance on planning and serving high-risk warrants. This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

2. POLICY
It is the policy of the Glenarden Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

3. OPERATIONS DIRECTOR
The operations director (see the Operations Planning and DE confliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. DE confliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and DE confliction Policy.

4. SEARCH WARRANTS
Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and DE confliction Policy).

5. ARREST WARRANTS
If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and DE confliction Policy). If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence
Warrant Service

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

6. Warrant Preparation

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

(a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.

(b) A clear explanation of the affiant’s training, experience and relevant education.

(c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.

(d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

(e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.

(f) A specific description of the location to be searched, including photographs of the location, if reasonably available.

(g) A sufficient description of the items to be seized.

(h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Information Policy).

7. High-Risk Warrant Service

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

(b) The warrant service is video-recorded when practicable and legal to do so under Md. Code CJ § 10-402. The warrant service may be audio-recorded with the consent of all parties.

(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.

(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.

8. DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy). As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released. Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

9. ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

10. OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures
Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Glenarden Police Department are utilized appropriately. Any concerns regarding the requested use of Glenarden Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Supervisor should assume this role.

If officers intend to serve a warrant outside Glenarden Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy. Officers will remain subject to the policies of the Glenarden Police Department when assisting outside agencies or serving a warrant outside Glenarden Police Department jurisdiction.

11. MEDIA ACCESS
No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

12. TRAINING
The Training Coordinator should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.
Chapter 7 - Equipment
**Department-Owned and Personal Property**

1. **PURPOSE AND SCOPE**
   The policy addresses the care of department-owned property and the role of the Department when personal property, the property of another or department-owned property is damaged or lost.

2. **POLICY**
   Members of the Glenarden Police Department shall properly care for department property assigned or entrusted to them. Department-owned property that becomes damaged shall be promptly replaced. Members’ personal property that becomes damaged during the performance of assigned duties will be reimbursed in accordance with this policy.

3. **DEPARTMENT PROPERTY**
   All property and equipment issued by the Department shall be documented in the appropriate property sheet or equipment log. Receipt of issued items shall be acknowledged by the receiving member’s signature. Upon separation from the Department, all issued property and equipment shall be returned. Documentation of the return shall be acknowledged by the signature of a supervisor.

   **700.3.1 CARE OF PROPERTY**
   Members shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property that has been assigned or entrusted to them.

   Intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to, the cost of repair or replacement.

   (a) Members shall promptly report, through their chain of command, any loss, damage to, or unserviceable condition of any department-issued property or equipment.

      1. A supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Lieutenant, which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.

      2. A review by command staff should determine whether additional action is appropriate.

   (b) The use of damaged or unserviceable property should be discontinued as soon as practicable, and the item replaced with a comparable item as soon as available and following notice to a supervisor.

   (c) Except when otherwise directed by competent authority or otherwise reasonable by circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.
Department-Owned and Personal Property

(d) Department property shall not be thrown away, sold, traded, donated, destroyed or otherwise disposed of without proper authority.

(e) A supervisor’s approval is required before any attempt to repair damaged or unserviceable property is made by a member.

700.4 PERSONAL PROPERTY

Carrying and/or using personal property or equipment on-duty requires prior written approval by the Chief of Police or appropriate Lieutenant. The member should submit a request that includes a description of the property, and the reason and length of time it will be used. Personal property of the type routinely carried by persons who are not performing law enforcement duties, and that is not a weapon, is excluded from this requirement. The Department will not replace or repair costly items (e.g., jewelry, expensive watches, exotic equipment) that are not reasonably required as part of work.

700.4.1 FILING CLAIMS FOR PERSONAL PROPERTY

Claims for reimbursement for damage to, or loss of, personal property must be made on the proper form. This form is submitted to the member's immediate supervisor. The supervisor may require a separate written report.

The supervisor receiving such a report shall investigate and direct a memo to the appropriate Lieutenant, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition. Upon review by command staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police, who will then forward the claim to the Town department responsible for issuing payments.

700.5 DAMAGE TO PROPERTY OF ANOTHER

Members who intentionally or unintentionally damage or cause to be damaged the real or personal property of another while performing any law enforcement function shall promptly report the damage through their chain of command. The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Lieutenant, which shall include the result of the investigation and whether reasonable care was taken to prevent the loss, damage or unserviceable condition. A review of the incident by command staff to determine whether misconduct or negligence was involved should be completed.

700.5.1 DAMAGE BY PERSONNEL OF ANOTHER AGENCY

Personnel from another agency may intentionally or unintentionally cause damage or cause to be damaged the real or personal property of the Town of Prince George County or of another person while performing their duties within the jurisdiction of this department. It shall be the responsibility of this department member present or the member responsible for the property to report the damage as follows:
(a) A verbal report shall be made to the member’s immediate supervisor as soon as circumstances permit.

(b) A written report shall be submitted before the member goes off-duty or as otherwise directed by the supervisor.

The supervisor receiving such a report shall conduct an investigation and direct a memo to the appropriate Lieutenant, which shall include the result of the investigation and whether misconduct or negligence caused the loss, damage or unserviceable condition.
Personal Communication Devices

1. **PURPOSE AND SCOPE**
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes. This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

2. **POLICY**
The Glenarden Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member’s PCD records to civil or criminal discovery or disclosure under applicable Maryland Public Information Act (PIA) laws. Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

3. **PRIVACY EXPECTATION**
Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

4. **DEPARTMENT-ISSUED PCD**
Depending on a member’s assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member’s use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.
Personal Communication Devices

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

5. PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.

(b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.

(c) The PCD and any associated services shall be purchased, used and maintained solely at the member’s expense.

(d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.

1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.

(e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.

(f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, PIA retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.

(g) All work-related documents, emails, photographs, recordings or other public records created or received on a member’s personally owned PCD should be transferred to the Glenarden Police Department and deleted from the member’s PCD as soon as reasonably practicable but no later than the end of the member’s shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements or memorandums of understanding, or if the member has prior express authorization from his/her supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.
Personal Communication Devices
6. USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

Personal Communication Devices

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

(b) All PCDs in the workplace shall be set to silent or vibrate mode.

(c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

(d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.

(e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

(f) Members will not access social networking sites for any purpose that is not official department business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

7. SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

(b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.

1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
2. Before conducting any administrative search of a member’s personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

**Personal Communication Devices**

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other department communications network.

9. **USE WHILE DRIVING**

The use of a PCD while driving is only permitted for officers who are acting within the scope of their official duties. However, such use can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Therefore, officers should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD (Md. Code TR § 21-1124.2).

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (Md. Code TR § 21-1124.2). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

The purpose of this policy is to ensure that department vehicles are appropriately maintained.

2. POLICY
The Glenarden Police Department will service department vehicles to ensure they remain operational and maintain their appearance, as resources allow.

Members are responsible for assisting in maintaining department vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

4. DEFECTIVE VEHICLES
When a vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service. ### 7. WASHING OF VEHICLES

Vehicles shall be kept clean at all times and, weather conditions permitting, shall be washed as necessary to maintain the professional appearance of the Department.

Patrol officers shall obtain clearance from the dispatcher before going to the car wash. Only one patrol vehicle should be at the car wash at a time unless otherwise approved by a supervisor.

Members using a vehicle shall remove any trash or debris at the end of their shifts. Confidential material should be placed in a designated receptacle that has been provided for shredding this material.
Vehicle Use

1. PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the Town of Prince George County to provide assigned take-home vehicles.

2. POLICY
The Glenarden Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

3. USE OF VEHICLES

3.1. SHIFT ASSIGNED VEHICLES
The Shift Supervisor shall ensure a copy of the shift assignment roster, indicating member assignments and vehicle numbers, is completed for each shift and retained in accordance with the established records retention schedule. If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

3.2. OTHER USE OF VEHICLES
Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Shift Supervisor. A notation will be made on the shift assignment roster indicating the member’s name and vehicle number.

This subsection does not apply to those who are assigned to transport vehicles to and from the maintenance yard or car wash.

3.3. INSPECTIONS
Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.
Vehicle Use

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

3.4. SECURITY AND UNATTENDED VEHICLES
Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle. Members shall ensure all weapons are secured while the vehicle is unattended.

3.5. MOBILE DATA TERMINAL
Members assigned to vehicles equipped with a Mobile Data Terminal (MDT) shall log onto the MDT with the required information when going on-duty. If the vehicle is not equipped with a working MDT, the member shall notify the Communications Center. Use of the MDT is governed by the Mobile Data Terminal Use Policy.

3.6. KEYS
Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle. Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member’s chain of command.

3.7. AUTHORIZED PASSENGERS
Members operating department vehicles shall not permit persons other than Town personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

3.8. ALCOHOL
Members who have consumed alcohol are prohibited from operating any department vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

3.9. PARKING
Except when responding to an emergency or when urgent department-related business requires otherwise, members driving department vehicles should obey all parking regulations at all times.

Department vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to department vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.
3.10. ACCESSORIES AND/OR MODIFICATIONS
There shall be no modifications, additions or removal of any equipment or accessories without written permission from the assigned vehicle program manager.

3.11. NON-SWORN MEMBER USE
Non-sworn members using marked emergency vehicles shall ensure that all weapons have been removed before going into service. Non-sworn members shall prominently display the "out of service" placards or light bar covers at all times. Non-sworn members shall not operate the emergency lights or siren of any vehicle unless expressly authorized by a supervisor.

3.12. VEHICLE LOCATION SYSTEM
Patrol and other vehicles, at the discretion of the Chief of Police, may be equipped with a system designed to track the vehicle’s location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Lieutenant approval. All data captured by the system shall be retained in accordance with the established records retention schedule.

4. INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES
Department vehicles may be assigned to individual members at the discretion of the Chief of Police. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

4.1. ON-DUTY USE
Vehicle assignments shall be based on the nature of the member’s duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

4.2. UNSCHEDULED TAKE-HOME USE
Circumstances may arise where department vehicles must be used by members to commute to and from a work assignment. Members may take home department vehicles only with prior approval of a supervisor and shall meet the following criteria:
Vehicle Use

(a) The circumstances are unplanned and were created by the needs of the Department.

(b) Other reasonable transportation options are not available.

(c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Prince George County Town limits.

(d) Off-street parking will be available at the member’s residence.

(e) Vehicles will be locked when not attended.

(f) All firearms, weapons and control devices will be removed from the interior of the vehicle and properly secured in the residence when the vehicle is not attended, unless the vehicle is parked in a locked garage.

4.3. ASSIGNED VEHICLES

Assignment of take-home vehicles shall be based on the location of the member’s residence; the nature of the member’s duties, job description and essential functions; and the member's employment or appointment status. Residence in the Town of Prince George County is a prime consideration for assignment of a take-home vehicle. Members who reside outside the Town of Prince George County may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions. Members are cautioned that under federal and local tax rules, personal use of a Town vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member’s tax adviser.

Criteria for use of take-home vehicles include the following:

(a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Lieutenant gives authorization.

(b) Vehicles may be used to transport the member to and from the member’s residence for work-related purposes.

(c) Vehicles will not be used when off-duty except:

   1. In circumstances when a member has been placed on call by the Chief of Police or Lieutenants and there is a high probability that the member will be called back to duty.

   2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or traveling to or from a work-related activity or function.

   3. When the member has received permission from the Chief of Police or Lieutenants.
4. When the vehicle is being used by the Chief of Police, Lieutenants or members who are in on-call administrative positions.

**Vehicle Use**

5. When the vehicle is being used by on-call investigators.

(d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.

(e) The two-way communications radio, MDT and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.

(f) Unattended vehicles are to be locked and secured at all times.

   1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).

   2. All weapons shall be secured while the vehicle is unattended.

   3. All department identification, portable radios and equipment should be secured.

(g) Vehicles are to be parked off-street at the member’s residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be removed and properly secured in the residence (see the Firearms Policy regarding safe storage of firearms at home).

(h) Vehicles are to be secured at the member’s residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.

   1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.

   2. If the member is unable to provide access to the vehicle, it shall be parked at the Department.

(i) The member is responsible for the care and maintenance of the vehicle.

4.4. **ENFORCEMENT ACTIONS**

When driving a take-home vehicle to and from work outside of the jurisdiction of the Glenarden Police Department or while off-duty, an officer shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies). Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).
Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

4.5. MAINTENANCE

Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

(a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.

(b) It is the member’s responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.

(c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department supervisor in charge of vehicle maintenance.

(d) The Department shall be notified of problems with the vehicle and approve any major repairs before they are performed.

(e) When leaving the vehicle at the maintenance facility, the member will complete a vehicle repair card explaining the service or repair, and leave it on the seat or dash.

(f) All weapons shall be removed from any vehicle left for maintenance.

(g) Supervisors shall make, at a minimum, monthly inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with this policy.

5. UNMARKED VEHICLES

Unmarked vehicles are assigned to various Prince George County PDs and their use is restricted to the respective Prince George County PD and the assigned member, unless otherwise approved by a supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the Prince George County PD for that purpose. Any use of unmarked vehicles by those who are not assigned to the Prince George County PD to which the vehicle is assigned shall also be recorded with the Shift Supervisor on the shift assignment roster.

6. DAMAGE, ABUSE AND MISUSE

When any department vehicle is involved in a traffic accident or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic accident report shall be filed with the agency having jurisdiction (see the Traffic Accidents Policy). Damage to any department vehicle that was not caused by a traffic accident shall be immediately reported during the shift in which the damage was discovered, documented in memorandum.
format and forwarded to the Shift Supervisor. An administrative investigation should be initiated to
determine if there has been any vehicle abuse or misuse.

Vehicle Use

7. TOLL ROAD USAGE

Law enforcement vehicles are not routinely exempt from incurring toll road charges.

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall
adhere to the following:

(a) Members operating department vehicles for any reason other than in response to an
emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder.
Members may submit a request for reimbursement from the Town for any toll fees incurred in the
course of official business.

(b) Members passing through a toll plaza or booth during a response to an emergency shall
notify, in writing, the appropriate Lieutenant within five working days explaining the
circumstances.

8. ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for
their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless
of the activity, should be suitable to reflect positively upon the Department.
Cash Handling, Security and Management

1. PURPOSE AND SCOPE
This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties. This policy does not address cash-handling issues specific to the Property and Informants policies.

2. POLICY
It is the policy of the Glenarden Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

3. PETTY CASH FUNDS
The Chief of Police shall select a member of the Department as the fund manager. This person is responsible for maintaining and managing petty cash funds. In the absence of the fund manager, the Chief of Police may delegate this responsibility to an authorized designee. Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

4. PETTY CASH TRANSACTIONS
The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

5. PETTY CASH AUDITS
The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Chief of Police, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Chief of Police.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Chief of Police or the Town.
Cash Handling, Security and Management

6. ROUTINE CASH HANDLING
Members who handle cash as part of their regular duties, e.g., property officers, the Prince George County PD supervisor and those who accept payment for department services will discharge those duties in accordance with the procedures established for those tasks (see the Property and Informants policies).

7. OTHER CASH HANDLING
Members who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property and Evidence Section Policy.

Cash in excess of $1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.
Chapter 8 - Support Services

Information relevant to the development of department strategic plans should be provided to the appropriate command staff members.

When information pertains to tactical and strategic plans, it should be provided to all affected members.
Communications

1. PURPOSE AND SCOPE
   This policy establishes guidelines for the basic functions of the Communications Center. It addresses the immediate information needs of the Department in the course of its normal daily activities and during emergencies.

2. POLICY
   It is the policy of the Glenarden Police Department to provide 24-hour telephone service to the public for information and for routine or emergency assistance that complies with Md. Code PS § 1-304. The Department provides two-way radio capability for continuous communication between the Communications Center and department members in the field.

3. THE COMMUNICATIONS CENTER SECURITY
   The communications function is vital and central to all emergency service operations. The safety and security of the Communications Center, its members and equipment must be a high priority. Special security procedures should be established in a separate operations manual for the Communications Center. Access to the Communications Center shall be limited to the Communications Center members, the Shift Supervisor, command staff and department members with a specific business-related purpose.

4. RESPONSIBILITIES
4.1. DISPATCH SUPERVISOR
   The Chief of Police shall appoint and delegate certain responsibilities to a Dispatch Supervisor. The Dispatch Supervisor is directly responsible to the Operations Services Lieutenant or the authorized designee.

   The responsibilities of the Dispatch Supervisor include, but are not limited to:

   (a) Overseeing the efficient and effective operation of the Communications Center in coordination with other supervisors.

   (b) Scheduling and maintaining dispatcher time records.

   (c) Supervising, training and evaluating dispatchers.

   (d) Ensuring the radio and telephone recording system is operational.

       1. Recordings shall be maintained in accordance with the established records retention schedule and as required by law.

   (e) Processing requests for copies of the Communications Center information for release.

   (f) Maintaining the Communications Center database systems.
Communications

(g) Maintaining and updating the Communications Center procedures manual.

1. Procedures for specific types of crime reports may be necessary. For example, specific questions and instructions may be necessary when talking with a victim of a sexual assault to ensure that his/her health and safety needs are met, as well as steps that he/she may take to preserve evidence.

2. Ensuring dispatcher compliance with established policies and procedures.

(h) Handling internal and external inquiries regarding services provided and accepting personnel complaints in accordance with the Personnel Complaints Policy.

(i) Maintaining a current contact list of Town personnel to be notified in the event of a utility service emergency.

(a) Receipt and handling of all incoming and transmitted communications, including:

1. Emergency 9-1-1 lines.

2. Business telephone lines.

Dispatchers report to the Dispatch Supervisor.

Communications

5. CALL HANDLING

This department provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a Limited English Proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in the Communications Center, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller’s language, the dispatcher will contact the contracted telephonic interpretation service and establish a three party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

5.1. EMERGENCY CALLS

A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding department members and affected individuals.

Emergency calls should be dispatched immediately. The Shift Supervisor shall be notified of pending emergency calls for service when department members are unavailable for dispatch.
5.2. NON-EMERGENCY CALLS

A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

801.6 RADIO COMMUNICATIONS

The police radio system is for official use only, to be used by dispatchers to communicate with department members in the field. All transmissions shall be professional and made in a calm, businesslike manner, using proper language and correct procedures. Such transmissions shall include, but not be limited to:

(a) Members acknowledging the dispatcher with their radio identification call signs and current location.
(b) Dispatchers acknowledging and responding promptly to all radio transmissions.
(c) Members keeping the dispatcher advised of their status and location.
(d) Member and dispatcher acknowledgements shall be concise and without further comment unless additional information is needed.

6. **SUBPOENAS AND DISCOVERY REQUESTS**

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the State’s Attorney, Town Attorney or the courts. All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

7. **RELEASED RECORDS TO BE MARKED**

Each page of any record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

8. **EXPUNGEMENT**

Expungement orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall expunge such records as ordered by the court. Records may include, but are not limited to, a record of arrest, investigation, detention or conviction. Once a record is expunged, members shall respond to any inquiry as though the record did not exist (Md. Code CP § 10-101 et seq.).

Unless an order is stayed pending an appeal, the Custodian of Records served with an order of expungement of a juvenile record under Md. Code CJ § 3-8A-27.1 shall notify the court, the petitioner, and all parties in writing within 60 days after entry of the order that the Department has complied with the order.
9. TRAINING

All members authorized to manage, release or facilitate public access to department records shall complete a training program that includes identification of material appropriate for public access and the department systems and procedures guiding such release and access.
1. **PURPOSE AND SCOPE**

   The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Glenarden Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

2. **DEFINITIONS**

   Definitions related to this policy include:

   **Protected information** - Any information or data that is collected, stored or accessed by members of the Glenarden Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. (g) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.

4. ACCESS TO PROTECTED INFORMATION
Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Glenarden Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access. Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

5. RELEASE OF DISSEMINATION OF PROTECTED INFORMATION
Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Division (Prince George County PD) for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Division (Prince George County PD) to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

6. SECURITY OF PROTECTED INFORMATION
The Chief of Police will select a member of the Department to oversee the security of protected information.
The responsibilities of this position include, but are not limited to:

(a) Developing and maintaining security practices, procedures and training.

(b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.

(c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.

(d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

805.6.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

805.7 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.
Animal Control

1. PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

2. POLICY
It is the policy of the Glenarden Police Department to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

3. ANIMAL MANAGEMENT
Animal control services are generally the primary responsibility of Animal Management and include the following:

(a) Animal-related matters during periods when Animal Management is available.

(b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Management is available for investigation and resolution.

(c) Follow-up on animal-related calls, such as locating owners of injured animals.

4. MEMBER RESPONSIBILITIES
Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

(a) There is a threat to public safety.

(b) An animal has bitten someone; members should take measures to confine the animal and prevent further injury.

(c) An animal is creating a traffic hazard.

(d) An animal is seriously injured.

(e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.

1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
Animal Control

2. With the owner’s consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.

3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

5. ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to:

(a) Abuse or neglect of an animal (Md. Code CR § 10-604).
(b) Aggravated cruelty to animals (Md. Code CR § 10-606).
(c) Dogfights (Md. Code CR § 10-607).
(d) Cockfights (Md. Code CR § 10-608).
(e) Poisoning a dog (Md. Code CR § 10-618).
(f) Endangering the health or safety of a dog or cat by leaving the animal unattended in a motor vehicle (Md. Code TR § 21-1004.1).
(g) An investigation should be conducted on all reports of animal cruelty.
(h) Officers may seize an animal if necessary to protect an animal that is in need of immediate care or protection from acts of cruelty (Md. Code CR § 10-615(b)(1)).

1. If an animal is impounded, yarded or confined without necessary food, water or proper attention, or is subject to cruelty or is neglected, an officer may enter the place where the animal is located, except if the animal is in a private dwelling, and supply the animal with necessary food, water and attention, or remove the animal if removal is necessary for the animal’s health (Md. Code CR § 10-615(c)).

2. The officer shall notify the animal's owner or custodian of the removal and any administrative remedies that may be available (Md. Code CR § 10-615(d)).

3. Removal of a farm animal requires the prior recommendation of a veterinarian licensed in the state (Md. Code CR § 10-615(f)).

6. ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Members shall complete the Maryland Animal- Bite Report and Rabies Quarantine Agreement Form and make the report available within 24 hours to the local health officers and, on request, to the Public Health Veterinarian (COMAR 10.06.02.05; Md. Code HG § 18-316).

Efforts should be made to capture or otherwise have the animal placed under quarantine in accordance with Md. Code HG § 18-320. Members should attempt to identify and notify the owner of the final disposition of the animal.
7. **STRAY DOGS**

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

8. **DANGEROUS ANIMALS**

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Shift Supervisor will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

9. **PUBLIC NUISANCE CALLS RELATING TO ANIMALS**

Members should diligently address calls related to nuisance animals (i.e., barking dogs), as such calls may involve significant quality of life issues.

10. **DECEASED ANIMALS**

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

11. **INJURED ANIMALS**

When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

When an animal is injured in a traffic accident, the member shall notify the appropriate local organization to give such injured animal medical care (Md. Code TR § 20-106(b)).

12. **DESTRUCTION OF ANIMALS**

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor.

request for religious accommodation is denied.

be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.
Individuals wearing headscarves or other approved coverings shall not be required to remove them while in

A request for the release of property to another person must be made in writing. Release of the property requires the recipient’s signature on the appropriate form.

Upon release of an individual from temporary custody, his/her items of personal property shall be

is transferred to another facility or court, the member transporting the individual is required to obtain
the receiving person’s signature as notice of receipt. The Department shall maintain a copy of the

Temporary Custody of Adults
Temporary Custody of Juveniles

1. PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Glenarden Police Department (42 USC § 5633).

1.1. DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent or alien juvenile who may be legally held by law enforcement for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

**Juvenile offender** - A juvenile under the age of 18 who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Md. Code CJ § 3-8A-14(a)(2)).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other department member at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

**Safety checks** - Direct, visual observation by a member of this department performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail or other object.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
Temporary Custody of Juveniles

Sight and sound separation - Located or arranged to prevent physical, visual or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

2. POLICY
The Glenarden Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and to keeping juveniles safe while in temporary custody at the Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release (Md. Code CJ § 3-8A-14(b)).

3. JUVENILES WHO SHOULD NOT BE HELD
Juveniles who exhibit certain behaviors or conditions should not be held at the Glenarden Police Department. These include:

(a) Unconsciousness or having been unconscious while being taken into custody or transported.
(b) Serious injuries or a medical condition requiring immediate medical attention.
(c) A suspected suicide risk or showing obvious signs of severe emotional or mental disturbance (see the Mental Health Evaluations Policy).
   1. If the officer taking custody of a juvenile believes that he/she may be a suicide, risk, the officer shall ensure continuous direct supervision until evaluation, release or transfer to an appropriate facility is completed.
(d) Significant intoxication or showing signs of having ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.
(e) Extremely violent or continuously violent behavior.
(f) Afflicted with, or displaying symptoms of, a communicable disease that poses an unreasonable exposure risk.

Officers taking custody of a juvenile exhibiting any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and should notify a supervisor of the situation. These juveniles should not be held at the Department unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

4. CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the Glenarden Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.
No juvenile should be held in temporary custody at the Department without authorization of the arresting officer’s supervisor or the Shift Supervisor. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Temporary Custody of Juveniles:
In no event shall a juvenile be held beyond six hours from the time of his/her entry into the Department (42 USC § 5633).

4.1. CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Glenarden Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (42 USC § 5633).

4.2. CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (42 USC § 5633).

The following offenses require a citation in lieu of custody absent a separate justification for custody (Md. Code CJ § 3-8A-33):

Juvenile offenders should be held in non-secure custody while at the Glenarden Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Juvenile offenders shall be detained in a designated juvenile area. A juvenile under 14 years of age may not be detained beyond emergency detention unless the juvenile is alleged to have committed an act that, if committed by an adult, would be punishable by death or life imprisonment (Md. Code CJ § 3-8A-15(g); Md. Code CJ § 3-8A-15(e).
(a) An officer has probable cause to believe the juvenile is in violation of a peace order in effect at the time of the violation (Md. Code CJ § 3-8A-19.5(b)).

(b) There is a valid warrant for the juvenile’s arrest (Md. Code § CJ 3-8A-14.1(c)).

**901.5 NOTIFICATIONS**

When a juvenile is taken into custody, officers shall immediately notify the juvenile's parent, guardian, or custodian (Md. Code § CJ 3-8A-14; Md. Code CJ § 3-814). **901.5.1 REQUIRED SCHOOL NOTIFICATION**

If a juvenile between the ages of 5 and 21 (inclusive) is taken into custody for one of the reportable offenses listed in Md. Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Glenarden Police Department (42 USC § 5633). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Department shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

**901.7.1 TRANSPORTATION**

2. SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES
A strip search may be conducted in the field only with Shift Supervisor authorization and only in exceptional circumstances, such as when:

(a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.

903.6.1 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the Town Administrator. The Chief of Police or Town Administrator shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All department members shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member’s disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176). Any contractor who engages in sexual abuse shall be prohibited from contact with individuals in custody and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with individuals in custody by a contractor.

7. RETALIATION PROHIBITED

All individuals in custody and department members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other person who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that person.

The Shift Supervisor or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for individuals in custody or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

A member of the Department shall be identified by the Shift Supervisor or the authorized designee to monitor the conduct and treatment of individuals in custody or members who have reported sexual abuse, and of those who were reported to have suffered sexual abuse. The member shall act promptly to remedy any such retaliation. In the case of individuals in custody, such monitoring shall also include periodic safety checks.

8. REVIEWS AND AUDITS
INCIDENT REVIEWS

An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include command staff and seek input from supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

(a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.

(b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the department facility.

(c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.

(d) Assess the adequacy of staffing levels in that area during different shifts.

(e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by department members.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Chief of Police and the PREA coordinator. The Chief of Police or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

DATA REVIEWS

The PREA coordinator shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

(a) Identification of any potential problem areas.

(b) Identification of any corrective actions taken.

(c) Recommendations for any additional corrective actions.

(d) A comparison of the current year’s data and corrective actions with those from prior years.

(e) An assessment of the progress in addressing sexual abuse.
The report shall be approved by the Chief of Police and made readily available to the public through the department website. Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from department facilities and private facilities with which it contracts shall be made readily available to the public at least annually. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

9. RECORDS
The Glenarden Police Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is in custody or is a member of the Department, plus five years (28 CFR 115.171).

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

10. TRAINING
All department members and contractors who may have contact with individuals in custody shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within the department facility.

(a) The Training Coordinator shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

2. Proper use of *Miranda* and *Garrity* warnings.
4. Criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The Training Coordinator shall maintain documentation that department members, contractors and investigators have completed required training and that they understand the training. This understanding shall be documented through individual signature or electronic verification.

All current department members who may have contact with individuals in custody shall be trained within one year of the effective date of the PREA standards. The Department shall provide annual refresher information to all such members to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.
Chapter 10 - Personnel
Recruitment and Selection

PURPOSE AND SCOPE
This policy provides a framework for employee recruiting efforts and identifying job-related standards for the selection process. This policy supplements the rules that govern employment practices for the Glenarden Police Department and that are promulgated and maintained by the Personnel Department.

The Department does not show partiality or grant any special status to any applicant, employee or group of employees unless otherwise required by law. The Department will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards.

RECRUITMENT
The Administration Lieutenant should employ a comprehensive recruitment and selection strategy to recruit and select employees from a qualified and diverse pool of candidates.

The strategy should include:

(a) Identification of racially and culturally diverse target markets.

(c) Expanded use of technology and maintenance of a strong Internet presence. This may include an interactive department website and the use of department-managed social networking sites, if resources permit.

(d) Expanded outreach through partnerships with media, community groups, citizen academies, local colleges, universities and the military.

(e) Employee referral and recruitment incentive programs.

(f) Consideration of shared or collaborative regional testing processes.

The Department should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of his/her status in the recruiting process.
Selection Process

The Department shall actively strive to identify a diverse group of candidates that have in some manner distinguished themselves as being outstanding prospects. Minimally, the Department should employ a comprehensive screening, background investigation and selection process that assesses cognitive and physical abilities and includes review and verification of the following:

(a) A comprehensive application for employment (including previous employment, references, current and prior addresses, education, military record)

(b) Driving record

(c) Reference checks

(d) Citizenship verification, including U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form I-9 and acceptable identity and employment authorization documents

   2. Determined that the candidate meets each of the selection standards under COMAR 12.04.01.04 or COMAR 12.04.01.08.

False or misrepresented information on the AFC is a basis for rejection or revocation of certification by the MPTC and may be the basis for separate administrative or legal action (COMAR 12.04.01.02).

REVIEW OF SOCIAL MEDIA SITES

Due to the potential for accessing unsubstantiated, private or protected information, the Administration Lieutenant shall not require candidates to provide passwords, account information or access to password-protected social media accounts (Md. Code LE § 3-712).
The Administration Lieutenant should consider utilizing the services of an appropriately trained and experienced third party to conduct open source Internet-based searches and/or review information from social media sites to ensure that:

(a) The legal rights of candidates are protected.

(b) Material and information to be considered are verified, accurate and validated.

(c) The Department fully complies with applicable privacy protections and local, state and federal law.

Background investigation interviews may be conducted (COMAR 12.04.01.05):

(a) In person.
   1. A personal interview conducted as part of a background investigation is considered appropriate when an interviewee is available within 50 miles of this department.

(b) By telephone.

(c) By using a designated department form and questionnaire that the interviewer or individual interviewed is required to complete.

Personal references and others residing outside the state may be contacted by correspondence or telephone (COMAR 12.04.01.05).

OUT-OF-STATE CANDIDATES

When the candidate has resided or been employed out-of-state, the background investigation may be performed by an appropriate law enforcement agency or a legitimate private background investigation agency in the area where the candidate lived or worked (COMAR 12.04.01.05).

If a candidate has been employed as a police officer for the federal government or in another state, the Chief of Police shall:

(a) Report the law enforcement agency's name and jurisdiction to the MPTC.

(b) Forward any derogatory information obtained from the previous out-of-state law enforcement agency.

INVESTIGATIONS BY OTHER AGENCIES

The Department may authorize another individual, office or agency to conduct a background investigation (COMAR 12.04.01.05).
The Maryland State Police or a local law enforcement agency may assist this department in a background investigation.

CRIMINAL RECORD CHECKS AND FINGERPRINTS

The Department shall fingerprint a candidate and submit the fingerprints to the appropriate local, state and national agencies for a search of criminal records (COMAR 12.04.01.05).

(a) The Chief of Police may conduct a criminal record check through the National Crime Information Center (NCIC) files instead of a local fingerprint check.

(b) Upon hiring the candidate, the results of the record check will be maintained and reported to the MPTC.

(c) If the results of the NCIC check or the local, state or national fingerprint check reveal that a candidate has been convicted or otherwise found guilty of a felony, or a misdemeanor for which a sentence of imprisonment for one year or more could have been imposed, the Chief of Police shall provide the MPTC with the available information concerning the conviction.

(d) The MPTC may refuse to certify a candidate based on derogatory information developed as part of the criminal record check.

DRUG SCREENING

A candidate shall be subject to a drug screening to test for controlled dangerous substances, narcotic drugs and marijuana as specified in COMAR 12.04.01.15 (COMAR 12.04.01.04).

The Chief of Police shall maintain a record of the drug screening results and report the results to the MPTC.

If the test results exceed the levels established under COMAR 12.04.01.15, the MPTC may not certify the candidate unless the positive screen for a controlled dangerous substance, narcotic drugs or marijuana was determined to be the result of a legitimate ingestion or exposure as established under COMAR 12.04.01.16.

DISQUALIFICATION GUIDELINES

As a general rule, performance indicators and candidate information and records shall be evaluated by considering the candidate as a whole, and taking into consideration the following:

- Age at the time the behavior occurred
- Passage of time
- Patterns of past behavior
- Severity of behavior
- Probable consequences if past behavior is repeated or made public

Performance Evaluations

PURPOSE AND SCOPE
This policy provides guidelines for the Glenarden Police Department performance evaluation system.

POLICY
The Glenarden Police Department shall use a performance evaluation system to measure, document and recognize work performance. The performance evaluation will serve as an objective guide for the recognition of good work and the development of a process for improvement.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee’s position, without regard to sex, race, color, national origin, religion, age, disability or other protected classes.

TYPES OF EVALUATIONS
The Department shall use the following types of evaluations:

- **Regular** - An evaluation completed at regular intervals by the employee's immediate supervisor. Employees who have been promoted should be evaluated as established by the Personnel Department or minimally, on the anniversary of the date of the last promotion.

  When an employee transfers to a different assignment in the middle of an evaluation period and less than six months has transpired since the transfer, the evaluation should be completed by the current supervisor with input from the previous supervisor.

- **Special** - An evaluation that may be completed at any time the supervisor and Lieutenant or the authorized designee determine an evaluation is necessary to address less than standard performance. The evaluation may include a plan for follow-up action (e.g., performance improvement plan (PIP), remedial training, retraining).

RATINGS
When completing an evaluation, the supervisor will identify the rating category that best describes the employee's performance. The definition of each rating category is as follows:

- **Outstanding** - Performance is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

- **Exceeds standards** - Performance is better than demonstrated by a competent employee. It is performance superior to what is required, but is not of such nature to warrant a rating of outstanding.

- **Meets standards** - Performance of a competent employee. It is satisfactory performance that meets the standards required of the position.
Performance Evaluations

Needs improvement - Performance is less than the standards required of the position. A needs improvement rating shall be thoroughly discussed with the employee.

Unsatisfactory - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be allowed to continue.

Supervisor comments may be included in the evaluation to document the employee's strengths, weaknesses and requirements for improvement. Any job dimension rating marked as unsatisfactory or outstanding shall be substantiated with supervisor comments.

PERFORMANCE IMPROVEMENT PLAN

Employees who receive an unsatisfactory rating may be subject to a PIP. The PIP shall delineate areas that need improvement, any improvement measures and a timetable in which to demonstrate improvement. The issuing supervisor shall meet with the employee to review his/her performance and the status of the PIP at least monthly.

EVALUATION PROCESS

Supervisors should meet with the employees they supervise at the beginning of the evaluation period to discuss expectations and establish performance standards. Each supervisor should discuss the tasks of the positions, standards of expected performance and the evaluation criteria with each employee.

Performance evaluations cover a specific period of time and should be based upon documented performance dimensions that are applicable to the duties and authorities granted to the employee during that period. Evaluations should be completed by each employee’s immediate supervisor. Other supervisors directly familiar with the employee’s performance during the rating period should be consulted by the evaluating supervisor for input.

Assessment of an employee’s job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise and to acknowledge good work. Periodic discussions with the employee during the course of the evaluation period are encouraged. Supervisors should document all discussions in the prescribed manner.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period. All supervisors shall receive training on performance evaluations within one year of a supervisory appointment.

EVALUATION FREQUENCY

Supervisors shall ensure that all employees they supervise are evaluated at least once every year on the anniversary of the employee’s date of appointment or hire.

Those employees who are required to successfully complete a probationary period should be evaluated monthly.
EVALUATION INTERVIEW
When the supervisor has completed his/her evaluation, a private discussion of the evaluation should be scheduled with the employee. The supervisor should discuss the evaluation ratings and respond to any questions the employee may have. The supervisor should provide relevant counseling regarding advancement, specialty positions and training opportunities. Any performance areas in need of improvement and goals for reaching the expected level of performance should be identified and discussed. If the employee has reasonable objections to any of the ratings, the supervisor may make appropriate adjustments to the evaluation. The reason for such adjustments shall be documented.

Employees may write comments in an identified section of the evaluation. The supervisor and employee will sign and date the evaluation.

1001.6.1 DISCRIMINATORY HARASSMENT FORM
At the time of each employee’s annual evaluation, the supervisor shall provide access to and require the employee to read the Town harassment and discrimination policies and the Glenarden Police Department Discriminatory Harassment Policy. The supervisor shall give the employee a form to be completed and returned that acknowledges the following:

(a) The employee understands the harassment and discrimination policies.

(b) The employee has had all questions regarding the policies sufficiently addressed.

(c) The employee knows how to report alleged harassment and discrimination policy violations.

(d) Whether the employee has been the subject of, or witness to, any unreported conduct that may violate the discrimination or harassment policies.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall ensure that appropriate follow up action is taken.

APPEAL
An employee who disagrees with his/her evaluation may provide a formal written response that will be attached to the evaluation, or may request an appeal.

To request an appeal, the employee shall forward a written memorandum within three days to the evaluating supervisor’s Lieutenant or the authorized designee. The memorandum shall identify the specific basis for the appeal and include any relevant information for the reviewer to consider.
CHAIN OF REVIEW

The signed performance evaluation and any employee attachment should be forwarded to the evaluating supervisor’s Lieutenant or the authorized designee. The Lieutenant or the authorized designee shall review the evaluation for fairness, impartiality, uniformity and consistency, and shall consider any written response or appeal made by the employee.

The Lieutenant or the authorized designee should evaluate the supervisor on the quality of ratings given.

RETENTION AND DISTRIBUTION

The original performance evaluation and any original correspondence related to an appeal shall be maintained by the Department in accordance with the Personnel Records Policy.

A copy of the evaluation and any documentation of a related appeal shall be provided to the employee and also forwarded to the Prince George County Personnel Department.

Specifically outside the category of grievances are complaints related to alleged acts of sexual, racial, ethnic or other forms of unlawful harassment, as well as complaints related to allegations of discrimination on the basis of sex, race, religion, ethnic background and other lawfully protected status or activity that are subject to the complaint options set forth in the Discriminatory Harassment Policy. POLICY
It is the policy of the Glenarden Police Department to provide a just and equitable system for the prompt handling of employee grievances without discrimination, coercion, restraint or retaliation against any employee who submits or is otherwise involved in a grievance.

Grievances
Anti-Retaliation

PURPOSE AND SCOPE
This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members’ access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement or memorandum of understanding.

POLICY
The Glenarden Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

RETAILATION PROHIBITED
No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.
Anti-Retaliation

COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the Town Director of Human Services.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member’s identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
(b) Receiving all complaints in a fair and impartial manner.
(c) Documenting the complaint and any steps taken to resolve the problem.
(d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
(e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
(f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
(g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
(h) Not interfering with or denying the right of a member to make any complaint.
(i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.
COMMAND STAFF RESPONSIBILITIES
The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take

- Communicating to all members the prohibition against retaliation.
- The timely review of complaint investigations.
- Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- The timely communication of the outcome to the complainant.

WHISTLE-BLOWING
Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Prince George County PD for investigation pursuant to the Personnel Complaints Policy.

RECORDS RETENTION AND RELEASE
The Records Division (Prince George County PD) shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

TRAINING
The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.
Reporting of Arrests, Convictions and Court Orders

PURPOSE AND SCOPE
The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions and court orders restrict their ability to perform the official duties and responsibilities of the Glenarden Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction or court order disqualifies them from possessing a firearm.

POLICY
The Glenarden Police Department requires disclosure of member arrests, convictions and certain court orders to maintain the high standards, ethics and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS
Federal and Maryland law prohibits individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Md. Code PS § 5-133).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

OTHER CRIMINAL CONVICTIONS AND COURT ORDERS
While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

REPORTING
All members and all retired officers with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Supervisor or the Chief of Police) in writing of any past or current criminal detention, arrest, charge or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending or on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with identification cards issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Shift Supervisor or the Chief of Police) in writing if they become the subject of a domestic violence-related order or
**Reporting of Arrests, Convictions and Court Orders**

any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable Maryland Police Training Commission (MPTC) certification.

Any member whose criminal arrest, conviction or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be suspended and disciplined. This includes, but is not limited to, being placed on administrative leave, reassignment and/or termination (COMAR 12.04.01.04(D); Md. Code PS § 3-112).

Any effort to remove such disqualification or restriction from off-duty conduct or conduct outside the scope of employment, shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officer may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

**1005.5.1 NOTIFICATION REQUIREMENTS**
The Department shall report arrests or convictions to the MPTC for possible suspension and revocation of any applicable certification (Md. Code PS § 3-212).
Drug- and Alcohol-Free Workplace

PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding controlled dangerous substances (CDS) and alcohol in the workplace.

POLICY
It is the policy of the Glenarden Police Department to provide a drug- and alcohol-free workplace for all members.

GENERAL GUIDELINES
Alcohol and CDS use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Supervisor or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1006.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status. Possession of medical cannabis or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using CDS or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to CDS, medication or alcohol use. Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).
**Drug- and Alcohol-Free Workplace**

**EMPLOYEE ASSISTANCE PROGRAM**

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and CDS problems (41 USC § 8103). Insurance coverage that provides treatment for CDS and alcohol abuse also may be available. Employees should contact the Personnel Department, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or CDS problems lead to performance problems.

**WORK RESTRICTIONS**

If a member is on-duty informs a supervisor that he/she has consumed any alcohol, CDS or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol, CDS or medication, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

**SCREENING TESTS**

A supervisor may require an employee to submit to a screening under any the following circumstances (Md. Code HG § 17-214(h):

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or CDS that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm in the performance of his/her duties (excluding training or authorized euthanizing of an animal).

(c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death or substantial property damage.

(d) The employee drives a motor vehicle in the performance of his/her duties and becomes involved in an incident that results in bodily injury, death or substantial damage to property.

An officer who is under investigation may be ordered to submit to a blood alcohol test and/or a blood, breath or urine test for CDS when the testing specifically relates to the investigation (Md. Code PS § 3-104(l)(1).

**SUPERVISOR RESPONSIBILITIES**

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:
(a) The test will be given to detect either alcohol or CDS, or both.

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

**DISCIPLINE**

An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test (Md. Code PS § 3-104(l)(2)).

(b) After taking a screening test that indicates the presence of a CDS, fails to provide proof, within 72 hours after being requested, that he/she took the CDS as directed, pursuant to a current and lawful prescription issued in his/her name.

**TESTING REQUIREMENTS**

The provisions of a collective bargaining agreement that cover preliminary drug testing of a job applicant preempt conflicting portions of this policy (Md. Code HG § 17-214(l)).

When an employee is required to be tested for job-related reasons for the use or abuse of any CDS or alcohol, this department shall:

(a) When using a single-use test device, collect, handle, store and ship each specimen in a manner that maintains the employee donor's identity and confidentiality, the physical integrity of the specimen and precludes contamination of the specimen (Md. Code HG § 17-214(d)(1)).

(b) Maintain a written record of the chain of custody of each specimen from the time that the specimen is collected until the time that the specimen is no longer needed for retesting (Md. Code HG § 17-214(d)(2)).

(c) Have the specimen tested by a laboratory that is certified or otherwise approved and at the time of testing provide the name and address of the laboratory, if requested by the employee (Md. Code HG § 17-214(b)(1)).

(d) Upon notice from the laboratory that an employee has tested positive, deliver to the employee by certified mail or in person and within 30 days from the date the test was performed (Md. Code HG § 17-214(c)(1)):

1. A copy of the laboratory test indicating the test results.

2. A copy of this policy.

3. If applicable, written notice of intent to take disciplinary action, terminate employment or change the conditions of continued employment.

4. A statement or copy of the provisions set forth in Md. Code HG § 17-214(e) which permits the employee to request independent testing of the same sample for verification of the test result.
DISCLOSURE OF INFORMATION

Information that may not be disclosed to the Department includes (Md. Code HG § 17-214(i)(1)):

(a) The use of a nonprescription drug, excluding alcohol, that is not prohibited under state law.

(b) The use of a medically prescribed drug, unless the employee being tested is unable to establish that the drug was medically prescribed for him/her in accordance with state law.

The prohibitions against disclosure of information do not apply to the extent that they prevent a person from complying with the applicable provisions of the federal Commercial Motor Vehicle Safety Act of 1986 and the federal Motor Carrier Safety Regulations (Md. Code HG § 17-214(i)(2)).

The results of a mandatory test are not admissible or discoverable in a criminal proceeding against an officer (Md. Code PS § 3-104(l)(3)).

TRAINING

The Department shall establish a program to train individuals to collect specimens and perform CDS tests in the workplace in accordance with the provisions of Md. Code HG § 17-214(k).

The responsibilities of this department shall include:

(a) Keeping a record of the training received by each trainee.

(b) Establishing a procedure to ensure that each trainee receives the minimum training required to properly perform and demonstrate competency in performing the test.

(c) Maintaining documentation that indicates the trainee has been trained in accordance with state law.

COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the employee’s medical file in accordance with the Personnel Records Policy.
Sick Leave

PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual of sick leave for eligible employees is detailed in the Town personnel manual or applicable collective bargaining agreement or memorandum of understanding.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) or the Flexible Leave Act.

POLICY
It is the policy of the Glenarden Police Department to provide eligible employees with a sick leave benefit that provides time off for personal or family illness.

USE OF SICK LEAVE
Sick leave is intended to be used for absences caused by illness, injury, temporary disability (including pregnancy/maternity), or for medical, dental or vision exams or medical treatment of the employee or the employee's immediate family when it is not possible to schedule such appointments during non-working hours. Members who do not have compensated leave benefits may be eligible for unpaid leave.

Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick-leave benefits, or both. Employees on sick leave shall not engage in other employment or self-employment, or participate in any sport, hobby, recreational or other activity that may impede recovery from the injury or illness.

1007.3.1 NOTIFICATION
All members should notify the Shift Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work. At a minimum, members shall make such notification no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible, provide the Department with no less than 30-days notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.
Sick Leave

EXTENDED ABSENCE
Members absent from duty in excess of three consecutive days may be required to furnish a statement from their physician supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a physician’s statement for an absence of three or fewer days.

SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences are consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Personnel Department as appropriate.

(c) Addressing absences and sick leave use in the member’s performance evaluation when excessive or unusual use has:
   1. Negatively affected the member’s performance or ability to complete assigned duties.
   2. Negatively affected department operations.

(d) When appropriate, counseling members regarding excessive absences and/or use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.
Communicable Diseases

PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

DEFINITIONS
Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (i.e., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Glenarden Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred).

POLICY
The Glenarden Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

EXPOSURE CONTROL OFFICER
The Exposure Control Officer (ECO) is responsible for:

(a) Exposure-prevention and decontamination procedures.

(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.

(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (i.e., gloves, face masks, eye protection, pocket masks) that is appropriate for each member’s position and risk of exposure.

(d) Evaluation of persons in custody for any exposure risk and separated accordingly.

(e) Compliance with all relevant laws or regulations related to communicable diseases, including:

2. Responding to a notification that an officer has been exposed to a contagious disease or virus (Md. Code HG § 18-213; Md. Code HG § 18-213.2; COMAR 10.35.01.17).
Communicable Diseases

3. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

4. HIV testing ordered by an infectious disease/communicable disease officer of a hospital (Md. Code HG § 18-338.3; COMAR 10.18.08.11).

The ECO should also act as the liaison with Maryland Occupational Safety and Health (MOSH) and may request voluntary compliance inspections. The ECO should periodically review and update the exposure control plan and review implementation of the plan.

EXPOSURE PREVENTION AND MITIGATION

GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to:

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicle, as applicable.

(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

(h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

(i) Avoiding eating, drinking or smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

(j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.
IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost.

Communicable Diseases

POST EXPOSURE

INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

(a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

(b) Obtain medical attention as appropriate.

(c) Notify a supervisor as soon as practicable.

REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented:

(a) Name and Social Security number of the member exposed

(b) Date and time of the incident

(c) Location of the incident

(d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)

(e) Work being done during exposure

(f) How the incident occurred or was caused

(g) PPE in use at the time of the incident

(h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Work-Related Injury and Illness Reporting and Workplace Safety and Health policies).

MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary. The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.
Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment. No other information should be requested or accepted by the ECO.

COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure.

SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.

(b) Seeking testing through the procedures in the Md. Code HG § 18-338.3 and COMAR 10.52.10.

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the Town Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training:

(a) Should be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

(b) Should be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.

(c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.
Smoking and Tobacco Use

PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Glenarden Police Department facilities or vehicles.

For the purpose of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device that is intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

POLICY
The Glenarden Police Department recognizes that tobacco use is a health risk and can be offensive to others. Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings and vehicles, and as further outlined in this policy (Md. Code HG § 24-504; COMAR 04.05.01.03F).

SMOKING AND TOBACCO USE
Smoking and tobacco use by members is prohibited any time members are in public view representing the Glenarden Police Department.

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside Town facilities and vehicles.

ADDITIONAL PROHIBITIONS
A “NO SMOKING” sign that conforms to the requirements of COMAR 10.19.04.06E shall be conspicuously displayed at every public entrance to an indoor area that is open to the public and at every public entrance to an indoor area that is open to the public where smoking is prohibited (COMAR 10.19.04.06).

A sign stating “Smoking in This Elevator Is Illegal and Subject to a Penalty Not to Exceed $25.00” shall be posted in any elevator that is available to the public (Md. Code HG § 24-212(a)).
Personnel Complaints

PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Glenarden Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

POLICY

The Glenarden Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreement or memorandum of understanding.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy, or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy, federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

- **Informal** - A matter in which the Shift Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

- **Formal** - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Prince George County PD, depending on the seriousness and complexity of the investigation.

- **Incomplete** - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Prince George County PD, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.
Personnel Complaints

Sources of Complaints

The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

(c) Supervisors shall initiate a complaint based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint.

Availability and Acceptance of Complaints

Complaint Forms

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other Town facilities. Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

Acceptance

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

Documentation

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.
SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint. A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
   1. The original complaint form will be directed to the Shift Supervisor of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
   2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Lieutenant or the Chief of Police, who will initiate appropriate action.

(b) Responding to all complaints in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.
   1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
   2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Shift Supervisor.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Shift Supervisor and Chief of Police are notified via the chain of command as soon as practicable.

(e) Promptly contacting the Personnel Department and the Shift Supervisor for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

(f) Forwarding unresolved personnel complaints to the Shift Supervisor, who will determine whether to contact the complainant or assign the complaint for investigation.

(g) Informing the complainant of the investigator’s name and the complaint number within three days after assignment.
(h) Investigating a complaint as follows:
   1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.

   Personnel Complaints

   (i) Ensuring that immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

   (j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

ADMINISTRATIVE INVESTIGATION INTERVIEWS

Whether conducted by a supervisor or a member of the Prince George County PD, the following applies to members covered by the Law Enforcement Officers’ Bill of Rights (LEOBR) (Md. Code PS § 3-104):

(a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.

(b) Unless waived by the member, interviews of an accused member shall be at the Glenarden Police Department or other reasonable and appropriate place.

(c) No more than one interviewer should ask questions of an accused member. The interviewer shall be a sworn law enforcement officer.

(d) Prior to any interview, a member should be informed in writing of the nature of the investigation. The member under investigation shall also be informed of the name, rank and command of:
   1. The law enforcement officer in charge of the investigation.
   2. The interrogating officer.
   3. Each individual present during an interrogation.

(e) All interviews should be for a reasonable period and the member's personal needs should be accommodated.

(f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers. Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
   1. The member under interrogation may not be threatened with transfer, dismissal or disciplinary action.

(g) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview may be provided to the member prior to any subsequent interview.
A complete record shall be kept of the entire interview of the member, including all recess periods. The record may be written, taped or transcribed.

All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual’s statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

All members shall provide complete and truthful responses to questions posed during interviews.

No member may be compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation.

If the member is under arrest, or is likely to be placed under arrest as a result of the interrogation, the member shall be completely informed of all of his/her rights before the interrogation begins.

**ADMINISTRATIVE INVESTIGATION FORMAT**

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

**Introduction** - Include the identity of the members, the identity of the assigned investigators, the initial date and source of the complaint.

**Synopsis** - Provide a brief summary of the facts giving rise to the investigation.

**Summary** - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

**Evidence** - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

**Conclusion** - A recommendation regarding further action or disposition should be provided.

**Exhibits** - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

**DISPOSITIONS**

Each personnel complaint shall be classified with one of the following dispositions:

**Unfounded** - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

**Exonerated** - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.
**Not sustained** - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

**Sustained** - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

**COMPLETION OF INVESTIGATIONS**

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation because charges must generally be filed within one year (MD Code PS § 3-106).

**ADMINISTRATIVE SEARCHES**

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct. Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

**EMERGENCY SUSPENSION**

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may suspend an accused employee with pay. An employee charged with a felony may be suspended without pay (Md. Code PS § 3-112).

Any employee suspended:

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.

(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

(c) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

A suspended employee shall be provided a prompt hearing (Md. Code § PS 3-112).

**CRIMINAL INVESTIGATION**

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.
The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

The Chief of Police may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

POST-ADMINISTRATIVE INVESTIGATION PROCEDURES
Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police or authorized designee through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police or authorized designee may accept or modify any classification or recommendation for disciplinary action.

LIEUTENANT RESPONSIBILITIES
Upon receipt of any completed personnel investigation, the Lieutenant of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Lieutenant may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed. Prior to forwarding recommendations to the Chief of Police or authorized designee, the Lieutenant may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police or authorized designee, the Lieutenant shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

CHIEF OF POLICE OR AUTHORIZED DESIGNEE RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Chief of Police or authorized designee shall review the recommendation and all accompanying materials. The Chief of Police or authorized designee may modify any recommendation and/or may return the file to the Lieutenant for further investigation or action.

Once the Chief of Police or authorized designee is satisfied that no further investigation or action is required by staff, the Chief of Police or authorized designee shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police or authorized designee shall provide the member with a written notice.
Before any discipline may be imposed, the Chief of Police or authorized designee shall ensure notice is given to a member covered by the LEOBR of the member’s right to a hearing by a hearing board, the time and place of the hearing, the issues involved and the member’s right to choose an alternate method of hearing if the Chief of Police does not do so. (Md. Code PS § 3-107).

HEARING BY HEARING BOARD

If the Chief of Police or authorized designee recommends demotion, dismissal, transfer, loss of pay, reassignment, or similar punitive action against a member covered by the LEOBR, a hearing before the hearing board will be held before the action is taken. The hearing board shall be convened and conducted as provided in Md. Code PS § 3-107 and § 3-108 or as otherwise provided in the applicable collective bargaining agreement.

At least 10 days before the hearing, the officer shall be notified of the charges against him/her. The officer also shall be provided with the name of each witness and a copy of the investigatory file, as well as any exculpatory information that relates to the officer and the charges specified. The officer and the officer’s representative must execute a confidentiality agreement and pay reasonable costs associated with reproducing the materials (Md. Code PS § 3-104).

The hearing board shall issue a written decision including findings of fact and may also make a written recommendation of a penalty if the hearing board makes a finding of guilt (Md. Code PS § 3-108). A copy of the hearing board’s decision, findings of fact, conclusions and any discipline recommendation shall be sent to the Chief of Police and to the member or attorney or representative of record for the member.

FINAL ORDER OF CHIEF OF POLICE

Within 30 days after receipt, the Chief of Police shall review the findings, conclusions, and recommendations of the hearing board, consider the member’s past job performance and issue a final order.

PRE-DISCIPLINE MEETING

Members not covered by the LEOBR will be given a pre-discipline meeting with the Chief of Police or authorized designee. For members covered by the LEOBR, a pre-discipline hearing will be held if the Chief of Police intends to increase the discipline recommended by the hearing board. The Chief of Police may increase the hearing recommended discipline only after reviewing the entire hearing board record and providing in writing, at least 10 days before the meeting, any oral or written communication not included in the record of the hearing board on which the decision to consider increasing the discipline is based. The meeting shall be recorded and the Chief of Police shall state on the record the evidence relied upon to support the increase of the recommended penalty. (Md. Code § PS 3-108).
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after a hearing board recommendation and prior to imposition of discipline. The employee shall consider the following:

Personnel Complaints

(b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.

RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

Notice that a licensed member separated shall be sent to the Maryland Police Training Commission (MPTC) within 30 days of member’s change in employment status (COMAR 12.04.01.02).

POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees not covered by the LEOBR have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by an employment agreement, or other rules.

In the event of punitive action against an employee covered by LEOBR, the appeal process shall be as provided in Md. Code PS § 3-109.

PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their name through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee. Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Records Policy.
Personnel Complaints
Seat Belts

PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1011.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 (Md. Code TR § 22-412.2).

POLICY
It is the policy of the Glenarden Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle accident.

WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement.

TRANSPORTING CHILDREN
Child passengers under 8 years old and under 4 feet 9 inches tall shall be transported using an approved child restraint system in compliance with Md. Code TR § 22-412.2(d).

Child passengers under 16 years old shall be transported in an approved child restraint system or with a seat belt in compliance with Md. Code TR § 22-412.2(e).

A child safety seat or seat belt may not be used to restrain, seat or position more than one individual at a time (Md. Code TR § 22-412.2(g)).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.
Seat Belts

TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Body Armor

PURPOSE AND SCOPE
This policy provides guidelines for the proper issuance, use, care and maintenance of body armor.

POLICY

Body armor shall be issued when an officer begins service at the Capitol Heights Police Department and shall be replaced when it becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

The Chief of Police may authorize issuance of body armor to uniformed, non-sworn members whose jobs may make wearing of body armor advisable.

USE
Generally, the required use of body armor is subject to the following:

(a) Members shall only wear department-approved body armor.

(b) Members shall wear body armor any time they are in a situation where they could reasonably be expected to take enforcement action.

(c) Members shall wear body armor when working in uniform or taking part in department range training.

(d) Members are not required to wear body armor when they are functioning primarily in an administrative or support capacity and would not reasonably be expected to take enforcement action.

(e) Officers may be excused from wearing body armor when they are involved in undercover or plainclothes work that a supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1. In those instances when body armor is not worn, officers should have reasonable access to their body armor.
**Body Armor**

**INSPECTION**
Supervisors should ensure through routine observation and periodic documented inspections that body armor is worn and maintained in accordance with this policy.

   1. Body armor should not be stored for an extended period of time in an area where environmental conditions (e.g., temperature, light, humidity) could potentially degrade its effectiveness.

(c) Members are responsible for the care and cleaning of their body armor pursuant to the manufacturer’s care instructions.
   1. Body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer.
   2. Failure to follow manufacturer’s care instructions may damage the ballistic performance capabilities of the body armor. If care instructions for the body armor cannot be located, the manufacturer should be contacted to request the instructions.

(d) Body armor should be replaced in accordance with the manufacturer’s recommended replacement schedule, or when its effectiveness or functionality has been compromised.

**RANGEMASTER RESPONSIBILITIES**
The responsibilities of the Range master include, but are not limited to:

This policy provides general guidance regarding the availability of meal periods and breaks.

POLICY
It is the policy of the Glenarden Police Department to provide meal periods and breaks to members of this department in accordance with applicable memorandums of understanding and collective bargaining agreements and the Town personnel manual.

MEAL PERIODS
Officers and dispatchers shall remain on-duty subject to call during meal periods. All other members are not on-call during meal periods unless directed otherwise by a supervisor.

Uniformed patrol and traffic officers shall request clearance from the dispatcher prior to taking a meal period. Uniformed officers shall take their meal periods within the Town limits and shall monitor the police radio, unless on assignment outside of the Town.

The time spent for the meal period shall not exceed the authorized time allowed.

BREAKS
Each member is entitled to a 15-minute break, near the midpoint, for each four-hour work period. Only one break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of a member’s shift unless approved by a supervisor.

Members normally assigned to the police facility shall remain at the police facility for their breaks. This does not prohibit them from taking a break away from the facility if they are on official business.

Members assigned to field duties will take their breaks in their assigned areas, subject to call, and shall monitor the police radio. When such members take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the dispatcher.
The policy of the Capitol Heights Police Department to provide, in compliance with the Fair Labor Standards Act (FLSA), reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for her infant nursing child up to one year after the child's birth (29 USC § 207).

**LACTATION BREAK TIME**

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member’s regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Members desiring to take a lactation break shall notify the dispatcher or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

**PRIVATE LOCATION**

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member’s work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.
Lactation Breaks

The Administration Lieutenant shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).
Overtime Compensation

PURPOSE AND SCOPE
This policy establishes guidelines and procedures regarding overtime for employees, in conformance with the Fair Labor Standards Act (FLSA) (29 USC § 201 et seq.).

POLICY
The Glenarden Police Department will compensate nonexempt employees who work authorized overtime either by payment of wages or by the accrual of compensatory time (29 CFR 553.22). Employees who are salary exempt from FLSA are not compensated for overtime worked.

COMPENSATION
Payment of wages to nonexempt employees for overtime, or accrual of compensatory time in lieu of compensation for overtime worked, shall be at the rate of not less than one and one-half hours for each hour of employment for which overtime compensation is required (29 USC § 207(k)(2); 29 USC § 207(o)(1)).

Short periods of overtime worked at the end of the normal duty day (e.g., less than one hour in duration) may be handled informally by an agreement between the supervisor and the employee. In such cases, the supervisor shall document the overtime worked and schedule a subsequent shift adjustment within the same work period that the overtime was worked, rather than submit a request for overtime payment (29 USC § 207(k)).

Salary exempt employees may be eligible for administrative leave, which may be granted at the discretion of the exempt employee’s immediate supervisor.

REQUESTS FOR OVERTIME COMPENSATION
EMPLOYEE RESPONSIBILITIES
Generally, no employee is authorized to work overtime without the prior approval of a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of the shift in which the overtime is worked.

Nonexempt employees shall:
(a) Obtain supervisory approval, verbal or written.
(b) Not work in excess of 16 hours, including regularly scheduled work time, overtime and extra-duty time, in any consecutive 24-hour time period without supervisory approval.
(c) Record the actual time worked in an overtime status using the department-approved form or method. Informal notations on reports, logs or other forms not approved for overtime recording are not acceptable.
(d) Submit the request for overtime compensation to their supervisors by the end of shift or no later than the next calendar day.
SUPERVISOR RESPONSIBILITIES
Supervisors shall:

(a) Prior to authorizing an employee to work overtime, evaluate the need for the overtime.

   1. Supervisors should not authorize any request to work overtime if the overtime would not be an appropriate use of department resources.

(b) Upon receipt of a request for overtime compensation, confirm that the overtime was authorized and then verify the actual time worked.

   1. Supervisors identifying any unauthorized overtime or discrepancy shall initiate an investigation consistent with the Personnel Complaints Policy.

(c) After verifying and approving the overtime amount, promptly forward the request for compensation to the employee’s Lieutenant for final approval.

   1. After the Lieutenant has authorized compensation, the request shall be submitted to Administration as soon as practicable.

Supervisors may not authorize or approve their own overtime.

1020.5 ACCOUNTING FOR PORTIONS OF AN HOUR
Authorized overtime work shall be accounted in the increments as listed:

1020.5.1 VARIATION IN TIME REPORTED
When two or more employees are assigned to the same activity, case or court trial, and the amount of time for which overtime compensation is requested varies among the officers, the Shift Supervisor or other approving supervisor may require each employee to include the reason for the variation on the overtime compensation request.

1020.6 REQUESTING USE OF COMPENSATORY TIME
Employees who have accrued compensatory time shall be allowed to use that time for time off within a reasonable period after making a request, if the request does not unduly disrupt department operations. Requests to use compensatory time will be submitted to the employee’s supervisor at least 24 hours in advance of its intended use. Supervisors may make exceptions in unusual or extraordinary circumstances. Compensatory time may not be used for time off for a date and time when the employee is required to appear in court on department-related matters. Supervisors shall not unreasonably deny employee requests to use compensatory time (29 CFR 553.25).

Work-Related Injury and Illness Reporting

PURPOSE AND SCOPE
The purpose of this policy is to provide guidance regarding timely reporting of work-related injuries and occupational illnesses.

DEFINITIONS
Definitions in this policy include:

**Work-related injury or illness** - Accidental personal injury or illness arising out of and in the course of employment (Md. Code LE § 9-101).

POLICY
The Glenarden Police Department will address work-related injuries and occupational illnesses appropriately, and will comply with applicable state workers’ compensation requirements (Md. Code LE § 9-101 et seq.).

RESPONSIBILITIES

**MEMBER RESPONSIBILITIES**
Any member sustaining any work-related injury or occupational illness shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate.

**SUPERVISOR RESPONSIBILITIES**
A supervisor learning of any work-related injury or occupational illness should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers’ compensation are completed and forwarded promptly (Md. Code LE § 9-707). Any related Town-wide injury- or illness-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and the Workplace Safety and Health policies apply and take additional action as required.

**LIEUTENANT RESPONSIBILITIES**
The Lieutenant who receives a report of a work-related injury or occupational illness should review the reports for accuracy and determine what additional action should be taken. The reports shall then be forwarded to the Chief of Police, the Town’s risk management entity, and the Administration Lieutenant to ensure any required Maryland Occupational Safety and Health (MOSH) Act reporting is made as required in the injury and illness prevention plan identified in the Workplace Safety and Health Policy.
Work-Related Injury and Illness Reporting

CHIEF OF POLICE RESPONSIBILITIES
The Chief of Police shall review and forward copies of the report to the Personnel Department. Copies of the report and related documents retained by the Department shall be filed in the member’s confidential medical file.

OTHER INJURY OR ILLNESS
Injuries and illnesses caused or occurring on-duty that do not qualify for workers’ compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Lieutenant through the chain of command and a copy sent to the Administration Lieutenant.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

SETTLEMENT OFFERS
When a member sustains a work-related injury or occupational illness that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to a work-related injury or occupational illness, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the Town to determine whether the offered settlement will affect any claim the Town may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the accident or injury, and to protect the Town's right of subrogation, while ensuring that the member's right to receive compensation for injuries is not affected.

**1023.5 RELIGIOUS ACCOMMODATION**

The religious beliefs and needs of department members should be reasonably accommodated. Requests for religious accommodation should generally be granted unless there is a compelling security or safety reason and denying the request is the least restrictive means available to ensure security or safety. The Chief of Police should be advised any time a request for religious accommodation is denied. Those who request to wear headscarves or simple head coverings, or certain hairstyles or facial hair for religious reasons should generally be accommodated absent unusual circumstances.

Temporary Modified-Duty Assignments

PURPOSE AND SCOPE
This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, Town rules or current collective bargaining agreements or memorandums of understanding. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

POLICY
Subject to operational considerations, the Glenarden Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

GENERAL CONSIDERATIONS
Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the Maryland Accessibility Code shall be treated equally, without regard to any preference for a work-related injury.

No position in the Glenarden Police Department shall be created or maintained as a temporary modified-duty assignment. Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee’s ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

PROCEDURE
Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.
**Temporary Modified-Duty Assignments**

Employees seeking a temporary modified-duty assignment should submit a written request to their Lieutenants or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

(a) An assessment of the nature and probable duration of the illness or injury.

(b) The prognosis for recovery.

(c) The nature and scope of limitations and/or work restrictions.

(d) A statement regarding any required workplace accommodations, mobility aids or medical devices.

(e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Lieutenant will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Personnel Department or the Town Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Shift Supervisor or Lieutenant, with notice to the Chief of Police.

**ACCOUNTABILITY**

Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee’s medical appointments, as mutually agreed upon with the Lieutenant.

**EMPLOYEE RESPONSIBILITIES**

The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

(a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.

(b) Promptly notifying their supervisors of any change in restrictions or limitations after each appointment with their treating medical professionals.

(c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.

(d) Submitting a written status report to the Lieutenant that contains a status update and anticipated date of return to full-duty when a temporary modified-duty assignment extends beyond 60 days.
SUPERVISOR RESPONSIBILITIES
The employee’s immediate supervisor shall monitor and manage the work schedule of those assigned to temporary modified-duty.

Temporary Modified-Duty Assignments:
(a) Periodically apprising the Lieutenant of the status and performance of employees assigned to temporary modified duty.
(b) Notifying the Lieutenant and ensuring that the required documentation facilitating a return to full duty is received from the employee.
(c) Ensuring that employees returning to full duty have completed any required training and certification.

MEDICAL EXAMINATIONS
Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations. The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

PREGNANCY
If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

REASONABLE ACCOMMODATION
An employee who is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition may request a reasonable accommodation including (Md. Code SG § 20-609):

- Changing job duties
- Changing work hours
- Being provided leave
- Being provided with mechanical or electrical aids
- Being transferred to less strenuous or less hazardous positions
- Relocation

The Department will explore all possible means of providing the reasonable accommodation and may require certification from the employee’s health care provider regarding the medical advisability of a reasonable accommodation. This certification will be to the same extent certification that is required for other temporary disabilities. The certification shall include:

- The date a reasonable accommodation is medically advisable
Temporary Modified-Duty Assignments
Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the Town’s personnel rules and regulations regarding family and medical care leave.

PROBATIONARY EMPLOYEES
Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to their assignment to temporary modified-duty.

MAINTENANCE OF CERTIFICATION AND TRAINING
Employees assigned to temporary modified-duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified-duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.
Performance History Audits

PURPOSE AND SCOPE
This policy provides guidance for the use of performance history audits. Performance history audits can help identify commendable performance as well as provide early recognition of training needs and other potential issues. This policy addresses the responsibilities, performance indicators and components of the audit, and handling of collected data.

POLICY
The Glenarden Police Department collects data to assist supervisors with evaluating the performance of their employees. While it is understood that the statistical compilation of data may be helpful to supervisors, the Department recognizes that it cannot account for, and must carefully balance such data with the many variables in law enforcement, such as:

- Ability to detect crime
- Work ethic
- Assignment and shift
- Physical abilities (ability to perform the job-related physical tasks)
- Randomness of events

RESPONSIBILITIES
Under the authority of the Administration Lieutenant, the Prince George County PD is responsible for collecting performance indicators and other relevant data. The data will be compiled to generate quarterly performance history audit reports that will be provided to the appropriate Lieutenant. The Prince George County PD will utilize confidential methods to compile and track information regarding performance indicators for each officer during each quarter in order to prepare the report. Though generated quarterly, each report should contain data from a one-year time period.

The Administration Lieutenant should forward a copy of each performance history audit report to the Town Attorney for review and retention as attorney work product and confidential personnel information.

COMPONENTS OF PERFORMANCE HISTORY AUDITS
Performance history audits should include the following components:

- Performance indicators
- Data analysis
- Employee review
- Follow-up monitoring
**Performance History Audits**

**PERFORMANCE INDICATORS**

Performance indicators represent the categories of employee performance activity that the Chief of Police has determined may be relevant data for the generation and analysis of performance history audits. These indicators may include, but are not limited to, the frequency and/or number of:

(a) Use of force incidents.

(b) Involvement and conduct during vehicle pursuits.

(c) Personnel complaints, including the findings.

(d) Commendations, compliments and awards from the Department and the public.

(e) Claims and civil suits related to the employee’s actions or alleged actions.

(f) Canine bite incidents.

(g) Personnel investigations.

(h) State’s Attorney case rejections and the reasons.

(i) Intentional or accidental firearm discharges (regardless of injury).

(j) Vehicle collisions.

(k) Missed court appearances.

(l) Documented counseling.

**DATA ANALYSIS**

The Administration Lieutenant will review each performance history audit report and determine whether it should be provided to the officer’s immediate supervisor for further consideration.

**EMPLOYEE REVIEW**

Upon receipt of a performance history audit report, the supervisor will carefully review the report with the officer to assess any potential trends or other issues that may warrant informal counseling, additional training or a recommendation for other action, including discipline. The officer shall date and sign the report and should be provided with a copy of the report upon request. If a supervisor determines that an officer’s performance warrants action beyond informal counseling, the supervisor shall advise the Lieutenant of such recommendation. If the Lieutenant concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.

If discipline or other adverse action is initiated against an officer as a result of a performance history audit, the officer shall be entitled to all rights and processes set forth in the Personnel Complaints Policy.

**FOLLOW-UP MONITORING**

Depending upon the results of each performance history audit, a determination should be made by the Administration Lieutenant, after discussion with the officer’s immediate supervisor, about the need, type and duration of any follow-up. Performance indicators and data analysis will generally provide the basis upon which such decisions should be made.
CONFIDENTIALITY OF DATA
Information, data and copies of material compiled to develop performance history audit reports shall be considered confidential as part of the employee’s personnel file and will not be subject to discovery or release, except as provided by law. Access to performance history audit reports will be governed under the same process as access to an officer’s personnel file, as outlined in the Personnel Records Policy.

Access to the underlying data will be governed by the process for access to the original records (such as police reports).

STATE REQUIREMENTS
Officers shall be provided the opportunity to review, sign, receive a copy of and comment in writing on adverse material before the Department places adverse material into the officer’s personnel file (Md. PS § 3-104).

1029.6 RETENTION
Performance history audit reports and associated records shall be retained in accordance with the established records retention schedule.
Employee Speech, Expression and Social Networking

PURPOSE AND SCOPE
This policy is intended to address issues associated with the use of social networking sites, and provides guidelines for the regulation and balancing of member speech and expression with the needs of the Glenarden Police Department.

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the Web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit a member from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, about matters of public concern, such as misconduct or corruption. Members are encouraged to consult with their supervisors regarding any questions arising from the application or potential application of this policy.

POLICY
Members of public entities occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of the Glenarden Police Department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that members of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Department will carefully balance the individual member’s rights against the needs and interests of the Department when exercising a reasonable degree of control over its members’ speech and expression.

SAFETY
Members should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Glenarden Police Department members, such as posting personal information in a public forum or posting a photograph taken with a GPS-enabled camera, can result in compromising a member’s home address or family ties. Members should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any member, a member’s family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:
Employee Speech, Expression and Social Networking

- Disclosing a photograph and name or address of an officer who is working undercover
- Disclosing the address of a fellow department member
- Otherwise disclosing where another officer can be located off-duty

PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the safety, performance and public-trust needs of the Glenarden Police Department, the following are prohibited unless the speech is otherwise protected (for example, a member speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Department or its members.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Department and tends to compromise or damage the mission, function, reputation or professionalism of the Department or its members. Examples may include:
   1. Statements that indicate disregard for the law or the state or U.S. Constitutions.
   2. Expression that demonstrates support for criminal activity.
   3. Participation in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the member as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the members of the Department (e.g., a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape).

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Department.

(f) Use or disclosure, through whatever means of any information, photograph, video or other recording obtained or accessible as a result of employment or appointment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.

(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Glenarden Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.
Members must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

**Employee Speech, Expression and Social Networking**

1030.4.1 Unauthorized Endorsements and Advertisements

While members are not restricted from engaging in the following activities as private citizens or as authorized members of recognized bargaining units or employee groups, members may not represent the Glenarden Police Department or identify themselves in any way that could be reasonably perceived as representing the Department in order to do any of the following, unless specifically authorized by the Chief of Police (Md. Code LG § 1-303; Md. Code LG § 1-304; Md. Code PS § 3-103; Md. Code SP § 2-304):

(a) Endorse, support, oppose or contradict any political campaign, political candidate or initiative

(c) Endorse, support, or oppose any product, service, company or other commercial entity.

(d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization, including as an authorized member of a recognized bargaining unit or an employee group, is affiliated with this department, the member shall give a specific disclaiming statement that any such speech or expression is not representative of the Glenarden Police Department.

Members retain their rights to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining units or employee groups, on political subjects and candidates at all times while off-duty. However, members may not use their official authority or influence to interfere with or affect the result of elections or nominations for office. Members are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

**Privacy Expectation**

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

However, the Department may not request or require that a member disclose any user name, password or other means for accessing a personal account or service through an electronic communications device (Md. Code LE § 3-712).
CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or the authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would reflect unfavorably upon the Department.

(e) Whether similar speech or conduct has been previously authorized.

(f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

TRAINING

Subject to available resources, the Department should provide training regarding the limitations on speech, expression and use of social networking to all members of the Department.
Workplace Safety and Health

PURPOSE AND SCOPE
The purpose of this policy is to establish an ongoing and effective plan to reduce the incidence of injury and illness for members of the Glenarden Police Department, in accordance with the requirements of Md. Code LE § 5-101 et seq., Md. Code LE § 5-206 and COMAR 09.12.20 et seq.

This policy specifically applies to illness and injury that results in lost time or that requires medical treatment beyond first aid. Although this policy provides the essential guidelines for a plan that reduces injury and illness, it may be supplemented by procedures outside the Policy Manual.

This policy does not supersede, but supplements any related Town-wide safety efforts.

The responsibilities of the Administration Lieutenant include, but are not limited to (Md. Code LE § 5-104; Md. Code LE § 5-206; Md. Code LE § 5-702; Md. Code LE § 5-703):

Workplace Safety and Health

Supervisors shall develop a form to document the safety and health training of each member. This form will include the member’s name or other identifier, training dates, type of training and training providers.

SUPERVISOR RESPONSIBILITIES

Supervisor responsibilities include, but are not limited to:

(a) Ensuring member compliance with injury and illness prevention guidelines and answering questions from members about this policy.

(b) Training, counseling, instructing or making informal verbal admonishments anytime safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Standards of Conduct Policy.

(d) Completing required forms and reports relating to injury and illness prevention; such forms and reports shall be submitted to the Administration Lieutenant.

5. Workplace conditions warrant an inspection.

HAZARDS

All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors) (Md. Code LE § 5-104(b)(2)).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or
remove all exposed members from the area or item, except those necessary to correct the existing condition. Members who are necessary to correct the hazardous condition shall be provided with the necessary protection. All significant actions taken and dates they are completed shall be documented on a MOSH-approved reporting form available on the Department of Labor and Licensing website. This form should be forwarded to the Administration Lieutenant via the chain of command.

The Administration Lieutenant will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

INSPECTIONS
Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment (Md. Code LE § 5-206(b)(2)).

The Administration Lieutenant shall ensure that the appropriate documentation is completed for each inspection.

1031.6.1 EQUIPMENT
Members are charged with daily vehicle inspections of their assigned vehicles and of their personal protective equipment (PPE) prior to working in the field. Members shall complete a MOSH-approved reporting form available on the Department of Labor and Licensing website if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

INVESTIGATIONS
Any member sustaining any work-related injury or illness, as well as any member who is involved in any accident or hazardous substance exposure while on-duty shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors (Md. Code LE § 5-206(b)(2)).

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

(a) A visit to the accident scene as soon as possible.
(b) An interview of the injured member and witnesses.
(c) An examination of the workplace for factors associated with the accident/exposure.
(d) Determination of the cause of the accident/exposure.

Additionally, the supervisor should proceed with the steps to report an on-duty injury, as required under the Work-Related Injury and Illness Reporting Policy, in conjunction with this investigation to avoid duplication and ensure timely reporting.

TRAINING
The Administration Lieutenant should work with the Training Coordinator to provide all members, including supervisors, with training on general and job-specific workplace safety and health practices. Training shall be provided (Md. Code LE § 5-206(b)(2)):

(a) To supervisors to familiarize them with the safety and health hazards to which members under their immediate direction and control may be exposed.

(b) To all members with respect to hazards specific to each member’s job assignment.

(c) To all members given new job assignments for which training has not previously been provided.

(d) Whenever new substances, processes, procedures or equipment are introduced to the workplace and represent a new hazard.

1031.9 RECORDS

Records and training documentation relating to injury and illness prevention will be maintained in accordance with the established records retention schedule.
Use of Force Continuum (300).pdf
The officer shall use only the amount of force that is objectively reasonable and necessary to control an individual, based upon the totality of circumstances known to the officer at the time of the incident. The goal of any use of force is control.

Resistance and response are dynamic. Lower levels of force do not need to be utilized when the subject’s actions suggest an elevated response (i.e. Tactical baton for Aggression, as identified above). Likewise, when a suspect’s resistance is lowered, or compliance is gained, the officer must immediately reduce their response appropriately.

This continuum is a training guide only and cannot take into consideration all circumstances that may confront an officer during a specific incident.
