What is the Comprehensive School Boundary Initiative?

The Comprehensive School Boundary Initiative will provide an impartial analysis of current school boundaries, feeder patterns and program locations and to develop, with community input, scenarios for adjustments in order to populate new and expanded school facilities and balance facility utilization throughout the County.

Boundary Initiative timeline

The Boundary Initiative process commenced in the Fall of 2020 and will conclude by February 2022. Potential boundary changes will be phased in beginning in School Year 2022-23.

- Phase 1 (October 2020-February 2021)
 - Data collection and analysis
 - Pre-scenario Stakeholder Engagement
 - Draft scenario development
- Phase 2 (March-February 2022)
 - Post-scenario stakeholder engagement
 - Final scenario development
 - Boundary change approval process
 - Boundary changes go into effect

1. Past and Future Growth
2. New Schools
3. School Consolidation

Draft Boundary Scenarios Explorer

The Comprehensive School Boundary Initiative is an effort to analyze current school boundaries, feeder patterns and program locations in PGCPS. Drawing on this analysis and insights from a thorough community engagement process, three draft boundary scenarios (or possible school boundary maps) were developed for consideration. These scenarios reflect possible options and are not approved changes. They will be refined based on community input and further analysis.
